Let Me Love Michelle Lynn

A chance encounter. An undeniable connection. An unimaginable twist of fate.

Kailey's life is crumbling. Her best friend and sister, Jen, is dying, leaving her young family devastated. With little hope of saving her, Kailey is forced to face a reality she never expected.

Trey's life is fun and carefree. He loves the girls, his drums, and his friends. That's not to say he isn't continuously plagued by a difficult decision made years ago—one that changed the course of his life.

Despite the connection they make when their paths unexpectedly cross, Kailey knows her life has no room for anyone else right now. But regardless of how many times she pushes him away, Trey only fights harder to make a place for him in her life and in her heart.

Trey thought he knew heartbreak, but he had no idea until life gave him a second chance, only to snatch it away just as fast. This time he's determined to keep his place in the life of the ones he loves.

Is there such a thing as fate? If so, can Kailey and Trey hold on to one another long enough to discover there's no such thing as a chance encounter?

I was giving this book to beta read AND I was so happy happy to do this for Michelle! I loved the first two so much! BUT I always had a soft spot for Trey in the first two. I don't know why but I was drawn to his character. SO as you can imagine when Michelle said she was doing a book for him I was like SHUT THE FRONT DOOR!!!!!!!!!!!!!! Bit much? WELL thats how excited I was! I may have went stalker on Michelle while she was writing it JUST to check and see how he was doing ;)

This story Starts off where you see Trey meeting Kailey. NOW if you haven'r read the first two books please do. Even though they are about different people the same people show up in the books. So as I was saying it starts of where they meet in the airport when everyone is going to Jess'a out. Trey kits it off with her straight away. AND this in itself is strange. Trey doesn't do relationship. He gives girls what they want then goes on his merry way. YET with her ,he just wants MORE. Don't ask why because I do not know. BUT Kailey is just.....it. He can feel it on his bones,from the top of his head down to the tips of his toes.

BUT of course the one girl Trey would find that he wants more with would have to push him away. Poor Kailey hasn't had an easy Life. Don't get me wrong she was brought up great and well looked after. But she has ALOT more going on with her family them most young college going people. She barely had time for classes let alone a relationship that can never go anywhere because in time she will have to step up and become someone else. I won't say what,because I loved the shocks and surprises in this book.

It really was not what I was expecting AT ALL! BUT I loved were Michelle went with it.

BUT please be warned its is an emotional roller coaster from start to finish. I was a mess. A god's honest mess. I looked like a racoon for most of this book. Yep Michelle is evil I know....BUT she's an evil genius! Because I know without a doubt people are gonna love this book as much as I did :) Even If I did cry a river while reading it :)

Let me summarize this review in a few words: page-turner, emotional, surprising, undeniably good, Michelle Lynn's best (so far), and a must-read.

Trey – I so loved him. How can a man-whore managed to turn 180 and become someone who is the total opposite of what he was is a wonder. But, whether it's love or just plain maturity, it doesn't really matter, because believe me when I tell you – YOU WILL LOVE HIM, immensely, totally, truly. Among the three boys in the INVISIBLES, I fell for him hard!

He was fun, carefree and will shag anyone who is willing. He had a secret from his past, a difficult decision he had to make that had changed his life. His decision and going through what he did was admirable. He knew he didn't have it in him to assume the responsibility, and despite the fact that it broke his heart, he just knew he made the right decision.

As for Kailey, she strives for normalcy, but how can her life be normal when her sister is dying? When her nieces and nephew will soon be under her care and she's just in college? I understand her predicament, her desperation, and her frustration. I'm very close to my sister, and I think it would break me apart as well when the same thing will happen to me (knock on wood!!). But her strength, steadfastness and willingness to help out was just amazing. She didn't expect Trey to come into her life just when things starts to fall apart. He was someone she was admiring from afar, and for him to finally notice her, and woo her was unbelievable. It was like a dream come true. But why now? She was in his class the whole time, why it was only now that he was seeing her? I love this girl and the only thing I didn't like about her is when she tried to decide for Trey.

He was young, he was suppose to party, enjoy life, and be with someone who didn't have baggage. But no, he stayed with her. He proved to her that he can handle the responsibility, that he would never leave her when things get tough, that he would stay even though she pushed him out the door. It was heartbreaking to see Kailey pushing him away, and him only wanting to be there for her.

