(Description from the back of the book)

SAGAEN OM ISFOLKET - etterkommerne til den onde Tengel, som hadde inngått en pakt med djevelen...

Tova Brink var en av Isfolkets hardest rammede, med et utseende som fikk folk til å snu seg vekk i vommelse og kalle henne heks. Likevel var hun utsett til å delta i ættens kamp mot Tengel den onde. Men Tova selv hadde andre planer. Hennes eneste glede var å gjøre livet surt for andre - og var det ikke da mer naturlig for henne å ta Tengel den ondes parti...?

Very much a set up for the next book.

Det här var inte den bästa av böckerna i Sagan om Isfolket. Jag tyckte den var lite rörig, för mycket fakta. Någon sa att det behövs för de kommande böckerna. Jag ville bara att boken skulle ta slut så att jag kunde börja på nästa. Nu har jag bara 7 böcker kvar i den här serien. Sedan ska jag ge mig på Häxmästaren. Det ser jag fram emot. Hoppas att nästa bok i den här serien är bättre.

Imprisoned by Time

Tova Brink was one of most touched by curse of evil amongst Ice People. Looking at her people turned with disgust and talked 'witch' about her. But she was chosen to take part in a fight with Tengel the Evil. But Tova had her own plans. Her biggest joy was making fun of others. So will it be more natural if she would stand on the side of Tengel the Evil?

Japan!! WOW! :) It gets more twisted than before :P Still, a really good book, with great plot, ideal flow and very interesting characters. But, I guess it's a standard for Margit Sandemo's saga :)

I was not very impressed by the first story, the one about Stella. That was a common and not very good ghost story set at sea.

But the reincarnation story was better! Engaging and quite creepy! I read this book for the first time many years ago, and that echoing "Da-nou-ra" has been with me for all these years, very scary! It is one thing I do not understand, though, and that I think should have been explained: how can there be BOTH ghosts from the Isfolket (and other people), living on like individuals after death, with the looks, names and clothes they had in life, AND reincarnation - when the soul does not wander around on earth after death, but continues to a new body and a new human life after every death? If you are going to have both explanations of life after death in the same fictional world, at least you should explain how it comes together!

In this book we also get to know more about Isfolket's roots and beginnings.

Ok, this one totally rules! I love that we finally discovered some facts about Tan-ghil/Tengel's life. Plus for japanese backstory.
