## Propiedad privada Joanna Wylde

Lo último que necesita Marie es una complicación como Horse. Un motero enorme y tatuado, un macarra que aparece una tarde por casa de su hermano. Sin embargo, Horse no está de acuerdo: la quiere en su moto y en su cama. Ahora.

Pero Marie acaba de dejar al gilipollas de su ex marido, un maltratador, y no está para pensar en hombres.

Horse es miembro del Reapers Moto Club, un hombre acostumbrado a conseguir lo que quiere. Y quiere a Marie. Pero ella no está dispuesta a convertirse en la «propiedad» de nadie. Sin embargo, cuando su hermano roba al club se verá forzada a ofrecerse como garantía para salvarle la vida.

## From Reader Review Propiedad privada for online ebook

**Dd says**

Hola Readers!

**WELCOME TO THE REAPER'S MOTORCYCLE CLUB.**

*Watch out!!! They are the.....*

B.O.S.S

*Real badasses!!!*

*So take my advice and don't fuck with them.*

**'COZ.THEY.FUCK.BACK.HARDER!**

So cross them only if you have a....

DEATH WISH!

**NOW,WHAT A REAPER TELLS HIS WOMAN.....**

Me caveman \*\*grunt\*\*

You mine \*\*grunt\*\*

His woman is his **property**.No one else will dare look at her or touch her.

So,the women have to wear a leather patch announcing that they are a property of so and so.

Actually it's a sign announcing....

So and so's property.

*Their women know their place.*

*Now,calm down sisters!! Because that's only what it appears from outside!!*

**IN REALITY.....**

They are badasses until it comes to their women.

*When it comes to the matter of women they love, they are.....*

Wrapped around their fingers.

For the whole world women are their property and know their place, but something like this is the real scene.....

*Some men say that women belong to the kitchen. Just remember that is where the knives are.*

Yeah, their women do know their place!!

**So Readers, such is the Reaper's MC!!**

---

**But grab your hats, because when I say that this Horse (our hero) is hung like one.....ahm!!**

\*\*Psst\*\* He really is.

**Well I hope you get my point!!**

Now let me introduce introduce **Marie**....

Our naive and beautiful heroine Marie (also very hard-headed) has just left her abusive and cheating husband. She starts living with her brother Jeff and takes a small job at a daycare. She's enjoying some peace after a long time when.....

**THE REAPER'S ARRIVE!!**

*'It was the one in the middle who really caught my attention. The man was big. I don't just mean tall (which he was - he had to be nearly six and a half feet compared to my petite five foot four) but large. Broad shoulders, muscular arms with tattooed tribal cuffs around his wrists and biceps. I'd bet I couldn't put my two hands around those arms, and thick thighs I wanted to squeeze....and maybe lick.'*

**Annnnnd it begins!!**

Marie's brother Jeff is in some kind of a business with the Reapers. No one will tell her what it is. Meanwhile sparks have been flying between her and Horse. No matter how much she tells herself to stay away from him, she can't.

**How can she when he has the bad habit of giving her the most mind-blowing, spectacular orgasms???**

Their relationship is like a roller-coaster. Keeps going up and down.

And then during a particular down time, Jeff steals from the Reapers.

*And then everything goes to hell.....*

Readers, though it won't be considered a spoiler if I tell you what happens next, but still, I want you to experience the blast for yourself.

*"I don't give a damn if you never wear panties again, but I know women are weird about that. Here's the compromise. I'm gonna buy you new shit, but only shit I like. You're gonna wear it until I pull it off to fuck you. Everyone wins."*

*"Someday," he whispered softly in my ear. "I don't want to hurt you. Not until you're ready for me... But someday I'm going to own all of you, Marie. You're all mine, babe. Knew it the first time I saw you. Couldn't give you up if I tried."*

*"Fuck, this is gonna piss you off and then you aren't gonna let me stick my dick in you," he muttered.*

*"Do you have to be so crude?" I snapped.*

*"Have you met me?"*

**KABOOOM.....**

Oh yeah!!!

So, enjoy the heat level, specially in this winter!!

*"I've never ridden a bike before."*

*Horse leaned over and gave me a quick kiss on the mouth.*

*"Lookin' forward to being your first, babe."*

**Then go!!What are you waiting for??**

**Ride away with Horse, Readers.**

**Ta-Ta!**

---

## Baba says

\*\*\*\*\*WOOT! I just saw that Reaper's Property is the 500th book that I have rated on GR!\*\*\*\*\*

4 yummy stars.

After leaving her abusive and cheating husband, Marie is living with her brother in a trailer. Jeff is working for the Reapers, a motorcycle club. Marie and Horse kind of hook up when Horse and his brothers are visiting Jeff to discuss business. Later on, Horse offers Marie an exclusive relationship with him; he wanted her to be his *old lady*, but she refused flat out and on top of that, she even insulted him and hurt his feelings. Marie totally blew him off and they stopped talking and things went downhill. Our heroine got drunk, sent him a bunch of stupid texts and from there on things fell really apart. Now back to dear ole Jeff who has gotten himself into real trouble...

*"Why don't I buy her?" Horse said. Everyone turned to look at him, startled. "I'll buy Marie from the club, and we give Jensen another shot. Fifty grand, outta my pocket and into the club account. We wait and see if Jensen comes up with the money and interest. He does, I get paid back, the club makes a profit. He doesn't, it's on me."*

When Marie found the Reapers holding a gun to her brother's head she did accept Horse's "offer" that if she would go with him they would give Jeff another chance to put things right. Unfortunately though, our innocent heroine is clueless and she is so in for it.

"You do this, it's your choice. I'm not raping you. You're making a decision to pay for your brother's mistake on your back. You get me?"(...)

"I'm serious," Horse said, glaring at me. "You call it off any time you want. I'm not gonna lock you up and watch you every minute. You make this deal, it's up to you to keep it. (...)"

When I turned to him, shaky, he gave me a smile that didn't reach his eyes. Then he slowly and deliberately lifted his fingers, licking off my juices.

"Don't care how good you taste, you don't call the shots," he whispered. "We clear?"

"Your rules," I whispered back. "Or I leave. And what happens if I do?"

"To you?" he said. "Nothing. You're with me of your own free will. But the club has to be paid in blood, Marie, not even I control that. Don't forget."

"Next time you want to play with your pretty pink toy, you do it while I'm watching. If you're a good girl, I'll let you wear the tee. Got it?"

"This pussy," he said, fingering me. I moaned in response, ashamed at how easily he made me wet. "This pussy is mine. You are mine. I'll fuck you when and where I want, and you can

either take it or get the fuck out. Are we clear?"

Marie had fallen into a new, strange, and unknown world where people didn't follow the rules. They live in a different world with different rules. That's the reality in the MC world. To top it all off, it's a very sexist world. But instead of feeling horrified at what she was seeing and experiencing, Marie actually "liked" her new life. Horse wanted to claim Marie and he didn't want to share her with his brothers. Claiming a woman, branding her as his property meant that she would be untouchable.

