# **From Reader Review Superman: The Man of Steel (1991-2003) #1 for online ebook**

**Stephen loury says**

**Terrible**

boring boring boring boring boring this is the worst superman comic I have ever read it boring flat out boring

---

**Rebecca Timberlake says**

Never have been a fan of Superman, but I still give him a shot every so often to see if I can finally understand why he's a big deal. This didn't help change my opinion.

---

**Justin says**

Looks like I was the only one who really enjoyed this compared to the other reviews. After reading one from the early 40s this one was a lot more superhero friendly and had foes rather than petty little bits. Solid comic, may check out the others.

**Cristina says**

I like the art, but the storyline was boring. At this point, I can't tell if superman isn't my type of comic book or if it's just this issue.

**Tym says**

**An average Superman story**

A pretty generic story though it's interesting seeing Ma and Pa in Metropolis. It finally got interesting in the last few pages

---

**John says**

Outstanding start to the series.I have a feeling i picked the right Superman title to collect.