And I thought that was it – but no. I was in for the biggest surprise of my life when another twist exploded right before my eyes. I didn't expect it, I didn't see it coming. I think my heart just went out of my ribcage from palpitating so hard. OMG! Why didn't I see it coming?!!!! It was fate. It was meant to be. But Kailey didn't see it that way. How can you be blind, Kailey?!! This man had changed, loved you with every fiber of his being.

Good thing, a lot of people had knock some senses into her. Thank goodness for their friends, yep, the whole gang is present: Sadie, Jessa, Grant and Brady – not to mention Trey's parents and Kailey's aunt & uncle who were pretty supportive of them. They didn't let what they have to go to waste, and they helped out whenever they could. I don't think the couple would make it through without their support system.

WOW. That's exactly what I said when I finished this novel, right after I wipe the tears off my eyes. If you ask me what my favorite scene in this book, I don't think I can choose, because this book offers scenes that had touched my heart, break it, mended it, to just break it all over again. It had make me smile, brought me tears, and made me fall in love. Let Me Love shows that love works in mysterious ways, and fate will always play a part in our lives, whether we want it or not.

So, prepare your Kleenex, Ladies, and probably some gentlemen – because Michelle Lynn will definitely awe you and make you cry with this LET ME LOVE.

Oh. My. God. WHAT A BOOK!!!!!! FIVE BRILLIANT STARS!!!!!!

This is by far my favorite installment in The Invisibles Series!! Holy awesomeness, Batman!!!!!!!!!!!!!!!!!!!!!! Seriously, Michelle Lynn's books get better and better. I firmly believe they will never be anything less than 5 very shiny stars!!! Wow!! LOVED. THIS. BOOK.

I will not go into any of the details regarding this story line. It is a book you have to experience for yourself to fully grasp how phenomenal it is. It is emotional, beautiful, romantic, and full of life lessons. And as always, I HIGHLY recommend you read the first two books before starting this one.

"All I want to do is love you."

That Prologue hooked me. Cue the *first* heart break. I found myself reading with tears in my eyes...right off the bat. Suffice it to say there were a few moments throughout the book that caused me more tears...until I flat out cried. I cried for what seemed like chapters and chapters. Sigh. I was not expecting that at all.

"I've been waiting for you my whole life."

We had already met Trey in the previous installments in this series, so I was super curious to know his story. Since *Let Me In*, The Invisibles book two, I knew Trey was super close with Jessa and very protective of her, but we didn't really get to know him. Until now. And let me tell you, what a guy!!! Trey is perfect!! Goodness, that man did things to me! I loved Brady and Grant, but holy cow! Trey wins!!! He had tattoos and piercing and if that didn't already have my panties flying across the room, his personality did the trick. He was trust worthy, loyal, funny, romantic.... And downright HOT, okay? He was HOT in every way possible.

Trey didn't do relationships...at all. He wasn't particularly interested in re-living a horrid experience he'd suffered through already. That one was *more* than enough for him. I was bit floored when he confessed just what exactly had been his situation. I felt so bad for him...I felt his pain. His confession only confirmed even more just what a strong and selfless guy he really was. I love that man!!!

"I don't need much, but for some reason, I need you."

Kailey....where to even begin. *Sniff* To say life was unfair to her would be probably the biggest understatement ever. We briefly got introduced to her character in book two, so if you read that book, you know she was hiding something. She was pushing Trey away to keep him from getting too close... Well, obviously in this book we get a full explanation. My heart ached and broke....a lot. Out of all the things I thought she could be hiding, *that* was definitely not it. How sad!!! At such a young age (early twenties) having to deal with the stress of a dying sister who would be leaving behind THREE small kids???? Plus attending college?? Whoa. Seriously, the things Kailey went through brought me to tears more times than I care to admit. It was so heart breaking. Sigh.

Kailey was strong. Stubborn, but strong. She did what she needed to do and carried on. She had a bit of a 'running' issue, but I got that. I didn't necessarily agree with her every time, but I got why she did what she did. It only showed me how much she really loved Trey. And the fact that Trey only kept on fighting for her, for them, melted my heart. He was persistent and truly, madly in love with Kailey, so he wasn't going to lose her without a fight. Things were NOT easy for them. They faced things that regular college kids should never experience.

“She is all I think about when I’m not with her. I count down the minutes until I see her again. She’s everything to me.”