"A man takes a woman, means to keep her, she becomes his property," Horse continued. "We covered that before--it's a sign of commitment, of respect. It means he'll protect her and everyone else better keep their fucking hands off her or be ready to fight him and his brothers. You do not want to fuck with a man's old lady."

I really enjoyed Reaper's Property. Who does not love a very tall, built, tattooed, possessive, handsome biker hero with long hair? The hero is called Horse because he is hung like a...

Gee, Baba, who would have guessed?

*"No shit. Honestly, it's about accuracy, not size, babe." "Did I seriously just hear you, (view spoiler) "Horse" (view spoiler) tell me it's not about size?"*

And let's just get it out of the way: Reaper's Property is not a KA copy. There are very few quotes that are similar to KA speech but that's about it.

There's plenty of explicit sex and you are getting your money's worth, that's for sure. While the sex scenes are well-written and steamy, some are a bit rough but nothing OTT. Also, there are a few voyeuristic as well as public scenes included.

"Just roll with it," he whispered. "And keep doing whatever exercises you do to make your cunt squeeze like that. They got a college degree for that?"

Granted, the hero had a couple of asshat moments to work through and that was mainly Marie's fault. On the other hand I was pleased to see how sweet, tender, and caring Horse could be. In all fairness I have to say that Horse saying offensive things was understandable and he redeemed himself along the way. Even though I love to read about this lifestyle I'm very sure it would never work out for me in real life. All this archaic behavior is so not for me and I'm certainly not into illegal stuff either. Nobody is going to own me, nobody is going to tell me when and where I have to spread my legs and nobody is telling me what I have to do in the house. Nope. It would not suit me at all. All things considered though, I can understand why it would appeal to other people women. Still, it's always too romanticized in books but I think it's all right. Horse is a good example why I love to read about a badass biker hero. Let's just have a good time!

### **What didn't quite work for me**

The timeframe hopping was **irritating**. Furthermore, I found it rather stupid when Marie asked (view spoiler)

Once again we have a lack of communication and/or miscommunication. To be honest, it's becoming a little pet peeve of mine. Marie really annoyed me when she was jumping to conclusions instead of addressing her issues.

Finally, the epilogue was a little bit too saccharine for my liking even though I loved Horse's (view spoiler)

*Reaper's Property* is not without flaws, but overall it's a very entertaining read. One thing's for sure, there's never a dull moment to be found. Plenty of colorful characters, hot sex, some nice action, and little bit of drama kicked some serious ass! If you don't mind to read about sexist behavior and men who make their own rules in life then give it a try. And last but not least the hero is so darn ~~likeable~~- likable.

"Love you, babe. Are you still planning to shoot me?"

---

***Recommended to readers who loved Kristen Ashley's *Motorcycle Man*. Also, those readers who didn't particularly like Madeline Sheehan's *Undeniable* might enjoy *Reaper's Property* because it's much tamer than *Undeniable* and there is no (view spoiler)***

---

**Sharon ☠ is an emotional book junkie ☠ says**

**ETA: 3/8 - Horse's POV short: [http://totallybookedblog.com/2013/03/...](http://totallybookedblog.com/2013/03/)**

Kudos to Joanna Wylde for coming up with a name like "Horse" for her bad@ss Alpha motorcycle male!

Who could resist? I sure couldn't...and to set you up, here's how I see the infamous Horse:

Phewww...okay, back to the story (if I can focus!)...

Horse sees girl.

Horse wants girl.

Horse takes girl.

The end.

Well, almost but no, really, that is it essentially with a few major drama scenes and *whooo hooo* steamy sex scenes. Hey, he wasn't nicknamed Horse for nothing!! And he's very proud of himself for living up to that.

I really enjoy these type of books that have scenes that take you past your comfort zone and while this one wasn't as intense as *Undeniable* (by Madeline Sheehan), it still managed to hook me and I could not put it down.

I love reading about two people that just seem right for each other but there's some reason it's hard for them to get together. Understandably, Marie is not from the motorcycle gang lifestyle and she is really oblivious! There are some really funny scenes where she just doesn't get it but it also endears her to you. I like that she put herself out there and tried to acclimate to their environment and for the most part, she learned and grew. However, there was a part at the end, where she didn't learn. Granted, it made for some good drama but it did seem a bit out of character.

Back to Horse...the one problem I had is that I never got why he wanted Marie so much and why he fell in love with her. I get that he thought she was hot (especially with a gun!), he liked her cooking and fighting with her but I was hoping that we would get more of the why especially with having his POV. (which was fantastic!) I also loved that Horse was more than just a sex machine but that he had a good mind and was the accountant for the club. (The dummy ledgers were perfect!!)

And I loved all the drama. It's always great seeing the Alpha male get jealous as well as the heroine. I'm glad that JW reined things in though and she just pushed things a bit.

There are a lot of other great characters. I really loved the relationship between Marie and Jeff (her brother). I wished things would have worked out differently. And thank goodness for the other "old ladies" taking care of Marie...she really needed them. There are a plethora of characters that JW could keep on writing about and I wouldn't mind at all. In fact, I would LOVE it. Here's to more Reapers!

Favorite quotes:

♥ Horse: *What you wearing?*

*Me: Nothing. Working on tan all over*

*Horse: !!!! You f\*cking me????*

*Me: LOL I'm wearing a tee and shorts :->*

♥ "Just 'cause I'm the picture of manly perfection doesn't mean I don't have a brain."

♥ “Jerk.”

“Hot piece of @ss.”

“Don’t call me that!”

“I was referring to myself,” he replied.

♥ “Nope, not Jesus, just a man,” Horse whispered. “Although when women see my dick for the first time, they’ve been known to fall down on their knees and worship me.”

♥ “Just say it,” I burst out, glaring back at him. “Don’t make me get my gun.”

“F\*ck, am I ever going to live that down?” he asked, shaking his head. “You know they’re calling me your b\*tch at the armory now, does that make you happy?”

---

### **Jessica's Totally Over The Top Book Obsession says**

#### **5 Wow this was my first MC book and I am Hooked Stars!!!!**

Ok where to start Wow just wow... I loved this book It starts out with Marie who had just left her abusive piece of crap husband she moves into her brother and mom's trailer (P.S. mom is in jail). Her brother a loser stoner is working for the Reapers MC. That is how Marie meets Horse in a so damn funny true trailer trash way. She is laying out on table outside in a swimsuit top while pour some sugar on me is blastin with the MC pull up.

**"It didn't occur to me that I was glistening with sweat and wearing a bikini top until they turned off the bikes, pulled off their helmets and turned to scope me out. To make my own personal cliché perfect, Def Leppard's Pour Some Sugar On Me blasted through the radio. I winced – I must look like a white-trash princess from hell, basking outside my trailer in a bikini to outdated butt rock."**

Horse: OMG The shit he says one minute I was laughin my ass off the next I was wanting to choke him out, but he was all sexy bad ass hardcore biker. He was funny and crude and it so worked for me.....

