Sarah says

Halloween Fantasies is a thoroughly enjoyable erotic novella guaranteed to add a little spice to your holiday, in fact I think it might just have become my new Halloween tradition to read this story.

I don't want to give too much away about the plot because it is a short story and it would be too easy to give you spoilers but I this is the perfect read for when you're looking for something short and steamy for a quick read. I often find the romance unbelievable when you're expected to believe the characters fall madly in love within a couple of pages so one of the things I liked the most about this novella is that it's about lust, attraction and fulfilling your wildest fantasies. It is easy to feel the attraction between the main characters & I really hope that Katie will revisit Sasha and Dante in a future book / novella.

Although this does include a m/f/m menage it doesn't include any back door activity so even if that is something you'd usually be uncomfortable with I'd still recommend this if you like erotica. This story would definitely count as one of my recommended reads and I know I'll be checking out anything Katie releases in the future!

Lori {Romancing the Dark Side} says

Romancing the Dark Side Review:

A naughty and sexy treat just in time for Halloween!

In this wicked and sexy novella, Sasha and her friend head out to a Halloween Ball to meet some hotties and let loose. Her wishes come true when she meets a dark and mysterious vampire named Dante (ironically she's dressed as a vampire hunter!). Drawn to his suave moves and irresistible charms, Sasha decides to make the best of her night and indulge in her fantasies. A surprise twist splices things up even more and ends in a night Sasha will never forget.

Halloween Fantasies is a hot little satisfying read for anyone who enjoys their vampires with a little erotica! Sasha is a fun and adventurous character that I enjoyed from the start. Dante is ever the sexy vampire with plenty of charm and loads of sex appeal! His brother Trevor is dark and mysterious but just as appealing, Sasha is one lucky girl! Katie Salidas pens a story full of charm, humor and tastefully delicious seduction that will leave you begging for more!

Sarah says

I got this on my nook, expecting to read another cutsy vampire romance. What I got crossed the line from

erotica into 51 pages of porn.

Laurie Garrison says

Fun and sexy and its here just in time for your Halloween adventure. Ever thought about meeting a real vampire at a Halloween ball? Well Sasha does just that, when she goes to a Halloween ball dress as a vampire huntress, but what she didn't expect was meeting two vampires *wicked grin*

This book contains hot m/f/m sex, except there is no back door. Very fun to read and it didn't take up much time at 68 pgs, so if you want a little pick me up for Halloween here you go.

Natalie says

I really enjoyed this small book that packed a huge punch. Sasha and her friend Angela head off to a Halloween party for a night of fun and fantasies. Sasha and Angela meet Dante and his twin brother, both whom are Vampires, yup real life Vampires, Sasha has always wanted to meet a real one, but Angela not so much.

I really enjoyed reading this book, the story line was great and I loved Sasha character, very open minded, passionate and sweet at the same time. Dante just exudes sex appeal and the way he's described just makes you want to go find him. His twin brother was just as hot but in a more mysterious way. Over all it was a great book, 68-pages in length, and at the end left you wanting more, I really hope another book is in store, I would love to read more about Sasha and Dante, they have an amazing chemistry together.

I hope you all will grab your copy, fill up the tub, light some candles and sit back and enjoy, I really did ;)

Nora says

Katie Salidas is turning up the heat for your Halloween in her newest write "Halloween Fantasies". It's a short read that will definitely spice up your Halloween fantasies! Sasha and her friend are celebrating Halloween by dressing up and attending a Halloween Ball as a witch and vampire hunter! Little did either of them know that there were real vampires attending the ball, which Angela detested and Sasha fantasized about! Without giving too much away, the evening for Sasha's fantasy turned into more than she ever bargained for! She not only met one 'real' neck biting vampire, but two, twin brothers, Dante and Trevor. These vampires have a few fantasies of their own, and when the three fantasies come together, all you can do is release your own unbridled passions, desires and inner fantasies!! Beware, not advised to be read alone unless you have accompanying 'devices'! It left me wanting more!

I am looking forward to more work put out by Katie. I know I will not be disappointed and would recommend her books to anyone who wants a trip to the dark side!

Katrina says

Halloween Fantasies will get your heart pumpin, your eyelashes flickering and your toes curling.. The room will get hotter, you will read faster and will almost spontasuly combust with the electricity in this book.

;) I loved it !!!!

Sasha and her bestfriends have decided to attend the yearly Halloween Ball , fate has been dealt and Sasha all raring and ready to go is dressed to kill - A Vampire Slayer !!! Little does she know on this dark and mysterious night she will meet Dante and all her Halloween Fantasies will come to life.