FATE. Boy oh boy, did fate play a HUGE role in this book! I gasped A LOT. Like seriously, gasped with shock. Michelle Lynn managed to surprise me time and time again. Amazing!!! Fantastic!! I really cannot say one negative thing about this book. I laughed, I swooned, I cried.... I fell in love. ***Let Me Love* was truly a beautifully written, heart-felt and profound book I highly recommend you read!! I cannot wait for Dex’s book!!!**

oh. my. heck. 5++ stars!!

Trey & Kailey's story is BEAUTIFUL. So heartwrenchingly beautiful. This is a chase book, which normally I do not like. Matter of fact, for the first third of the story, I was thinking this would be a 3.5 star read because Kailey was driving me just a weeeee bit nuts! :) Really. I skipped around to get the gist of the story, thinking I wasn't going to read the whole thing, because I just couldn't take it!!

And then, as I was skipping around, I got pulled in. And so I went back to where I'd been getting frustrated, and continued on in order. I did this a couple times, but each time, when I went back, it was worth it. It was SO WORTH the annoyance, and the GRRRRing I did.

Trey & Dex seem to be having a contest of who would be the ultimate manwhore in the previous stories in this series, and even in the beginning of Trey's story. Kailey does not need that kinda guy in her life right now, but she's drawn to him, and as she gets to know him, she sees him for who he really is. And he, of course, figures out pretty quickly that Kailey is more than just a fun week in Colorado.

I can't even explain the story between Trey & Kailey. There are some things going on that it's just better to read them as they unfold. (Or, if you're like me, do the skipping around thing, but then go back & read the story in its entirety!) There is a pretty crazy, sad twist. And there is a pretty crazier HAPPY twist that I absolutely, positively did NOT see coming (which is unusual - usually I can figure these things out using clues in the story), and I absolutely LOVED how it was done.

Kudos to ML. Kudos! :)

Book 3 in this series has some mystery and sadness intertwined in its telling. Kailey breaks my heart. She is dealing with so much. Trey seems to be living the fun college, playboy life. He is in a band and in demand by the females. Eye roll. That seems to change after he meets Kailey. She has so much going on their relationship is challenged from the beginning. Oh there is some nice heat between Kailey and Trey. Wink wink!UMMM plan for some OMG surprises as this story unfolds. You might even be a doubter and think oh that could never happen. Life is crazy though so you never REALLY know haha. You just have to read to know what I am talking about. Holy heck. SO intense! Happy Reading!

Ahhhhhh I LOVE Trey! Tudtam hogy imádni fogom,már az els? könyvben kedvencem lett. Kailey,néhol kiidegelt a folytonos elrohanásaival,de valahol megértettem ?t is. Fura csavart tett bele az írón?,egyáltalán nem számítottam rá,ugyanakkor nagyon tetszett.Egy a millióhoz az esélye annak hogy ilyen a való világban megtörténjen,de legyünk romantikusak,és könyveljük el annak.
Megható történet volt,néhol összeszorult a torkom,és ha épp olyan hangulatban olvasom,tuti hogy elb?göm magam.
Nagyon rég nem sikerült egy könyvet kiolvasnom ugyan azon a napon,de ezt egyszer?en nem tudtam letenni.

*****5 stars! I actually would have rated this higher but Kailey had sort of a RUNNING problem that was a little annoying to me! I was nervous to go into this one because of the ending of the last book, but let me tell you, Trey was freaking awesome!! He is my absolute favorite of all! I couldn't say one wrong thing about him. He was such a great guy!!! I am so curious as to what exactly Dex's book will be about.

I received this book from the author for an honest review.

Ok I need to tell you a few things before I begin my review.....

1. Be ready to be blown away!!
2. Be ready for tears.
3. Be ready for amazing writing.
- 4 and 5 Be ready to have Trey the man whore win you over....cuz when we last saw him with Jessa at the bar looking to hit it with some random girl and NOT Kailey I kinda wanted to put a piece of his body (you know which piece) in a vice!!! and then SQUEEEZE away!!!

Ok so that is my 5 reasons why I rated this a 5 star read but really the writing is soo on with this book. I have been a fan of Michelle since I met her. I can tell you that I have seen (and talked with others) about the fact her writing is soooo taking off. I mean no disrespect because she could write before but WOW did she get me in this book. She has really grown!!