**“Nope, not Jesus, just a man,” Horse whispered. “Although when women see my dick for the first time, they’ve been known to fall down on their knees and worship me.”**

**“Fuck, this is gonna piss you off and then you aren’t gonna let me stick my dick in you,” he muttered.**

**“Do you have to be so crude?” I snapped.**

**“Have you met me?”**

**“Who says I’d let you do it anyway?”**

**“Babe,” he replied in a low, rough voice, raising his eyebrow at me.”**

**“Marie Caroline Jensen, will you do me the honor of being my permanent bitch?”**  
**I smacked him on the side of his head as he burst out laughing**

Marie: Ok Marie wasn't super awesome she was ok, but most of the time I wanted to shake her... She had her good points, but most of the time she was a silly bitch..

So Marie's stupid loser stoner brother steals from the reapers and horse uses that to get Marie I don't wanna give away the whole story, but it was damn good. Tons of action, hott sex, and bad boys.....

**“Gonna fuck you now.”**

**“Sure,” I whispered, dazed. “Not sure I’m gonna be able to participate too much, think you blew a circuit or something.”**

**“Ruger’s in there too. Hands covered in blood so they arrested him. He had to tackle your girl to get the gun away from her. She’d gone all Pulp Fiction on us, ready to defend you by killing all of us if she had to. Crouched over your body like Wonder Woman. Gives me a boner just thinking about it.”**

**“You’re a pig,” I whispered back. “You know that, right?”**

**“So far bein’ a pig works for me, babe,” he said. “Gotta go now. Check out the college. Hit the clinic and get some pills. Don’t call your brother. Cook something fuckin’ great for dinner and don’t wear any panties. That’s all I ask.”**

**“Okay, I’ll go check it out,” I said slowly. “This is weird, you get that? You kidnapping me, holding me hostage and then sending me to school? This isn’t how things like this usually work.”**

**Horse grinned at me, eyes lazy and satisfied.**

**“Just roll with it,” he whispered. “And keep doing whatever exercises you do to make your cunt squeeze like that. They got a college degree for that?”**

So if you have not read this book you so should.... Damn good book :)

**UniquelyMoi ~ BlithelyBookish says**

*Reaper's Property* is, from what I understand, the start to a new series centering on the Reapers Motorcycle Club. It's an exciting, gritty, sexy story, one I enjoyed, start to finish.

*From the cover:*

Marie doesn't need a complication like Horse. The massive, tattooed, badass biker who shows up at her brother's house one afternoon doesn't agree. He wants Marie on his bike and in his bed. Now.

But Marie just left her abusive jerk of an ex-husband and she's not looking for a new man. Especially one like Horse—she doesn't know his real name or where he lives, she's ninety percent certain he's a criminal and that the “business” he talks with her brother isn't website design. She needs him out of her life, which would be a snap if he'd just stop giving her mind-blowing orgasms.

Horse is part of the Reapers Motorcycle Club, and when he wants something, he takes it. What he wants is Marie, but she's not interested in becoming “property of”.

Then her brother steals from the club. Marie can save him by giving Horse what he wants—at home, in public, on his bike... If she's a very, very good girl, she'll get lots more of those orgasms only he can offer, and he'll let her brother live.

Maybe.

I've seen a lot of rave reviews for this book, comparing it to Kristen Ashley's writing, so being the KA Addict I am, I just had to see what all the hype was about. The story starts out strong, grabbed hold and kept me turning the pages as, in flashbacks, we're given the details that lead up to where the story begins – in Jeff and Marie's living room, Jeff on his knees with a gun held to his head by a bad-ass biker.

I enjoyed the writing, and I enjoyed the plot, but I felt like there were some holes, things I needed to know about to truly feel like the story was resolved, and to accept Horse and Marie's *happily ever after*.

I'll break it down. These are serious spoilers, so DO NOT CLICK unless you've read the book.

(view spoiler)

And a side note: Because I keep hearing the Kristen Ashley comparisons, I want to add my 2 cents. This is just my opinion but, apart from edgy bad-ass biker dudes, I didn't see much similarity to Kristen Ashley's writing. Their writing style is different, the way they tell the story is different... the similarities – again, just my opinion – are only found in the plot props - the harsh world of a motorcycle club.

So yeah... while I *really* enjoyed *Reaper's Property*, there are just too many questions left in my mind to give me that 'wrapped up nice and tidy' feeling I like in my books. But make no mistakes, the writing is good, the world this author has created is exciting, the characters are bad-ass alpha males and I adored them. Ms. Wylde is a talented writer and I'm definitely looking forward to reading more in this series.

3.5/5 stars

---

## Auntee says

### Reading once more...there's a lot I forgot

I don't think I'm destined to write a review for this one because...\*big sigh\*...the power just went off for 30 minutes (on the coldest night of the year)...but now that it's back on I guess I'll make an attempt to get my thoughts on paper.

If I could sum up this story in one sentence I'd say something like... "***Ohh, mama!***"

I was urged to read this one by my GR friends because of its similarity to Kristen Ashley's *Motorcycle Man*. And yes, there are some similarities: both heroes are members of motorcycle clubs; both heroes are big bad alphas; both heroes are highly sexual; both heroes are blunt, sexy, dirty talkers. Both stories are told in first person from the heroine's POV, *although **Reaper's Property*** is also told in third person and we get to hear the hero's thoughts (which I appreciated).

*Our hero, "Horse" (as in "hung-like-a"...)*

But there are differences. **Reaper's** is much darker in tone; the hero is darker, he's into illegal/shady stuff (although exactly what is not spelled out--it's "club business" whenever the heroine asks questions--meaning MYOB). **Reaper's** doesn't go into as much detail as a KA novel--it's much faster paced and dare I say the editing is better. This fast pace made it hard to put down--there really wasn't a good place to stop reading! But enough about the comparisons.

I really enjoyed reading this. At first I was a little put off by just how bold and dirty talkin' the hero was. Some of the things he said were just so audacious...but then I had to laugh! I really enjoyed the relationship between 30 yr. old, former Marine Horse (yeah, that's his name, and for the obvious reason) and Marie (given the nickname "Sweet butt", which she hated). If you can get past a hero named "Horse" (really, I wish the heroine would've referred to him by his given name--Marcus) which is really kind of ridiculous (maybe he's a distant relative of "The Cannon" from *Devil's Pact*?)...but I digress.

Anyway, here's just a sample of some of the Neanderthal things Horse utters (just to get the heroine all riled up):

***"Your brother's lucky, because I wanna stick my dick in you more than I wanna kill him. Otherwise this wouldn't be worth the trouble."***

***"This pussy," Horse said, fingering her roughly. "This pussy is mine. You are mine. I'll f\*\*\* you when and where I want, and you can either take it or get the f\*\*\* out. Are we clear?"***

***"I told you before, this is my pussy," he continued, softly but with a hint of threat too. "If\*\*\* you, nobody else does. Which hole I f\*\*\* is up for negotiation."***

Yes, Horse can be a real badass, but believe it or not, he does have a softer, vulnerable, kind of sweet side. I

don't think I would've enjoyed this one much if I didn't see evidence of this side. I guess I can admit that I found him (and the whole Reaper's world) kind of fascinating...even though there's no way on God's green earth I could *ever* imagine myself living that life!

