## **Make Me: A BDSM Romance** Cate Bellerose

Sassy mouth, spankable ass, curves that won't quit. I can't get Dawn off my mind.

The chemistry in our scenes is off the charts, but me and love parted ways a long time ago. I can't let her get used to me riding in to save the day every time she's in trouble, but now she's under my skin, and to make her behave I might just have to make her mine.

- - - - -

Gabriel loves my bratty attitude, and I love the way he puts me in my place. No Dom has ever worked me over like he does. It's like he knows my body better than I do. What it needs. What it can take. He doesn't want a relationship, but that's okay. I don't need forever, so long as he gives me tonight.

That all changes when he saves my life. Now I'm falling hard and fast, but it'll take more than making him breakfast to convince him I'm not like his bitch of an ex. He needs me as badly as I need him, and I'm going to prove it the best way I know how.

By giving him a challenge he'll never be able to resist.

Me.

# From Reader Review Make Me: A BDSM Romance for online ebook

## Kristina says

SO love me some kindle freebies. My 2.5 rating is reflective of the cookie cutter story line. Main character Gabriel runs a BDSM club and becomes Dawn's superhero in a isn't-it-fate kind of moment. She swoons, wants him. He resists. Makes comparisons to his ex. She vows to make him see her differently.

This probably could have ended up a 3 but I have real issues with bratty female characters. They're overplayed and cliched.

---

## Donna G. Frew says

### Perfect erotica romance!

I have only been reading erotica for a month or two, but I've already seen that many of the books basically adhere to a formula. Not this book! Make Me is part of a scintillating, hot bdsm series by Cate Bellarose. I could only find 3 books by this author, and they were so great that I downloaded and read them immediately after finding the first. This book is so sizzling that it's unreal and on top of that, really really humorous., believe it or not. I found myself gasping at the very hot scenes and lmao at the same time, a very odd but fabulous condition to be in! I can definitely say I will miss these people now that I'm finished reading all three of these books.

## Shurrn says

**Loved this story - Sweet heat and laughter - Absolute Perfection.**

*She's a dash of color in a sea of black leather, black makeup, black hair, black everything.  
It's like no one thinks BDSM can be fun anymore. All serious and angsty. And then there's Dawn.*

A truly fabulous Novella worthy of repeat readings.

I was able to read the story in a single sitting, and by the time I finished, my face hurt from grinning so much. I even laughed out loud more than once!

This is a light-hearted and sinfully HOT read - perfect for those who like a little D/s in their romances. It wasn't angsty, there were no untouchable, impossible characters - No squillionaires with dark pasts... No virgins being tempted into a life of BDSM...

Yes we were treated to some deliciously kinky scenes, but we also had believable characters and laugh out loud humor. The dialogue between the two main characters really made this a 5-Star read for me.

## **Dawn**

*She's a goddamed angel. Sure, a bratty little angel, but that's how I like 'em. Domming's no fun with someone who just rolls over and plays dead.*

I LOVED this character! If she was real, I'd want a bestie just like her :)

She's a short, curvy, foul-mouthed modern woman working toward a career as an architect... Who enjoys blowing off steam with a good spanking.

A wonderfully bratty sub - she likes to earn her punishments by pushing her Dom's buttons. She talks back and has a spine of steel. Luckily, she's also a total pain slut, because Gabriel loves bringing difficult subs to heel.

## **Gabriel**

*He really is my guardian angel. I had no idea angels were batshit insane, though.*

Gabriel runs a BDSM club and became an accidental superhero for Dawn when he met her on the street one morning.

He brought a new life to the typical "Dom who has sworn off relationships" character - he knows he falls fast and hard. To protect his heart from getting involved in another disastrous relationships, he keeps his kinks at the club...

The POV was split about equally between Dawn and Gabriel. They're tempting each other into something bigger than a physical relationship, even though both characters are wary of opening themselves to another.

The chemistry between these two was fabulous. When Dawn and Gabriel finally came together it was melt-your-Kindle hot!