Dante is sexy as ** swoon ** - a deliciously - delightful, and - charming vampire, with lots of sex appeal , he wants Sasha the old fashioned way he wooes her !!! No compulsion !!!! She wants him !!!! No ifs buts or whys!!!!

Sasha is drawn into a night of passion, lust, hot sex and a night she will remember , a night she only dreamp of, full of added surprises not only her heart desired.

Halloween Fantasties is a fast paced read, chapters fluent and storyline raring from page one. I was intrigued from the begining to end. Devouring it in one swoop. It is only a short read, BUT filled with lots of goodies, great characters, dialogue and electrifying passion. What can I say Katie never dissapoints !!!!

Chrissy says

I usually don't read Urban Fantasy type of books or Erotic Novels. Not because they bother me with the adult content, because it doesn't, but to much of a good thing just gets boring to me. To me some of them (I'm not saying all of them) don't have much of a story to them it just sex all the way threw them and then boom end of story.

When I saw this one about Vampires I just had to nibble on this or should I say bite into it. Halloween Fantasies was a short novella with 68 pages I figured I would give it a try and I had never read anything from Katie Salidas before so why not. I am so glad that I choose this one to read. I sat down at my computer and before you knew it I had devoured the entire novella in one sitting. I enjoyed reading this one that I am planning to get the other two that she has out House of Immortal Pleasures & Immortalis Crape Noctem.

With this being a short story I wasn't sure if there would of been time enough to get to know the characters in the novella Sasha, Angela, Dante & Trevor. The way the author described them I was able to get to know each one of them right away.

I can't really do much describing in this review like I would normally do because it being a novella I don't want to let any spoilers out. But I can say Dante is one vampire I would love to hang out with and get to know better its a shame that Sasha got to do that. But I got the next best thing I got to read about it.

*I have been provided a complimentary E-copy of Halloween Fantasies for review by the Author Katie Salidas threw an opportunity from Pump Up Your Book. By receiving a complimentary copy it in no way

obligates me to write a good or bad review. I am an honest reviewer and my reviews are based on my own opinion and only written by me.*

Jae Davies says

It all begins with a cover.

When I saw Katie's book tour announced through Bewitching Book Tours, the title and artwork caught my eye. Next, I read the blurb and NEEDED to get my hands on this story!

The story begins with Sasha, an average girl who decides to attend the annual Halloween Fantasy Ball dressed as a vampire huntress. But she never expects to bump into an actual creature of the night!

Vampire Dante appreciates the irony of crashing into a huntress and the two begin a casual conversation. When he flashes a bit of fang, raising Sasha's suspicions that Dante is a REAL vampire, her heart races at the thought of her wildest fantasy coming true—spending the night with a vampire.

But Dante didn't attend the ball alone. Of course, he has an identical twin brother, Trevor, who decides to make a friendly wager to see who can seduce a woman without the benefit of their enhanced abilities. Can you say 'double your pleasure'?

Later in flirtatious conversation, Dante confirms that he is in fact, a real vampire. Sasha decides to throw caution to the wind and invite him to her room for a night to remember. But Dante admits to having a fantasy of his own—having her COMPLETE submission.

After a fantastic interlude of body and blood, there's a knock at the door. A disheveled Trevor enters the room after an unsuccessful attempt at seducing Sasha's friend, Angela. Sasha and the brothers exchange wicked glances and engage in hot threesome action. Who says Halloween has to be scary?

This was such a fun read and Katie Salidas sure knows how to deliver a sexy story! As an admitted vampire lover, I couldn't help but want to be Sasha for the night. Lucky girl.

I do hope Katie continues these shorts and gives us a glimpse of what happens next.

This story is a MUST read! Go grab your copy of Halloween Fantasies!

Read2review says

** For the full review please check out www.read2review.com **

is is the second erotic book that I have read for the site, and I have to say I am enjoying the genre. However my word of advice for reading Erotica – DO NOT WATCH YOUR FAVOURITE ACTORS BEFORE HAND. With that said, if you do and you end up feeling a little hot under collar don't say I didn't warn you, lol!

The story focuses on Sasha and her friend Angela. Sasha loves the whole vampire presence in her town but Angela hates it. So when they meet Dante and his brother Trevor and they pair off with the girls Angela, we hear, loses the plot and Sasha ends up getting her hands on both of the sexy vampires.

The way the sexual scenes were very very steamy and well written. I loved this story and I would love to read more of Katie's work.