I enjoyed Marie too. I like how she stood up to Horse; I loved how passionate they were together--they certainly did everything with a passion. They loved hard, they argued hard. I'm sure they never had a boring day in their whole relationship. Marie was a little young and she made some mistakes in life (maybe she trusted her skeezy brother a little too much, but she was loyal to the core to him), but I think she learned from her mistakes and was on her way to being a more mature, grounded person.

There were some things I would've liked the author to include. Just a little more about Horse's background (although I did appreciate the little backstory about his time in the Marines; and the interaction with his sister). There were some dangling threads--(view spoiler) These were just minor quibbles though. This story really kept me turning the pages. Between the outrageousness of the storyline and the wild and crazy relationship between Horse and Marie, I found I just couldn't get enough. I laughed, I gasped, I smiled. I shook my head a time or two; I even teared up near the end. If you're looking for a story with *plenty* of hot, any-which-way-you-can sex, plenty of crazy action, a H/h who live life passionately, and enough detail and inventive storytelling to keep you turning the pages, then give this book a try. I dare you not to fall just *a little* in love with Horse and Marie...I know that I did! (view spoiler) Aww... 4 1/2 stars

*Warning: This book contains explicit sex (including oral and anal); near public sex; graphic language; a dirty-talkin' hero; and violence. Not for the faint of heart.*

---

**.Lili. says**

### **I LOVE THIS FREAKING BOOK**

**This book is impossible to write a review for so I'll just tell you what I felt when reading it.**

**As soon as Horse opened his mouth I thought:**

**As soon as Horse opened his mouth I:**

**The things Horse would do to Marie made me feel:**

**And think:**

**And then I'd laugh some more-**

**This book made me so happy!**

If you're wondering whether the book is worth the \$7 bucks- I'll put it this way: I actually got this on loan but I'm pretty sure I'll end up buying it because I enjoyed it that much!

**Blacky \*Romance Addict\* says**

**Horse is in the house!**

**And he's badass! He's big! He's rough! He's a biker! He's a jerk most of the time!**

**And he's best known for...**

*“Oh my god...”*

*It was huge. I mean, huge. Not just long, but thick and hard and flushed bright red so it looked almost angry. It curved up, wider in the center of the shaft before narrowing under the ridge of his head.*

...

*“Told you why they call me Horse,” he said. I dragged my eyes away to look at his face, reading satisfaction mixed with his desire.*

*“They make condoms that big?” I asked, halfway serious.*

*“You’d be surprised,” he muttered.*

**I heard the song yesterday and KNEW I had to make a remix for Horse :D**

**Britney Spears—Toxic**

**BLACKY - MASSIVE**

Horsey, can't you see  
I'm ridin'  
A guy like you  
Should wear a warning  
It's dangerous  
I'm screamin'

There's no escape  
I can't wait  
I need a f\*ck  
Baby, give me it  
You're dangerous  
I'm lovin' it

Too big  
Can't go down  
But you push  
And spin 'round and 'round  
Oh I feel you now

With the size of your d\*ck  
I'm on a ride  
You're massive but slipping in me  
With a taste of your horsey paradise  
I'm addicted to you  
Don't you know that you're massive?  
And I love what you do  
Don't you know that you're massive?

Britney, I think my version is better!

**I loved this book so much, it was beyond awesome <3**

**I laughed like crazy at almost everything Horse said, and swooned at the tiniest signs of affection from him <3 I just love the man so much, it isn't normal!!!! He's definitely an epic character!**  
**He's HARD, ALL THE TIME!!!!!! He's a jerk to Marie almost all the time, but I loved every jerkish second of it! I know that's not normal but I can't help it!**

**And his massive epic erection! No words for that! I mean, the man isn't called Horse for nothing!**

**I know this will be a sh\*tty review, but I just don't know what to write about the story or the characters unless it's something like: READ IT!!!!!!!**

**Loved it all, even Marie :D And Horse's POV! I died and went to Heaven!**

**The ENDING!! OMG, one of the best endingd/epilogues EVER! Seriously amazing, I was laughing and swooning and it was just PERFECT!!!**

**So here are a bunch of quotes I loved, and laughed about, just awesome :DDD**

**Meet Horse:**

*"Horse was dangerous. I could smell it on him. Seriously. Under the delicious scent of leather, light sweat and man was a pungent strain of pure trouble."*

*"This pussy is mine. You are mine. I'll fuck you when and where I want, and you can either take it or get the fuck out. Are we clear?"*

*"I can get laid whenever I want, I don't have to drive four hundred miles round trip to get off. Women see the bike, they see the tats and the cut, they're all over that shit."*

*“Let’s get a couple of things clear,” he said. “We’re not going to hurt you, Marie.” “You aren’t?” she asked, and the surprise in her eyes stabbed right through him. She thought he’d hurt her, like her asshat ex, Gary. Might as well call him a monster.*

*“Nope, not Jesus, just a man,” Horse whispered. “Although when women see my dick for the first time, they’ve been known to fall down on their knees and worship me.”*

**I can't tell you how much I loved this and how much fun I had reading this book. It's just amazing!**

(couldn't help it, have to have this gif in here :D)

**Vika aka ? of GIF & Grumpy Smut-ateer \*P/T Freebie Fairy says**

2nd time Read & Review **Feb 17, 2013**

## **IT'S OVER??? AGAIN?!!**

Well what can I say about this book. It's awesome! It's crude, it's rude, it's rough and it's totally panty melting hot. Second time around I read this with my girls and it was just as good. I get it's it's a hardcore biker story and not for everyone.

### Meet Horse:

A hot ass, rough, biker who want a clueless Marie. Getting introduced to biker life is a shock to Marie's system. She resists, she objects, she insults with her rejection to be an old lady (stupid girl) but in the end she has no choice. Her brother is 50 thousand in debt with Horse's MC, to save his life Marie agrees to be Horse's um... house mouse w/benefit... or is she?

*“This is weird, you get that? You kidnapping me, holding me hostage and then sending me to school?*

As she gets to know the true life of being a biker's old lady she realizes what a big mistake she made rejecting Horse, but thankfully there are always 2nd chances.

*“I want you to be my old lady, babe. That’s all I have to offer. I’m a Reaper, and this is my world. You wear my patch, you be my woman and I’ll be your man. We take the good times together and fight through the bad times. No games. That’s everything I’ve got and it’s all yours if you’ll take it.”*

It's quite an entertaining story as Marie navigates life in a clubhouse and having to deal with no filter Horse. There is a crazy support team of old ladies that remind me so much of Kristen Ashley's Rock Chick Posse.

