## Jie says

I love HARRY styles

soo  
oooooooooooooooooooooooooooo much and when I go to the read button I can't read the books I just look at  
what it about is it can i search a book and then read it

## Fatma Al fannah says

It is AWeeeeeeeeeeeeeeeeeeeeeeeeeeeeeeeeeeeeesomeeeeeeeeeeeeeeeeeeeee

## Deanna says

I have this book and most of the facts are false and also Louis is mine!!!

## Mockingjay4421ncis says

Most of the facts were incorrect...It was also like a first grade book, and I felt embarrassed to read it, but I couldn't help myself... I guess it was overall okay, though.

## Sophia Gooding says

I read One Direction straight to the top by Riley Books. The genre of this book was non fiction because it talked about real characters and events. This book was about the members of one direction. It told about how they made there way to the top of the charts. I rated this book 4 stars because it was kinda boring

## Lexi Lokeni says

I love One Direction so it was really cool reading about some of the things they felt on the X-Factor! I thought it was really awesome being able to read about how they started and what they were doing before they became famous and before the X-Factor! It was really good! Gotta love them boys!

**Noor says**

I liked this book because it told me all about the One Direction band members, and taught me things about them that I never knew. I would recommend this book because it's informational and tells you about One Direction, starting at the very beginning.

**Ann Williams says**

One Direction is so popular that when I saw this biography by Riley Brooks, I just had to have it. It was well written and just right for fall 4th graders. Although Liv is a HUGE fan of 1D, I didn't know that much about the band, so this was a great place to start. If you like 1D or just want to learn about one of the most popular boy bands in America and the U.K., then this is the book for you. I promise to share it, cross my heart!
