Dangerously Inked (A novella in the Dangerous series)

When the tattoo artist Finn Carter lined up for his visit to New Orleans turns out to be the mysteriously alluring sub he played on New Year's Eve at The Bastille, the city's BDSM club, more than his skin will be marked forever—and Rosie is just the woman to bring this playboy to his knees.

### **Michelle says**

A quick hot read - Rosie is introduced to Finn as his play partner at a New Orleans BDSM club and they quickly want more of each other. This novella is based on BDSM and is very erotic. Eden writes it terrifically - you actually feel like you are there!!! I look forward to reading more from this author and this series.

#### **What Worked For Me:**

This was a fun, quick read which introduces us to Finn, our Hero and his heroine, Rosie. Finn is our hot and yummy Aussie Dom from Down Under, enjoying a night of play at The Bastille in New Orleans. He is introduced to his play partner, and sub for the evening, Rosie. Their one-night of pain and pleasure turns into more than one night as this couple learns that sometimes the amount of time you know someone plays no part in how quickly your heart can fall in love. The love scenes are erotic and the BDSM theme is heavily played in this book. The plot was fast paced and the characters were very likeable and very real. Overall, I enjoyed this book and can't wait to read others in the series.

#### **What Didn't Work For Me:**

The S/M aspect of this book made me cringe quite a few times and more than once I had to say "OUCH" out loud. This is only my own personal observation of the book and doesn't detract from the overall story as Ms. Bradley writes these scenes beautifully and so real I felt like I was there (hence, the verbal "OUCH").

#### **Would I Recommend This Book:**

Yes, most especially to my BDSM loving book friends.

#### **Final Star Rating:**

4.5 of 5 Stars

---

### **Linda says**

Rosie and Finn gets set up for a blind date, at the BDSM club, and really hit it off. Can any of them accept their fast growing feelings?

A quick read with smutty fluff, dominance, Alpha male and spankings.

### **Lady Raven RAVE! says**

**Length:** 1165 kindle ( Novella)

**Style:** Erotica /BDSM

**Story:** FAIRLY GOOD

**Intimacy level:** GOOD

**Enjoyment:** FAIR

**Series:** N/A

**This was an ok read for me but could be good for other readers .** The thing I realize is that the author could have a good story, but for me, the way the story flows can affect my enjoyment of the story or maybe sometimes its characters.

Finn was and seemed so sexy to me at 6'7, tats and delicious. He definitely had a presence that made you pay attention to him. Rose's character was ok to me. She seems to have blend ok with Finn, however, I could not connect to their connection.

Overall, an ok read but I needed more. I would say try it, it could be for you.

## **Tracy says**

A definately well earned 5 star rating for an amazing book with a kickass story!!!

Finn is an Australian hot, sexy, gorgeous musled hunk and one hell of a Dom, well Sadist and he has a heart of gold that has been locked up for years. It takes him meeting Roison (Rosie) for him to finally re open his feelings and let her in.

Roison is scared of loving anyone and has never been in love before. When they meet at The Bastille and she subs for Finn she can't get her head around all the feelings she's experiencing. Its all new and very scary.

Another day, another meeting, takes them on the journey of discovering each other in every way.

Can Roison finally discover what love is?

Will Finn open his heart and let her in?

Will Roison and Finn finally get their HEA?

Super romantic, delightful story of love, and need. Finn our hot hunky man from Australia, and Rosie, the tattooed tattoo artist sizzle when they get together. Deep characters, hot sexy BDSM romance. These two ignite the pages, but each fights the admission of their love. Beautiful short story with all of Eden Bradley's wonderful writing. ENJOY !!!

---

### **Amanda Marie says**

Ms. Eden has done it once again! Such a great sexy novella that she created. The chemistry and sexual tension between the two is definitely something to enjoy while reading. I recommend if you want to read a smutty story with lovely characters.

---

### **Gail says**

This is a fast paced story with BDSM, strong characters and proof that changes are not always impossible.

Finn, a towering Dom, who likes his women compliant with no strings attached. Rosie is looking for the right Dom to take her to new heights of pleasure. Two damaged people both looking for change in their lives, but not really believing change can happen.

Eden Bradley writes engaging, hot stories that make you want be a part of their world!

### **FayAnn Hollcroft says**

Book 6, by Eden Bradley, just a 3. I'm becoming more & more aware that I don't like all aspects of BDSM. The stories that this author comes up with are GREAT. It's the romance part of these stories by this author I'm personally not able to get through. I wish I could because I REALLY DO love the stories that accompany these romances.

---

### **Tonya says**

This was short; just as novella. But better than I expected. :)

---

### **Carly says**

A self proclaimed sadist, dominant Finn Carter pleases a small harem of submissives while he sates the demons of his past by delivering exquisite pain.

Shaken to the core by the unexpected death of a close friend and fellow dom, Finn travels to New Orleans where he meets Rosie, a fiery and self-assured submissive who releases the rage that burns inside her under the intense bite of the whip. No one has pleased her need for pain like Finn, but it's his strength outside of the scene that rocks her to the core.

Breathtakingly sensual, DANGEROUSLY INKED is a BDSM fairy-tale of love at first strike.

### **Sandi Ramirez says**

I originally read this book in th Midnight Inked Box Set and it introduced me to Eden Bradley. from there I discovered her invitation to Eden series with other authors and all her fab books. I have shirt term memory loss so I like to 're read authors I l l me so I decided to read this story again and I am so glad I did.

what can one say about a hot sexy Dom and a tattooed pixie sub who not only light the sheets on fire they smoked up the dungeon too. Eden 's way with words is truly amazing to me. she paint a picture that you can actually see like a movie. I can see Rosie and her tattoos...I can see Finn as her flogs and whips her. Not only great reading but accurate of the lifestyle.

### **Tanya says**

I read this one as part of the Midnight Ink Anthology. Finn is visiting New Orleans and goes to play at Bastille, a BDSM club. The owner there has arranged for him to play with Rosie, a tattoo artist from Midnight Ink. The story is their developing relationship, both with past hurts. I have to admit I didn't love this story as much as some of the other anthology, maybe because Finn is a sadist, and Rosie of course likes pain. I have a hard time wrapping my mind around that particular dynamic. So, 3 stars, nothing really wrong with it, and Rosie got her HEA. She has been a good character throughout most of the other stories in the anthology.

---

### **LAKristy says**

Fairly well written novella with a few editing issues. Closer to 3.5 stars for me.

I'm a big fan of BDSM fiction and that was all done really well, and was really, really steamy. I think the alpha Dom might very well be my actual ideal man. Giant at 6'7", blonde, cut, and with an Aussie accent. Wow. So no issues there. The female sub was cute and sassy, which is also appealing.

The story's conflict points are some emotional block each character brings to the party. I think that's where this story fell a little off track for me. The emotional baggage could have been legitimate, but each character's reaction seemed extreme, which in turn makes them seem a little emotionally stunted and not in a you're-so-hot-and-mysterious-I'm rooting-for-you kind of way. Instead it's more a I-want-to-yell-at-the-crazy kind of way.

So nicely heated BDSM scenes, but the romance part is a little off track. That said, it was still an above

average read and I do recommend.