I got my wish come true on more of this series :)

### Crazy shit that made me LOL:

*...But part of me wondered if Horse had come back. You know which part—that little nub between my legs, the bitch.*

*“Fuck, this is gonna piss you off and then you aren’t gonna let me stick my dick in you,” he muttered.*

*“Do you have to be so crude?” I snapped.*

*“Have you met me?”*

*His dick approved. It wanted to squeeze between those boobs and shoot out a pretty pearl necklace for her to wear.*

*I wanted to bite him and lick him and kick him in the nuts all at the same time.*

*“But are you sure it’s big enough? Those are really tiny little bullets, Horse. If I’m gonna be a badass biker chick, shouldn’t I have a bigger gun?”*

*“A .22 was big enough to kill Bobby Kennedy,” he replied, and I stopped smiling and raised my brows.*

*“Damn.”*

*“No shit. Honestly, it’s about accuracy, not size, babe.”*

*“Did I seriously just hear you, Marcus “Horse” McDonnell, tell me it’s not about size?”*

*She’d gone all Pulp Fiction on us, ready to defend you by killing all of us if she had to. Crouched over your body like Wonder Woman. Gives me a boner just thinking about it.”*

*“Marie Caroline Jensen, will you do me the honor of being my permanent bitch?”*

ALL RIGHT THEN... MY WORK HERE IS DONE

~\*~\*~\*~\*~\*~\*~\*~\*~\*~\*~\*~\*~\*~\*~\*~

1st time Read & Review **Jan 19, 2013**

## **GIMME A MOMENT TO RE-HYDRATE AFTER SALIVATING SO MUCH OVER THIS MAN**

I could not resist and went ahead and read this ahead of time. I swear Jamie I will sooooo re-read this with you.

I will reserve writing my review for the re-read time...

However, I loved loved the book. Totally worth the \$7 and it definitely hit the spot for my biker craving.

Hope this will turn into a series. \*\*\*HINT, HINT JOANNA\*\*\*

---

### **Khadidja says**

Absolutely brilliant I loved it :D, Dangerous and incredibly hot! I'm so hooked for the next story. This was awesome :D !

Reaper's property got the full package: Action, suspense, Alpha male/jerk, Motorcycle Club (It's a disgusting world), love/hate relationship, Family, trust, anger issues. what i didn't like was the cheating part, i really do hate cheaters but the asshole a kick ass comeback so he convinced me ... somehow, Marie didn't like Horse (Yeah that's his street name, Cause he's hung like one Lol, his words not mine) at first but she sure as hell wanted him, It was funny to read about these two polar opposites characters and how they managed to come to terms with each other, then take their relationship to a whole new level( HEA: Marriage), this book was a total page turner, i enjoyed every second of it and here are my favorite quotes

**“Marie's drunk texts:**

**Marie: Horse, muss yu**

**Marie: Why dont anser?**

**Marie: Horse like yur name. Horsey. I'd like to rid u horsey, LOL. You sleeping? Or busy with someone?**

**Marie: I know yur there. I bet you got a new gurl alredy. Screw you.**

**Marie: Screw you and your slut. I hate you. Take yur club and shove it up yur ass I wudn't be yoor old lady for ten milion dollrs.”**

**“Fuck, this is gonna piss you off and then you aren't gonna let me stick my dick in you,” he muttered.”**

**“Marie Caroline Jensen, will you do me the honor of being my permanent bitch?”**

---

## Stacia (the 2010 club) says

### **ROMANCE NOVEL FAIL.**

Please note that I am not saying BOOK FAIL or STORY FAIL. I'm only taking issue with the romanticizing of things which should never be romanticized (in a contemporary) without some sort of heavy disclaimer or taboo label. I would have been easier on this book if it had been marketed as taboo and written from the point of view of challenging the reader's perceptions. But this is even labeled as romantica. So FAIL it is.

Some spoilers ahead and a slight bit of swearing. I'm not in the mood to have to censor myself or try to figure out how to write a polite review which doesn't reveal too much. All bets are off today. Read on at your own peril.

If I see one more representation of a biker who is an oiled-up, hair-free model posing on a bike that no MC member would be caught dead on, I'm probably going to scream.

We're talking about a Motorcycle Club, right?

As well, the next time I see anyone bitching about Twilight for being stalker-rific, i'm going to ask if they've read any of the recent "alpha biker" books to have come out. At this point, I'm going to start referring to a vampire watching someone sleep as the more cuddly version of stalking. Because right about now, that behavior seems downright endearing compared to being blackmailed and/or kidnapped and forced to have to become someone's fuck-buddy.

### **ARE YOU KIDDING ME?**

It's not okay, people. It's not cute. It's not romantic. It's not sexy. Any guy who thinks he's doing you a favor by trading your brothers life for your sexual favors is NOT WORTH DROOLING OVER.

Wow, I didn't realize how much my switch had been flipped until I started writing this review. In so many ways, this book was a thousand times better than *Undeniable*. In all honesty, the writing was much more polished and the story had a clearer PoV that wasn't flailing all over the place like it was in *Undeniable*. Hell, I even think Horse was genuinely more likable than Deuce when looking at the big picture.

Unfortunately, it was the initial setup for this story which screwed *everything* up. The book starts off with Marie (one of the dumbest characters I've read to date) frothing at the mouth over a guy for reasons unknown. At least with *Undeniable*, the chick was raised in the MC world and being treated like this was what she knew and expected, so I wasn't going to rip on someone for staying in a familiar cycle (i.e. crime begets crime). That situation was still ridiculous but it was more understandable.

But Marie...ridiculous, clueless, brain-dead Marie...

Yes, I get it - he's hot.

Yes, I get it - he's hot.

YES, I GET IT - he's hot.

Right now, I'm ashamed to be a woman, if this is what we've evolved into - frothing at the mouth over a man who is disrespecting you with his words and is rape-y with his actions. Just because a person doesn't physically force someone to have sex with them does not mean that the situation isn't rape. Marie was FORCED into the situation (okay, so she went like a willing, whipped puppy dog...but only after being told that this was her fate, else her brother face the wrath of the Reapers).

Plus, he punched her wall and broke her door after she said no. For a moment, I was almost happy that Marie was standing up for herself by telling him no. But then, the moment passed because she then laid down and took it like a pro. Sure, she was forced into a bad situation. But she sure seemed to be enjoying it. Was she ever really disgusted by this man who turned her into his own personal sex slave? Because if she was, I never bought into it. Even in her thoughts, she was never really all that disturbed.

Yet, even with me saying that, I actually liked Horse to a certain extent. He is one of those people who you want to root for *as a reader*, even though he was a screwed-up person. Yes, he was completely off-base for what he did, but we got to see his side of things and were able to (somewhat) understand where his thought process was at when we were in his head. Yes, he acted rape-y in a roundabout way and I didn't like that. But any time he thought he might actually hurt Marie, he did show remorse for it. But Marie wasn't seeing what we were seeing all of the time. She didn't know that he was conflicted. She only accepted what she was given with not enough feelings of 'ewwww' over what she was being put through. Even if she was forced to have to go along with it all, wouldn't the fact that she was being forced be enough to make her slow her roll at least a little?

Therefore, I found Marie to be completely uh...what's the way to describe her?

Oh yeah - this.

How can a woman be constantly in heat over a man who hadn't proved himself worthy of her affection?