Ok so the book you really wanna know about right? Well Trey is a fun loving, easy going, gonna get some any place he can kinda guy. He has a different girl every night and is ok with that. Then he sees this girl and is totally changed after just one look at her. They hit it off and he thinks she maybe the girl to make him change. He totally isn't the man whore but a GENTLEMAN!! IKR!! TREY WAS A GENTLEMAN!!! (feels his forehead for a fever) Kailey on the other hand wanted to be just another one night. She knew Trey from the bars scene and school. She wanted to use him for some fun loving to take her mind off of everything. And friends she has her hands full for sure!!! Her sister/guardian/mom figure is dying. Kailey is helping her brother in law with the kids, house and try to go to school. That is alot for any person let alone a 21/22 year old!!!

So Kailey keeps Trey on his toes. She keeps running and pushing Trey but he will not give up. He knows she is his everyting . She is the person he has been waiting for. So he defo has a hard time with it but when they finally stop the running and admit to love...its a great scene!!!

Now Michelle's writing...remember that paragraph above? Well she drops a couple huge bombs in the book....like "WOW I cant believe that" kinda bombs!! I willtell you that one of the bombs has me very teary because I can so relate to it personally. Then the second bomb I even messaged Michelle and yelled a not very nice word at her for the tears that fell but the 3rd bomb, let for breathless. My heart was pounding and

was just as confused as the character who was bombed on....lol

If you enjoyed the previous books in the series you have to read this book. It is a must read. I loved how we get to see everyone throughout this book...even ROB!! I cannot wait for more!!!

Shay says

I just finished Let Me Love and I just loved it!! This is apart of The Invincibles Series with Don't Let Go(Brady and Sadie) being 1st. Let Me In (Grant and Jessa) is the second followed by this one. This is about Trey and Kailey. You could read this as a stand alone but why in the world would you want to do that. So if you have been reading this then you know that Trey and Kailey are together in Let Me In but there is a little bit of a mystery to it because you do not know their story. You will now! Trey is a horn dog, goes through women like no one else but wants he sets his eyes on Kailey that is it for him. Kailey has a lot of secrets and is afraid to open up but knows what Trey does with women so how can she really feel like she is special to him. You have to read this to see how this goes....

This series just keeps getting better and better. I thought it flowed really well and love how the story starts out with what is going on but then goes back to see what happened in the past. Trey is it for me. He is sexy and man does he fall for her quickly. The harder the fall the sexier it is. I kid you not. Kailey is such a sweetheart, I truly felt bad for her. She has a lot of responsibility that she has to deal and just wanted to help her myself. I loved the chemistry between them. The sexual banter was funny and sexy at the same time. I just loved them. I also loved the fact that she knew him but he didn't know her and it upsets her to a point. Man he had me at....

"Im sorry I never noticed you before, Kailey, but I see you now. Your all I see....all I want. You have to believe me. No girl comes close to what you do to me."

SIGH!! Be still my beating heart!! SQUEAK!!

I loved how it was in both of their point of views, it is always good to read it that way because you get a sense of what is going on inside their heads and hearts.

It was good to see how everyone else was doing. Sadie, Brady, Grant and Jessa. Cannot wait to see what happens with DEX, AKA Hulk. Sexy beast!

You really do have to get this story. I loved it and I think that you will too. It has everything you can ask for. There is a lot of love but some sadness, its comes with this story but you will enjoy it all the same.

This was such an emotional book for me to read. I spent a good part of this book in tears. But every last tear was so completely worth it. Michelle Lynn did such a phenomenal job with Trey and Kailey's story. There was so much to this book and I am afraid my review is just not going to do it justice. It was by far my favorite book in the series and both Don't Let Go and Let Me In were amazing in themselves. And who knew that I could end up thinking that Trey is my favorite guy?

Trey likes women, well, he likes women as long as there is no need for a relationship or an attachment of any sort. But when he meets Kailey, all bets are off. Their connection seems immediate. But the more Trey falls for Kailey, the more she pushes him away. She only wanted the one night that Trey is so known for but there is something so undeniable between these two and Trey is not giving up that easily.

Kailey just had my heart broken. Her sister and best friend is dying and Kailey is taking on so much for someone her age and it is just heartbreaking. I know it is so much more than I would have been able to handle at her age, but she is dealing with it all.

It was just hard watching Kailey push away from Trey. But really, he is not known for relationships. She didn't want anything more. But as it turns out Kailey has done something to Trey. He is determined to get the girl. He wants to be there for her when she goes through this difficult time in her own life.