**\*\*\*I was provided with a copy of this book in exchange for my honest review\*\*\***

## **Kristy Dean says**

### **Another great BDSM romance**

This was the second book I have read and love from this author. I did buy the rest of the books in the series since I will re read them a lot.

Overview. Dawn was having a bad week. Her boss has been hard on her and parking issues at her place have not been good. She is cursing the two cars that have her blocked in when Gabe comes up and offers help. The biggest shock is when Dawn is at his BDSM club and he notices her bad behavior. Gabe steps in and offers her Dom another form of punishment for Dawn being a brat. Dawn pushes Gabe to his limits but he wins. Gabe offers to do another scene with her later. Gabe finds that he can't say no to her and her brattiness. But when Gabes ex girlfriend Vivian comes back, Dawn feels like she can't compete. Even though Gabe only has eyes with Dawn. His dark master skills crave Dawn.

## **WBS-S says**

I think I might have been hasty in giving all the books in series three stars, thus I have revised my rating to four stars. I thought every one of these books was interesting and offered a good story with good sex scenes. I think my hasty decision to give this only three stars was because these books are a little short. Anyway, read this if BDSM Romance is your preferred genre, as it certainly is mine.

## **Olivia Rigal says**

Loved it.

It's a nice BDSM book, lovely interaction btw the character and sweet action.

Nice and hot.

I'm delighted to have found a new author.

Couldn't wait for the next one (Teach me) and got lucky enough to get a ARC.

See my review for it!

## **Miranda Whore says**

Review for Make Me by Cate Bellerose

Make Me by Cate Bellerose is an erotic BDSM romance. I've read a ton of BDSM books and it's extremely rare that I find one that is not only sexy, but funny too. The writing style has a great flow to it, I never felt there was a lull or that the author was just adding things to add them. She took full advantage of every word in this novella, building the scenes in a way that you were THERE.

I love Dawn. She's no wilting flower and I respect that in a submissive character. So often the sub is written as a pushover who questions what she is doing internally and nauseam ... drives me batty. Dawn, she knows what she wants. What she needs. She owns it. FINALLY! And she's hilarious to boot. I mean laugh out loud hilarious.

"You know your safe words?" I put as much menace into my words as I can.

She rolls her eyes, making sure I see it. "Yeah, yeah. Yellow for slow down. Red for Stop. Blue for your balls. Green for go."

Gabriel. More please?

"I do what I fucking want. Grab your tits. Grab your wet little cunt." ... "Bend you over and fuck my big cock right up your tight ass. Whatever I fucking want."

So, that about sums him up. Really, he is like all the best parts of a heartbroken Dominant who likes to come to the rescue. Very swoon worthy.

Make Me is a FOUR star read with FIVE drenched panties for amazingly intense BDSM scenes. This bratty sub and sexy Dominant will get under your skin and you'll want more by the time their story ends.

Review by the Head Whore at Mommy's a Book Whore.

### **Julie Kemp says**

#### **Just okay**

Nothing to great. Characters ate okay but it wasn't a book I couldn't put down. Not interested in reading the next one

---

### **Rose Howse says**

I really enjoyed this quick read about Gabriel and Dawn's connection through BDSM. Dawn was more of a brat than a sub but it made for a fun read. Gabe is a decent dom and neighbor. Their quick connection and good match to scene with fit just right with this quick to read sexy story.  
I am enjoying finding other books by Cate Bellerose, haven't read a dud yet!

---

### **The BookChick says**

Make Me was definitely steamy enough but I felt that there was little connective tissue between the actual story and the steam. I never felt any established trust or connection between the characters so their sceneing together did not feel true. I felt the strong lust between them, but I didn't get a good sense of why their feelings developed so quickly when they didn't know anything about each other. My neutral feelings are perhaps because I'm biased after reading so many books in the genre where the characters feel right today in their kink. I just didn't feel it in this one.

---

### **Naughty says**

Hot and quick with some good impact scenes.

---