Oh right, I know why. Because he was hot.

Excuse for a moment me while I crawl into a corner and cry for humanity.

There's a reason why I love the show Sons of Anarchy (hint : it has nothing to do with being a romance). I like watching shit hit the fan. And for that reason, I did find this book to be entertaining.

And again - if Marie had at least started out more resistant, I could have possibly handled a story in which two people overcome a bad situation and find a way to make things work. I'm okay with "big baddies" being redeemed in many cases. Horse did have a soft side in there somewhere. But he never really had to pay for his actions.

### **The Marie Dumbass Hall of Fame**

*Even scary, the man made my panties wet.*

~Pssst...Marie. He's scary for a reason. It involves unapologetic violence and killing.

*I swayed a little as he stopped, reaching out with one finger to trace my collarbone from my shoulder inward, then running it down between my breasts, grazing the sides. He raised it to his mouth, tasting my sweat. He smelled like motor oil and sex.*

*Holy shit.*

*"Hey, sweet butt," he said.*

~ THIS IS THE VERY FIRST MEETING. What woman would be okay with being touched inappropriately by someone they didn't know? By the way, she was in full arousal mode. Within a few minutes, she was wondering how she could stop herself from pushing her breasts in his face. Classy broad, this one.

*I'm ashamed to admit that I creamed my pants right then and there instead of kicking him in the nuts like a sensible girl.*

~ First off, gross. I don't want to know about your discharge, woman. Secondly, she's aware that she's being stupid. Oh right...hot man trumps all.

*Part of me wondered if Horse had come back. You know which part - that little nub between my legs.*

*"You need to get better locks," Horse said casually. "It took me about ten seconds to get in here."*

~He breaks in and you're horny again. Forget the saying having to do with guys thinking with the wrong head. Apparently, dumb women are capable of the same thing.

*"I'm in charge here, don't forget it," he stated.*

*I nodded, mesmerized.*

~lalalalalalalalala. I'm in my happy place, humming a tune right now. Anything to make the pain go away.

*I didn't think he had a girlfriend but we hadn't actually talked about it. Probably should have asked that before grabbing his dick in the pool.*

~Nah. Because that would have required thinking about something other than sex.

*My anger disappeared, replaced with terrible unease. I'd forgotten how terrifying this could be.*

~You get the point.

I could go on and on. She finally stands up to him in one scene which had me cheering, then she went and started spamming him with "can we talk?" texts. Co-dependency is a bitch, apparently. And don't even get me started about how a near-rape experience with another person was glossed over in favor of more sexual tension. Sigh.

#### **But I'm not giving this book 1 star for the following reasons :**

1. When I wasn't screaming at Marie, I was entertained by the story. I like reading about MC life. Organized clubs and gangs have always fascinated me.
2. I actually liked a lot of the characters other than Marie. Picnic is one of the characters who I'm rooting for to find a HEA. I also want to see Picnic's daughter break out and find a life of her own.
3. The writing was decent. The author can tell a good story. Since my main frustration did not revolve around the club life aspect, I think that I might enjoy reading other books in this series with a different take on a female lead. They can't all be Marie, right? At least I'm hoping \*cross fingers\*
4. The old ladies were an entertaining bunch. Sisterhood can be fun to read about.
5. This quote : *"It's a .38," he said proudly. "I know you're a .22 girl, but it's time for us to take the next step in our relationship."*
6. I felt like Horse was honestly willing to try and change his ways. We don't always get to see this in books.

Sometimes the men go for a lukewarm compromise. In this case, the man did actually make the effort to try and be worthy of the woman he loved. It came later than I would have liked to have seen but at least it happened.

---

### **Navessa says**

Q: WHAT THE EVER-LOVING FUCK IS THIS SHIT?!

A: Someone's rape fantasy.

Goddamn it. Look, I'll admit, I went into this book expecting to loathe it. I hate-read every time I hit a book slump because it's the only way for me to get out of one. But I in no way expected to be this enraged.

Let's start with the plot, shall we? The MC's brother rips off a biker gang and she's forced to become one of their sex slaves in order to save his life. Yup, that's the fucking plot. Oh, but it's not rape. She has a choice, you see. She can choose not to become a sex-slave...but then they kill her brother. You heard it here first! Forced sex through coercion isn't rape! Tell all your friends!

*"You want to keep dumbass alive, pack a bag and climb on my bike when we leave. You do what I tell you, when I tell you, no questions and no bitching."*

*"Why?" I asked blankly.*

*"Why the hell do you think?" he said, voice strained. "So I can fuck you."*

### **BUT IT'S NOT RAPE.**

*"This pussy is mine. You are mine. I'll fuck you when and where I want, and you can either take it or get the fuck out. Are we clear?"*

### **BUT IT'S NOT RAPE.**

*"You do this, it's your choice. I'm not raping you. You're making a decision to pay for your brother's mistake on your back. You get me?"*

### **SEE? IT'S NOT RAPE!**

Me:

This epic piece of shiterature contains possibly the single worst female lead that I've ever had the misfortune to read about, Marie. This chick is a horrifying amalgamation of every complaint I've ever had about every female lead I've ever hated all rolled into one INSANELY FUCKING STUPID package.

I can honestly say that reading about this chick was like sitting in a room full of misogynistic men and listening to them tell me all the reasons that they hate women. She is the most stereotypically offensive female ever.

### **AND NO, I'M NOT FUCKING EXAGGERATING.**

The book opens with her leaving her husband because he hit her. She then goes on to slut shame the woman that he's currently sleeping with.

*"I liked to think of Misty as THE WHORE, which I wrote in all caps for all emphasis whenever I texted someone."*

Let's just ignore the "all emphasis" portion of that sentence. This book is horribly written and edited, end of story. Instead, let's focus on the definition of the word whore: "a woman who engages in sexual acts for money." Does this woman exchange sex for money? No. So definitively, she isn't a whore. She's a "whore" in Marie's mind because she's sleeping with her ex.

**ARE YOU FUCKING KIDDING ME? WHAT THE FUCK IS THIS THOUGHT PROCESS?** Instead of feeling sympathy for this woman, instead of wanting to warn her away from what will likely be an abusive relationship, you slut-shame her?! **HE FUCKING HIT YOU! WHY ARE YOU ANGRY THAT HE'S WITH SOMEONE ELSE AT ALL?! SHOULDN'T YOU BE ELATED THAT YOU ESCAPED?!**

Way to be completely fucking brainwashed by society, way to **UNINTENTIONALLY** be the perfect fucking victim, way to continue this god-awful trend of women hating other women for no fucking logical reason, way to be a fucking bestseller and continue to perpetuate these stupid fucking trends to the masses.

