**Twisted Rose** Abby Weeks

**Warning! This book contains triggers that some readers will find distressing. It is not for the faint of heart.**

**This is the third book of *The Darkness Trilogy*. The first book is *Tangled Rose*.**

Rose Meadows was taken. She was tortured. She was abused. She was humiliated.

And then she was rescued. Josh Carter came like a wolf in the night and stole her away from the Dark Rebel Motorcycle Club. He took her to a safe place and already they can feel the stirrings of love grow between them.

But Josh left the job unfinished. The men who hurt Rose are still free. They are still hurting other girls. When Josh sees how traumatized and damaged Rose is because of what they did to her, he knows he has no choice. He must risk everything, even the chance of a happy life with Rose, in order to bring justice to the men who hurt her.

## From Reader Review Twisted Rose for online ebook

### Katie says

I really liked these books and it is shocking at times to be reading and then remember that this story IS based on reality...maybe not every bit is true, but even a little of this story true is enough to haunt anyone! I love that it shows people, young girls, that yes, this shit DOES happen, woman ARE sold into sexual slavery and torment every day, and not just in Russia and Thailand...right here in Canada and the U.S...Everyone immediately thinks, well duh why didnt she just run, i woulda ran'...but nottt in Rose's story you would'nt..Rose is in the middle of the wilderness basically..these are not sexy high class strip clubs. They are dark and dirty and the men that occupy them are even dirtier and darker...truckers and loggers...thats allll. Miles, im talking hundreds of miles away from annnnything ,houses or towns. And if she were to make it to a town, the MC owns it, the police and everyone in it. Literally, noooo one to help her. Its a very scary realization and situation. The way that they brutalized and dehumanized Rose was chilling..and honestly if that was me, i would be dead right now. I could not have kept it together like she did. First knife i got ahold of woulda been thru one of their heads. If i still lived after the beating and gang rape they gave me after that, the next knife would have been thru my own head...or i woulda attempted to pack up some supplies and make a run for the wilderness...and surely died. lol. Not Rose tho. She was smart. She strived for life and she did'nt give up...

### Veronica says

I received a free copy of this book to read and review for Wicked Reads.

Twisted Rose is the third book in a very dark series.

The story picks up immediately after Tainted Rose and I was looking forward to see how Rose's life would pan out and see if she'd ever truly get free of the DRMC. I struggled to get involved with this book. I found the writing style annoying and repetitive and the sex scenes clumsy. For me there wasn't enough interaction between the characters or much dialogue and we spent too much time in the characters' heads.

I struggled to make it though this final instalment but it was worth hanging on to get to the last 30% or so of the story which I did enjoy.

The Darkness Trilogy is harsh read and there is not much light in the darkness. I think the author deserves credit for showing the horrors Rose's situation and not turning this into one of those sappy series where the heroine falls in love with her rapist/kidnapper. Much of this story is confronting and bleak. If you are after a truly dark read, I'd suggest giving this series a try.

### Aisha Ricketts says

## **Enthralling Trilogy**

This was very different than the romance novels I usually read. It was gritty and raw and captivating. I wanted to know what would happen next every moment of this story. The beginning was hard and the ending was beautiful. I enjoyed every minute of it. Thank you

## **KAT ? Kitty Kats Crazy About Books ? says**

I can't believe my time has ended with this series!! So many mixed emotions, a love/hate relationship with this trilogy, your mind is on a constant roller coaster of disgust, anger you name it with what Rose endured under the thumb of this notorious biker gang..

I hope she can at least put some skeletons to rest in this last book..

*Rose was damaged. She was tainted, tangled and twisted*

OMG OMG OMG Where's the next book!! I needs/wants that like yesterday!! I can not believe it ended like that!!

This series/book had my heart racing, so much angst, darkness, grittiness I devoured this in record time, could not put these books down..I became a hermit over the weekend did not leave the house so I could just keep on reading..

**\*\* I received a free copy of this book to read and review for Wicked Reads Review Team \*\***

After having a rocky start for me I can say it is ending much better. This book was so suspense filled. I am so glad I kept going. This one made the series for me. There was something so different, about this compared to the two others. I like that it had more to do with Josh, I really liked his character. How Josh and Rose had to fight tooth and nail for HEA. He gave her hope, when she thought there was none. He gave her something to believe in. So action packed!

Great way to end this series.

---

## **Russio says**

I found this book too repetitive. It should have been edited down to a short story.

---

## **J.C. says**

I am glad in the way the this book ended..Rose and Josh got their HEA somewhat and maybe sometime in the future Ms.Weeks will write another where they actually do get their HEA. Sad that Patriece got killed in the end but at least he died for honorable reasons and made up somewhat for his crimes against Rose in the end. It was nice to see they got their justice even if it wasn't properly done but when the government is corrupt as well there's one kind of justice really.

