## **Sizzle** Liliana Hart

A killer who taught her everything she knows...  
A mission that pits her skills against his...  
And a new partner that makes her body...Sizzle

When Declan MacKenzie asks Archer Ryan to do a special job for MacKenzie Security, Archer has no choice but to say yes. He owes Declan his life, and Declan more than has his hands full with his own family problems. Little does Archer know he'll be chasing a would-be recruit all the way to hell and back. Or maybe Alaska just seems like hell.

Audrey Sharpe works for no one but herself. Not even when the most elite security company in the country wants her. She doesn't have time to worry about MacKenzies. She's racing against the clock to hunt down the man who taught her everything she knows and to stop him from killing more innocent people. When sexy, but tough as nails, Archer Ryan keeps getting in her way, Audrey has to decide whether he'll be an asset or a distraction her body and mind can't afford.

## From Reader Review Sizzle for online ebook

### Erin Lewis says

I love Liliana Hart and The MacKenzie Family series. I wait anxiously for each book to be released and as always this book did not disappoint. The main characters in this book are Archer Ryan (of MacKenzie Security) and Audrey Sharp (a highly trained covert operative for Oblivion a division of the CIA). Archer is charged with the difficult task of tracking down and bringing Audrey in as MacKenzie Security want to hire her.

Audrey has been on the run and flying under the radar since she was almost killed by her former partner and lover Jonah Salt 3 years ago and she has no intention of being found. She is out to stop Jonah, a traitor, whatever the cost. She wants revenge and doesn't care who she has to hurt or cross to ensure that she gets Jonah and makes him pay, not only for his betrayal of her, but of his country.

There is smoking hot sex, action, suspense and drama. The connection between Archer and Audrey simply put Sizzles. Both Archer and Audrey are scarred, physically and mentally, but somehow despite all this they connect. The connection Archer feels towards Audrey is almost instantaneous as he tries to gain her trust. Archer is determined to break through the barriers Audrey has put up and once he does, she doesn't stand a chance. Also running through Sizzle is the side story of injured Navy Seal, Shane MacKenzie which starts in this book and will continue in future books. I cannot wait to read the next instalment of The MacKenzie Family.

### Wendy Hodges says

This isn't directly a family story it is more of one of the security agents story connected to the family. Archer is sent to find and help a woman Declan wants on the team, she has been in hiding after being betrayed and left for dead by a former partner agent in the CIA. She is on her own mission to find and get justice for almost losing her life. Fast paced and lots of suspense that has you on the edge of your seat in places, well written and Alaska is described so well I had to snuggle under a blanket as it made me feel cold except when the story itself was hot. We do get bits of Declan and Cypher in places as they help from a distance, a good

story but not as good as the family ones as I love the banter and closeness they show each other.

#### **Enjoy these books**

I enjoy these books.. they are action and steamy. not a dull moment and recommend the entire series. I am torn I wish they were longer but like that they don't drag.

### **Natalie says**

I was hoping for Shane's book. It looks like we won't get it for awhile. The story had promise, but it was over too quickly. All of a sudden they were in love.

### **Kimberly says**

#### **Second chance Love**

A madman made her go for revenge, he is searching for redemption from his past and they give each other a second chance. Full of intrigue, suspense, a few laughs and excitement. Love this series and the narrator is very good.

### **Robbi says**

I wouldn't minded if it was a little bit longer of a book, but overall I liked it.

#### **Suspense**

After finishing book four I thought book five would be about Shane. I almost didn't read because I wanted to find out more about his injuries and recovery. Archer and Audrey's love story was far from uneventful. I felt for all Audrey had endured and Archer was just the man to help her heal. Meanwhile Liliana managed to entwine Shane into this book in an artful way without damaging Archer and Audrey's HEA.

### **Roche says**

Thoroughly loved reading this book. Some parts felt forced, but they didn't affect how much I enjoyed Archer and Audrey's adventure. Keep writing, Liliana Hart!

### **Donna Porter says**

This was a fantastic book and I couldn't put it down. It reconnects us with some of the old characters and introduces some new ones. There is so much action going on in this book. You will love it and that's all I will say. You have to read it to see what happens

### **Ellie says**

I like the easy chemistry between Audrey and Archer. But I thought the ending was lame. A little too easy. Could have added a little action and suspense to the story if that had been drawn out a little more. I would feel comfortable giving it 5 stars if the ending was better. Oh and what the hell, Shane?