It gets worse, by the way. Marie walks into her house to find her brother nearly beaten to death and a bunch of leather-bound men standing over him, one of which holds a gun to the back of his head. Any decent human being's reaction to this:

Marie's reaction to this:

*"My brother knelt in the middle of our crappy living room, bleeding and awaiting execution, and all I could think about was me and Horse. What the hell was wrong with me?"*

Everything. I hate you. I hope that the bike you're about to ride on crashes and you're caught beneath it and slowly burn to death, you horrible excuse for a character. I'm sure you're thinking that goes too far, that it's a little too much. **NO. IT'S NOT NEARLY ENOUGH. I HAVE ALL THE RAGE THAT HAS EVER RAGED.**

Before I burst a blood vessel, why don't we move on to Horse, the male lead? Yup, his name is Horse. Because he's hung like one. Mmm, sexy, huh? Um...no. A horse's penis can be anywhere from 2.5 – 3.5 feet long. The average woman's vagina is 3-4 inches deep but can expand to 200% when fully aroused. Let's say Marie has an above average vagina and is packing 6 inches of un-aroused heat. Fully expanded that's still only 12 inches, a full foot and a half short, **AT LEAST**. I'm sorry ahead of time but all I can picture is this:

Horse is one of the men that just beat the shit out of her brother. Does he seem remorseful? No. All he seems to be concerned with is Marie and her vagtastic va-jay-jay. He couldn't give a fuck about killing a man. Mmm, sexy, huh?

\*pukes\*

JFC, what is it with all these tattooed ragebeasts? Why are they a fucking thing? Are we that unevolved? If you're a troll, don't even bother answering that, it was rhetorical. This book's popularity is all the answer I need.

So back to the matter at hand. Marie's in a bit of a bind. What does she do about it?

- A) Call the cops
- B) Make an excuse to leave the room and call the cops
- C) Agree to their demands only until she has a chance to call the cops
- D) Happily agree to be Horse's sex slave and never once thinks about calling the cops

If you answered D, congratulations, you're correct! I don't have a prize to give out but saving you from reading this failmance seems pretty good to me, so you're welcome for that.

Marie's agreement leads us to the final thing I'd like to talk about; Marie and Horse's ~~abusive~~ abusive relationshit. Let me set the scene for you concerning their fist sexual encounter. Marie wakes up in bed, having no recollection of how she got there. Someone has stripped her down to her panties and tank top. Behind her, a boner. For whatever reason, this isn't an issue for her and she starts to fool around with – God, I can't even believe I'm typing this – Horse. Then this happens:

*"I shivered, lust and desire bursting through me, trying to see if I could lift my hips and move with him. In the process I accidentally pushed against his chest, which he apparently interpreted as me trying to push him away.*

*Horse pulled away from my mouth and growled, eyes dark with desire and a need so strong I froze. He looked like an animal in heat, a point his hard prick seemed to be determined to impress in its own way.*

*"I'm in charge here, don't forget it," he stated."*

That's right. He thinks she's trying to push him away and he doesn't respect that. Instead, he gets forceful with her. Marie, being the fucking idiot that she is, is fine with this. He then goes on to shove a finger up her ass without warning and then when his buddies walk into the house and she refuses to have sex with him because she doesn't want them to hear her, he punches a hole in her wall, slams her door so hard that he cracks the wood, and walks out on her.

She goes on to obsess about him.

So I'm sorry, I know a lot of people were enjoying my updates but I just can't with this fucking book. Blurring the lines when it comes to sexual assault is not something that I enjoy. Reading about sorry excuses for women is not something I enjoy. Reading about an emotionally abusive relationship is not something I enjoy.

**Lisa says**

**“So why are you called Horse?”**

**“Cause I'm hung like one.”**

*Shoop shoop ba-doop  
Shoop ba-doop  
Shoop ba-doop ba-doop ba-doop  
Shoop ba-doop  
Shoop ba-doop  
Shoop ba-doop ba-doop ba-doop*

[Salt N Pepa, *Shoop*]

Well now, hello Mr. Horsie.....

**“Horse like yur name. I'd like to rid u horsey, LOL.”**

*Then I flipped for a tip, make me wanna do tricks for him  
Lick him like a lollipop should be licked  
Came to my senses and I chilled for a bit  
Don't know how you do the voodoo that you do  
So well it's a spell, hell, makes me wanna shoop shoop*

[Salt N Pepa, *Shoop*]

Aren't you a sexy beast.....

**“Jesus Christ... Thank fuck for that,” Picnic said.**

***“Nope, not Jesus, just a man,” Horse whispered. “Although when women see my dick for the first time, they’ve been known to fall down on their knees and worship me.”***

*You're a shotgun - bang! What's up with that thang?*

*I wanna know how does it hang?*

*Straight up, wait up, hold up, Mr. Lover*

*Like Prince said you're a sexy mutha*

[Salt N Pepa, *Shoop*]

Oh yes Horse, you are fine.....

My Marie:

**Dang, I loved this book! I loved it HARD!**

[no pun intended...\*giggles\*]

*Reaper’s Property* is a must read if you enjoy hot alpha-males, bikers and a whole lot of crude and hard! Wink, wink! In all seriousness, I was pleasantly surprised that I ended up loving this book as much as I did. Not only was it sexy and steamy, it was also well-written and funny.

Marie Jensen has finally left her abusive ass-hat of a husband and is living with her brother, Jeff, in a trailer. Jeff is doing some work for The Reapers, a motorcycle club that is dominant in the area. Marie meets some of the Reapers when they pay a visit to her brother to discuss business, one of the bikers she meets is none other than Horse. Horse is a tattooed, long-haired gorgeous biker man. He oozes danger and sex and Marie needs to get involved with him as much as she needs a hole in the head.

Horse is crude. He is domineering. He wants Marie. They form a sort of a friendship and when things get a little more serious Marie turns down our alpha biker not understanding exactly all that he is offering. Due to some extreme stupidity on Jeff’s part, he runs into some trouble with The Reapers MC. Now, in an effort to save her brother, Marie has no choice but to accept Horse’s offer and become his property. Marie is clueless as to what this all entails; however, she is thinking of her brother and saving his life.

***“...you don’t call the shots,” he whispered. “We clear?”***

***“Your rules,” I whispered back. “Or I leave. And what happens if I do?”***

*"To you?" he said. "Nothing. You're with me of your own free will. But the club has to be paid in blood, Marie, not even I control that. Don't forget."*

So ensues a battle of wills between Marie and Horse. Marie has fallen into this dangerous and dark biker world that she knows nothing about. They have different rules. They live their lives according to their own rules. They make their own reality and it is one where the men call the shots. Marie, despite coming to like the bikers and the old ladies, has a hard time with this new world and also has a hard time with Horse's caveman and possessive attitude. Can she succumb to this sexy biker who wants to make her his?

*"Someday," he whispered softly in my ear. "I don't want to hurt you. Not until you're ready for me... But someday I'm going to own all of you, Marie. You're all mine, babe. Knew it the first time I saw you. Couldn't give you up if I tried."*

Horse is a wonderful hero. I loved the fact that meeting Marie knocked him off his ass, especially when she didn't automatically fall down at his feet and accept his offer to become his property. This dominant alpha didn't even know what to do with that. His poor feelings were hurt. I also loved Marie. She is sassy and loyal. Her loyalty towards her family is admirable even though her brother is a douche and did not deserve her love. She steps up to save her brother and, although Horse seems to be in control of her, she does allow him to walk all over her. Yes, both Marie and Horse make some dumb-ass decisions; however, they learn, they grow and they fight for their HEA.