## **Shelby says**

\*I received a free copy to read & review for Wicked Reads\*

The conclusion to this series was explosive, and action packed.

The "tone" of this book was completely different then the previous two books, which may have something to do with hope.

Rose is coming to grips with her situation, while Josh (the Knight in Shining Armor) is providing her with an outlet for her emotions - and stability that she hasn't known for the past 2 years.

Together they forge forward and deal with the wrath of the DRMC>

I did feel some moments in this story were unlikely, but I felt that throughout the entire series, and I was glad I stuck through to the end.

Although this was dark, and felt completely hopeless at times, this book redeemed the whole series for me.

## **Angie says**

~I received a free copy of this book to read and review for Wicked Reads Review Team~

This is the finally book in the series. Twisted Rose was so much better than Tainted Rose for me. It was more action packed and not the same thing over and over and over again. Revenge is coming, Josh is on a mission to save Rose and Rose finally has hope. Josh helps Rose believe in herself and in others again. A character from the first book shows up again and gives everyone a surprise in the end. While there was finally a HAE, I would have liked to see how they fared a few years down the road in an epilogue. It just didn't seem completely "finished" for me, there was closure but I wanted to know about the aftermath.

Characters: The characters were well written

Sex: yes but not consensual most of the time

Religious: no

Would I recommend to others: yes

More than one book in the series: yes

Genre: Dark

Would I read more by this author: yes

## **Julianne says**

**\*\*I received a free copy of this book to read and review for Wicked Reads\*\***

I liked this book. It flowed very well from the one before.

There were some parts that I became sort of bored with and skimmed through it.

Rose is on the run with a man from her past.

She has so many demons to fight that a normal relationship with this man seems nearly impossible.

He tries to help her and they have decided that one of the only ways to do that is to try and take out the men that has hurt her.

The DRMC men are mean and brutal.

Can these two alone try to bring some justice for Rose?

---

## **Saunders says**

Although it might have been written from the heart there was a big hole in it. A promising storyline but completely lacked execution. Too much repetition, too much under development when the story began to build and then..... nothing.

Book three has a lot going on in it. We meet up with Patrice again and he re-deemed himself. The DRMC who violated Rose got their just their comeuppance and the identity of the President of the club is revealed. Not your typical biker but a powerful suit - I liked that but what a pity Abby Weeks didn't develop it further and give us more.

The author states that this is the conclusion to the trilogy but I honestly thought it was left at half mast! Did it end? Well I don't know because when I got to that final page and that final sentence my reaction was WTF? What a way to end a story. I thought there must be more - much more. Is there? Does it actually end like

that?

A wasted opportunity to make this book stand out but instead of being something exceptionally good it became just another biker story.

---

### **Addie says**

I got to the end of chapter 8 and couldn't get any further.

It takes more than 2 minutes for people to get off. 99.9% of people can't orgasm just by pretty much looking at someone and stroking themselves for however much time can pass in the length of a page. If you're going to write detailed scenes there has to be a way to convey more time passing. This kind of wham-bam-thank-you-ma'am style of sex happened multiple times, yet for the characters it was fully satisfying.

These characters are the kind of people on your Facebook newsfeed saying they love each other in comments everywhere after 2 weeks. Nauseatingly annoying and completely unbelievable.

---

### **Laquana Carter says**

#### **Very compelling read**

wow what can I say that give justice to such a great book. Twisted Rose is book 3 in the dark rebel trilogy. the book was a satisfying conclusion to the events of book two, rose is finally able to have some closure after the horrific, degrading, mind numbing abuse she has suffered. Her strength was amazing and Josh was like an awe inspiring dark angel , seeking the justice she so desperately needed. I like how it wasn't tied up in a like bow of happily ever afters. the ending was realistic and believable. another awesome book for me. Abby weeks .

---

### **R says**

This may have a spoiler but not really

My thoughts...Shes in the same situation, but one she is in control of, josh is the polar opposite of those horrible men but all were victims and 1 act of courage had a ripple effect however polar opposite is just another extreme very bad to the point of madness is that better than very good to the point of selfishness.

---

### **Candace says**

Like the first two books in this series, this was a quick read. I kept hoping that "things were really going to get good" with each of the books, but it just never happened. The storyline was promising, but the execution was lacking. Every time there was build-up to a big plot twist, revelation, etc. I'd get hopeful and be left wanting. Major events were just skimmed over. The story was very different from other biker stories that I've

read, which was a plus. However, I found the delivery to be lacking.

Patrice does make a reappearance in this book, which was a big plus after he seemingly vanished after book one. The DRMC douchebags that played a prominent role in Rose's captivity and abuse finally got what they had coming, which was definitely a positive, even if it could have been played upon more by the author. Although things are still left somewhat up in the air, there seems to be a HEA in the future for Josh and Rose.

I liked this series, but didn't love it. There was just enough interest to keep me reading to the end, but know this won't be one I'll be rereading.
