Enjoy an excerpt:

His smile started to twitch at the corners of his mouth, then grew wider before he spoke. "Does that mean you'll get naked with me when you come back?" He squeezed her ankle when she tried to kick him. She laughed out loud and put her head against the seat.

"When I was a kid, I didn't have enough money to go to the local fair...so, I crawled under the fence. Once I was inside, I ran into a girl from school who was leaving and she gave me her wrist band, you know, the thing you get when you pay and it lets you get on the rides all day. Anyway, I put that wrist band on and ran straight to the Ferris wheel ...which by the way, was my favorite ride. I tell ya, I must have rode that darn thing at least twenty times that day." She smiled, trying to stop her laughter at the memory. "So, if you can imagine that day then try to imagine this.." she scooted forward and put her chin on his shoulder, "I plan to ride you more than that Ferris wheel." She kissed his bare shoulder, then leaned back against the door.

Cora says

I'm glad she made a female friend, but it seems so odd to me that EVERY guy she is hired by wants to keep her (except Dante). I mean, does she have beer flavored nipples???

SandyL says

Ahhhh...Hawaii. And Kole! A big, sexy guy who has resorted to an escort after every girl he dates thinks he's ready to get married. Of course our resourceful Morgan realizes the problem right away and teaches Kole to be more spontaneous. And she makes a new friend (Angela) and plays matchmaker. Now I want to visit the islands!

JG ~ Jezabell Girl & Friends says

Oh my word, what a concept, and story premise!!!

Hawaii = Kole - my favourite so far!!!! I need to read more about Kole.

These books are a great infill for me in between other reads and book hangovers and I simply love their simplicity but ongoing story-line re-capturing the characters from previous books.

Give me more!!!

T thought they were well written, I could not put them down, I read all ten, reading book 11.

Gina says

First of all just book up the book for Hawaii. I would have been on the first flight ASAP... Morgan is sure going around the world. This book kinda showed a lot more of how she still a person deep down. She cares very easy for people, not coming from a big family and going to see a man who has a big family and huge heart. I loved this character very much just as much as Morgan does. He has an old spirit about him which is amazing. Morgan and her "friends" are just going to be an merry go round of up and downs but it's gonna be worth every bit

Laura says

Ahmed says

Cindy Caron says

Oh my! Morgan continues her adventures in Hawaii and finds herself a whole family of friends. Kole is adorable, and I'm hoping we hear more of him in the future. This is such a wonderful series. I am so excited to find out what happens in Brazil. This author has found the "drug of addictive writing". It is definitely the most fun series I have read yet. I look forward to reading them all. I think that Morgan will have left behind her, many broken hearts, throughout her travels, but I think that she is also finding a way to mend hers. I don't think think 5 stars is enough for this series.

Rachel says

Read in one day couldn't get enough!!! Love Kole he is the perfect man!!!!

Janey says

Continued to enjoy this series #5-10. Morgan is a great girl & learns more about herself as she meets more clients & leaves behind friends.

K3 says

Loving Morgan's fun adventures with these hot men. Such a fun, entertaining and sexy read! Very enjoyable!

Mary says

Kole is a very sweet Man that goes over board with women and wonders why they think he is madly in love with them. Morgan teaches him it is ok to be spontaneous, to just live in the moment. She gets to meet a wonderful family and decides she wants that some day. She now has a new friend in Angela and the Valki family. Kole has fallen a little more than he should and it will break Morgans heart. There are some funny moments and mishaps, of course with Morgan aboard they just do. We are off to Brazil. :)

Nancy H says

This one was just okay. I don't know if I am going to make it all the way around the world with this series. There are just some editing problems that detract, I think.

Ange says

Hawaii is the destination this time and Morgan meets Ange on the plane trip to Hawaii and they become the best of friends. While spending a few days solo before her work week begins, her client Kole Vaki, actually tries to pick her up and she ends up having to tell him who she really is.

Morgan's challenge this time is having to teach him how to woo women without scaring them off or giving them the wrong impression with his over enthusiastic romantic techniques. Morgan gains a huge family, via the Vaki clan, which warms her heart.

Kole is a sweetie and hung like a wooly mammoth taboot.

I really enjoyed this book. I loved that Morgan finally knows how family life should be and her breaking Kole of his dating "don'ts" was great too.
