**The Deliverance has arrived.**

The planet is beautiful, lush, teeming with life and perfectly suited to the colony's needs. It should be a paradise.

Instead, it's a nightmare.

Caleb knows the truth. The ship's real mission has nothing to do with settlement. The plan is much more sinister than that.

Now the race is on to prepare for the coming storm, to secure the colony and find the enemy before the enemy finds them.

But when fear leads to a desperate betrayal, will it be the innocent who pay the ultimate price?

*Desperation* is the third book in the *Forgotten Colony* series. The first book, *Deliverance*, was a Top 10 sci-fi bestseller, and also reached #1 in both Military Science-fiction and Space Opera. If you love Aliens, Battlestar Galactica, Starship Troopers, Ender's Game, or Edge of Tomorrow, you'll love this epic military sci-fi thriller.

#### **Great Book**

The story lined kind of tied all his other space apocalypse books together. You can see where they tie in as you read carefully.

**9/10:** *Fantastic, left me wanting more.*

*“I’m a good Marine, aren’t I, Sarge?”*

Brilliant. Can’t wait for the next. So well done, keeping you on the edge of your seat, making you root for the good guys & curse the bad. This is what entertaining fiction should be.

Well done!

Another round with Caleb and finally some answers about the xenotribe and their purpose. I cannot wait to see how Forbes wraps up this awesome tale in the next installment.

#### **Book 3**

Book 3 was a fun read and had errors throughout. I enjoyed the characters and plot. Each has been well developed and seemed a bit rushed, with new details about the enemy.

---

### **Chester Michael Emerson says**

Page turner!

### **juliette dempsey says**

#### **Damon those hyper evolved aliens**

Amazingly good third book. Mom stop action and adventure. Greedy politicians feverishly holding onto power, super arrogant aliens hell bent on destroying humanity. Add to that hunters designed to hunt humans into extinction and you have a book that's hard to put down.

I'm looking forward to more from this series.?

### **John Wood says**
