### **Lindsay says**

I seriously love Riley and Travis.

I loved seeing them get married.

My only complaint is that Travis called her Doll. I don't remember that from Choose Us. She was Riley or Riles.

---

I don't know what the author's plans are, but I would love to see a book for Taylor and Travis's brother!

### **Aret says**

I enjoyed reading this final story of Travis and Riley. It was a short, sweet read of the final days before they get married.

I fell in love with Travis and Riley in Choose Us, which you need to read first, so seeing a little bit more of them and seeing it all come together made me feel complete.

Thank you Caylie for this final glimpse into the start of their married life, I loved it!

#### **Okay...**

I totally enjoyed the first book, Choose Us! After finishing it, I instantly bought the other two books Caylie wrote. I was excited this book was a continuation of Travis and Riley's story. Unfortunately, it just wasn't as good. I did laugh a few times and contentedly sighed at the sweetness of Travis towards Riley. It just wasn't as in-depth as the original. There wasn't the connection this time so it left me kinda wanting...more? Still looking forward to reading more of Caylie's work though!

It was like one super sweet epilogue. Loved it!

#### **Cute and sweet.**

Nice to have a little bit more in the lives of Riley and Travis, but will it ever be enough? Prolly not...

### **Cristina Martinez says**

Nice short story to wrap up "Choose Us". I did enjoy it, but not a lot of stuff happens. Happy with the ending!

---

### **Kirsten says**

Forever Us is a follow-up novella by Caylie Marcoe. She has beautifully the conclusion to the love story in Choose Us! Read this little gem - you will smile, laugh, and be happy you did!

### **Hilda says**

Having loved Riley and Travis' story, I was thrilled to find Caylie had written a bit of a sequel to Choose Us (see my review here). Our beloved bffs are back and they're getting hitched! So exciting. Okay, this is a lighter read with a lot of hot and steamy so if you're looking for a super-developed storyline, you will be disappointed. If you're looking for a short, hot and steamy read, this is right up your alley! I won't spoil what happens at Riley's bachelorette party but let me tell you how giddy I was when it did happen! This was a lovely read to wrap up an awesome story of two best friends who fell in love and ended up together. Enjoy!!

So happy to have read about their wedding. Thanks! <3

### **Rachael Heuseveldt says**

Quick Read - Definitely not as good as the first book. Mainly about Travis and Riley's engagement and wedding. A lot of sex scenes.

---

**Sara says**

This was super short and not much to it. It's basically the bachelorette party and the wedding. I would have liked to see a epilogue. And I would've liked to see more drama with Nicki.

**Beth says**

If you like Choose Us you will enjoy this short story. It's just enough without going overboard with details and drama. A wonderful short read.