I would give Halloween Fantasies a hot and steamy 5/5

Annette M Guerriero Nishimoto says

Today's review is on Halloween Fantasies by Katie Salidas

Sasha and her roommate Angela are out to have a good time at the Halloween Ball. Though Sasha has been dreaming of meeting a real vampire she never dreamed she really would, let alone meet two.

Dante and his brother Trevor decide to woo the two girls "the old fashion way", using only their charm and sex appeal. And man does Dante have plenty of that.

What starts as a night full of wonderful, hot sex between Sasha and Dante turns into a delightful ménage à trois when Trevor comes into the mix.

Halloween Fantasies; though a good read, was a bit to short for my tastes. I would have liked a little more depth. A little more back story. I think that with that, it may have been a bit more erotic for me. As it stands, it's just people having sex.

2.5 of 5 stars

Jody says

Katie Salidas has written a short story long on sexy vampires and steamy interludes. Sasha is the lucky girl fascinated by vampires who gets her chance to be up close and personal with one for an unforgettable night. She's an average girl who's very likable and is someone you'd hang out with in real life. Her interactions with her friend are full of realistic girl-talk and immerse you in the party atmosphere surrounding them.

Dante is one sexy vampire and it's easy to see why Sasha falls for him so quickly. He's not exactly suave though. He's relied on his vampiric abilities for so long that he finds acting charming difficult. I enjoyed his attempts at being charming which endeared him to me. He's not the only vampire at the party though, he has a twin brother Trevor who doesn't have to work at being charming...he just is. Talk about double the pleasure!

Which leads me to the sexual interludes between Sasha and Dante. They are hot together, with great chemistry. When Trevor comes on the scene, things get even hotter. This is erotica with a capital E!

This story was over before I knew it and I was sad when the final page was turned. I enjoyed these characters and would love to see more of them...particularly Trevor. Katie has written an enjoyably hot story with likable characters, so while the kids are off trick-or-treating give yourself a treat and read this steamy story full of vampy goodness.

Brenda says

Sasha and her room mate Angela are looking forward to a night of fun at the Halloween Fantasy Ball. Dante and Trevor vampires, as well as brothers think that the Halloween Fantasy Ball is the perfect place to hunt. Dante is dressed as a vampire and Trevor as Prince Charming. So when Dante bumps into Sasha, who is by the way dressed as a vampire hunter, she isn't sure if he is a real vampire or just playing the part, the only thing she knows for sure is that he is totally hot, and she is attracted to him. She has always wanted to meet a real vampire, and sooner rather than later she realizes he is the real deal. Now that she has a real vampire interested in her what will she do with him?

Angela on the other hand doesn't like vampires so when Prince Charming err Trevor winds up with her will he be able to change her mind about vampires?

I love reading vampire stories, and this one was a very quick read. I chose to read it because of the Halloween feel. I found the opening of the book very funny, and both Sasha and Angela were very likeable characters, and the vampires well what can I say except that they were totally hot!

Although I would Caution that this was a very erotic story, much more erotic than most of the vampire stories I have read, I felt that it was written in a tasteful way, so again I would caution that because of the sexual content I would label it adult! If the eroticism doesn't bother you then I think you would enjoy this story, it flows well, and the characters were very rounded for such a short story. I like this authors writing style and hope to read more of her work!

Steve Opperman says

This novella is another fantastic, captivating and seductive tale from author Katie Salidas who also gave us *House of Immortal Pleasures* and *Immortalis Carpe Noctem*. The characters are just as vibrant and have the same depth and "welcome to my life" reality that we have come to expect, but there are plenty of surprises in store for the readers.

Dressed as a seductive Vampire huntress, sexy Sasha gets the first surprise when she discovers that her escort for the night is a real, live, in-the-flesh vampire. This is something that Sasha has always dreamed about, and here he was, right next to her. The fun soon begins as we follow along to discover the pleasures of a night with another truly good book.

Denise Verrico says

Katie's new erotica release is called, Halloween Fantasies. Roomates, Sasha and Angela, attend the Halloween Fantasy and Fetish Ball, looking to find some excitement. They get a little more than what they bargained for in vampire twin brothers, Dante and Trevor. The brothers also have night of mischief on their

minds, and each sets out to captivate his chosen lady without the use of supernatural powers, just good old seduction and sex appeal. Sasha, who has always had a fantasy about making love with a vampire, is quite taken with tall, dark and sexy Dante. They go to her room and the sparks ignite into an erotic bonfire. However, Trevor and Angela don't hit it off, and the other twin joins Sasha and Dante for a little trick or treat fun. This tale is sure to please anyone who enjoys things that go bump in the night.