When these two are together, you just know. But the more Kailey pushes him to live his life and go on without her, the more he pushes back. And just when you know that this book is going down one path, it shifts and changes directions. This one is just not one I saw coming.

Michelle Lynn's writing style is addictive. She takes amazing characters and makes them family. She takes emotions and moves them to an entirely different level. The writing in this book is gripping, moving and unrelenting, but absolutely fabulous. Now before you think this is just one big emotionally broken book, I have to tell you, I spent quite a bit of time laughing too. So yes, it was emotional and I cried like a baby, but it was full of humor as well. This book just encompassed so much and I know that I cannot do it justice in a few paragraphs, so take my word when I say, you have to read this one. It is fabulous!

This book can be read as a standalone, but this series is just too good to miss. Michelle Lynn does something amazing in her writing and it just pulls and twists and unrelenting you just don't want to put the book down. And you are right, I didn't put it down. It was emotional, humorous and full of angsty love. I adored this book so much and I can't imagine giving it any less stars than five. It is AMAZING!

Kerri Mirabella says

Let Me Love is the third book in the Invisibles series. I read this book on a recommendation knowing that it was part of a series but that it COULD be read as a standalone. After finishing this book I ran over to amazon to buy the first two in the series all the while kicking myself in the ass for not reading these books sooner. Michelle Lynn is an author that EVERYONE should give a chance. I can promise that you wont be disappointed.

From the emotional prologue that had tears streaming down my face, you know right away that this book would be an emotional journey. Let Me Love is a story of fate, love, loss, strength, and growth.

Trey lives a carefree life as a rockstar drummer with a different girl every night of the week. Love failed him once and he never wants to experience that heartbreak again. That combined with life changing decision made years ago that still haunts him and its no wonder that Trey doesn't want "more". Until he sees her....

“You’re everything...everything I didn’t know I wanted, but everything I’ve needed.”

Kailey is a young college student that has experienced more loss and heartache than anyone her age should have to endure. Now she is preparing herself for yet another blow with the impending death of her best friend and sister, Jen.

Kailey and Trey meet on a plane headed to Colorado for spring break. Kailey knows exactly who Trey. She has every intention on having a little bit of fun with Trey and then moving on with her life. But one look at Kailey and Trey knows....she just may be the one that makes him change his playboy ways. Kailey wants no strings attached but Trey isn't giving up without a fight....

The love, dedication, and determination Trey shows to not only Kailey, but her family as well, is beautiful and inspiring. I was rooting for Trey the whole way, especially when Kailey put her shoes on and took off running...over and over again. The chemistry between them is palpable, undeniable. This story contains plot twist after plot twist that you never see coming. That one at the end....WOW. I read a lot, so when another can get me with a twist thats comes out of left and you never see it coming...that's a winner in my book.

This is a heartbreakingly beautiful story that will stay with you long after you turned the last page. Michelle's characters are so well developed and you just cant help but fall in love with them. An easy 5 star read that i highly recommend!

Melanie Codina says

Okay, so now that I've read all three books in this series so far, I have to say, they get better with each one. After reading book one, I loved Brady. After book two, Grant was the best. Now that I know Trey, he might just be my favorite.

Let Me Love have everything I wanted and needed in a book. It had drama, angst, and love. It had some

serious OMG moments where I actually gasped out loud. There was even the periodic desire to slap the author. I needed tissues for sure and my eyes were a little puffy when I woke this morning. All good signs in my opinion.

The story of Trey and Kailey has many ups, downs and surprises that I wasn't expecting. It was refreshing and realistic while the turmoil wasn't predictable. The beginning of the books starts out with a bang, tears and all. And even though it prepares you for something that will happen later, it doesn't prepare you all of it. That is probably what I loved the most about this book. It gave me a taste of what was coming, yet I still wanted to read it. And it knocked my socks off when I got the whole picture. It was brilliantly done.

The emotions Kailey felt over her sister were palpable and tore at my heart. The shame Trey felt for his mistakes, all of them, made me want to hold him. I loved how we were able to revisit Brady and Sadie, and Grant and Jessa. Even the way this story overlapped events in the first book was great. In other books where this has happened, I was bored thinking I already knew all of this ... but not with this one. I can't stress enough how well done the story line was and how much I thoroughly enjoyed this story.

I highly recommend this book to everyone. It's a must read and I will definitely be moving on to Dex's book when it is released.