*"Fuck, this is gonna piss you off and then you aren't gonna let me stick my dick in you," he muttered.*

*"Do you have to be so crude?" I snapped.*

*"Have you met me?"*

*"Who says I'd let you do it anyway?"*

*"Babe," he replied in a low, rough voice, raising his eyebrow at me."*

*Reaper's Property* is hot! The sex scenes were smokin'! I loved seeing Marie grow and become stronger and also begin to own her sexuality. Horse is definitely an extremely sexual creature so this all added up to some panty-melting sexiness. I wasn't a huge fan of some of the scenes during the biker parties. However, they were eye opening to say the least and I just took them as being a part of biker life. Not for me, but I am not part of that life.

This book is erotic. It is exciting. And, it has a hero named Horse. Really, you can not ask for more. I fell in love with our hero and heroine and the cast of supporting characters. It was definitely a great ride and I am so glad that I read *Reaper's Property*. I am looking forward to more excitement from Ms. Wylde and her Reapers! Bring it!

*"I'm a Reaper, and this is my world. You wear my patch, you be my woman and I'll be your man. We take the good times together and fight through the bad times. No games. That's everything I've got and it's all yours if you'll take it."*

**Re-read: May 4-5, 2013**

---

## **Spoiler Whore-Momoa rounds down on her reviews so fuck off says**

What in the **FUCK** did I just read?

Did I read about a man named Horse who's hung like a horse? **Yes.**

An Alpha bad ass mofo biker? **Yes.**

A heroine named Marie who doesn't know her way in the biker world but somehow becomes a badass herself. **Yes.**

Did I get so caught up in the story and characters that when it ended I had to use my left hand to stop my right hand pointer from sliding the page on my kindle cause my brain didn't connect to said pointer that the book ended? **Yes.**

Did I love it? **You bet your sweet butt I did!**

This book is not only about Marie and Horse. It's also about family and their family dynamics. Marie and her problems with soon to be ex husband, her brother and her relationship with her mother who's in jail. Horse and his biker family The Reapers and their lifestyle. We get to meet some of them and their old ladies and sweet butts. They're funny, serious and love to have a great time. There's also a heartbreak story with one couple that did bring tears to my eyes. Each character brings the story together either with their stupidity, personalities and betrayals and bantering.

We do get Marie and Horse's POV's which I enjoyed. Their chemistry is instant and Marie is hesitant on their first encounter, leaving Horse with a case of blue balls. When they finally come together and when they get together its explosive. There's rough sex, sweet love making, angry sex, anal play which leaves to anal sex and voyeurism. There are some situations that some readers might find cringeworthy but the author did a well job with said situations. The story flows perfectly that you do not want to leave the Reaper world.

Loved the epilogue. Loved it!

Favorite lines/moments:

*"So why are you called Horse?"*

*"Cause I'm hung like one," he replied, smirking.*

*Only my mother would end up finding love by trying to run over two cops. Clearly, John Benson was an idiot.*

*"Fuck, this is gonna piss you off and then you aren't gonna let me stick my dick in you," he muttered.*

*"Do you have to be so crude?" I snapped.*

*"Have you met me?"*

*Hid dick approved. It wanted to squeeze between those boobs and shoot out a pretty pearl necklace for her to*

**wear. It's crude but I loved that line.**

*"Jerk."*

*"Hot piece of ass."*

*"Don't call me that!"*

*"I was referring to myself," he replied*

*"She'd gone all Pulp Fiction on us, ready to defend you by killing all of us if she had to. Crouched over your body like Wonder Woman. Gives me a boner just thinking about it."*

*"Jesus Christ...Thank fuck for that," Picnic said. "Nope, not Jesus, just a man," Horse whispered. "Although when women see my dick for the first time, they've been known to fall down on their knees and worship me."*

*"Marie Caroline Jensen, will you do me the honor of being my permanent bitch?"*

*I smacked him on the side of his head as he burst out laughing...*

**\*I'll be pimping this book for a long ass time\***

---

**Debra says**

**Hello, readers!!!!**

**Let me introduce you all to Horse...**

**Well, not this kind of horse!**

**More like this kind of Horse...**

The kind that's handsome, like movie star handsome...

The kind that has dark hair, broad shoulders and muscular arms filled with tattoos... the *biker* kind.

And the reason they call him Horse? That's simple...because he's hung like one.

*"Oh my god..."*

***It was huge. I mean, huge. Not just long, but thick and hard and flushed bright red so it looked almost angry. It curved up, wider in the center of the shaft before narrowing under the ridge of his head."***

Well, this Horse has his eyes fixated on the pretty, innocent young girl named Marie...

***And when Horse wants something, everyone knows he always gets it...***

The story starts when Jeff, Marie's brother, who's working for the Reaper's Motorcycle Club, decides to steal from the club and to gamble away the money. Soon the bikers find out about Jeff's stealing and, off course, they can't let him get away with doing something like that without paying for it...

And so Marie comes in the picture... Horse is immediately drawn to her in a way he's never been drawn to a woman before.

***"Someday," he whispered softly in my ear. "I don't want to hurt you. Not until you're ready for me... But someday I'm going to own all of you, Marie. You're all mine, babe. Knew it the first time I saw you. Couldn't give you up if I tried."***

As a way of letting Jeff pay for what he did, Horse convinces the other club members, to take Marie as "collateral" until Jeff finds a way to earn back the money so he can pay off his debt. And so, Marie is forced to join Horse and live with him, so she can temporarily become his "property".

***"This pussy is mine. You are mine. I'll fuck you when and where I want, and you can either take it or get the fuck out. Are we clear?"***

Yes, Horse could be very possessive, controlling and rude at times but at other moments, it showed that underneath it all, he was actually a pretty smart guy with a small heart; and along the way I really started to like him...

***"I want you to be my old lady, babe. That's all I have to offer. I'm a Reaper, and this is my world. You wear my patch, you be my woman and I'll be your man. We take the good times together and fight through the bad times. No games. That's everything I've got and it's all yours if you'll take it."***

I will not tell you much more about the storyline, because that would spoil "the ride" for those who haven't read the story yet. What I would like to add, is that although the setting of the story reminded me a bit of the one in *Undeniable*, *Reaper's Property* was filled with much less drama and the "ugliness" in life. The women weren't constantly called "b\*tches" and I also really liked that Horse (view spoiler) So for those who found *Undeniable* a little too "overwhelming", I think *Reaper's Property* certainly might be a much more suitable read.

All in all, I very much enjoyed reading *Reaper's Property*... It was a fun, entertaining story with some very hot scenes in it. The characters had funny names (going from Cookie to Bam-Bam to Picnic and at last but

not least...Horse) and seeing as Sons of Anarchy sort of made me became a fan of the whole bad-ass biker world, I really liked getting to know even more about the bikers' way of life and their very unique way of handling things...
