Mr. Hollywood Lacey Weatherford

Multi-time #1 International & USA Today Bestselling Author, Lacey Weatherford, is back with a beautiful and steamy adult contemporary romance that will take readers on a gripping emotional ride!

“Z McCartney is my new addiction—one I never want to be cured of! So tortured, so sexy . . . he's at the top of my list for new book boyfriends!” – Belinda Boring, Bestselling Author of *The Mystic Wolves*

"You don't want to miss this beautiful and steamy love story!" – Vonnie Hudson, Book Cafe

"Lacey Weatherford has done it yet again! . . . Bravo for another awesome book!" – Lisa Markson, *The Paranormal Bookworm*

". . . A rollercoaster you never want to get off. This is one of my favorite books of hers ever!" – Julie Engle, Book Café

Overview:

Women want him.

Men want to be him.

But sometimes things aren't always what they seem.

Blurb:

Hollywood's brightest star has it all; fame, women, and more money than he could possibly know what to do with. Unfortunately for the actor known as Z. McCartney, that's also his recipe for failure. The problem with being "on top," is there is a long way to go when you fall. He didn't mean to get addicted to drugs. It all started out harmlessly enough. But now faced with rehab, he knows he's in a world of hurt.

Thankfully, Z is ready for change. He is ready to commit. However, it's not his newfound sobriety he's ready to commit to, but his nurse, and former high school sweetheart, Aubrey. Everyone knows relationships are a strict no-no for a recovering addict. Z doesn't care though. This is his Aubrey, the one who got away, and he's more than happy to try and persuade her to his way of thinking.

Only one problem...Aubrey is a stickler for rules, not to mention she's already been burned by Z and won't give him the time of day. But that's okay. There's a reason Z is the #1 actor in all of Hollywood, and he plans to pull out all the stops to get this girl.

*Note: Recommended for 18+ due to mature themes and subject matter.

**A Celebrity Novel: This book is a standalone novel, but will have future companion stories that follow. All books can be read apart from each other.

I was not a fan of Z or Aubrey. I think she forgave him way too quickly and I just couldn't find one thing that I liked about Z. :-(

I love all of Lacey's books, but this one is definitely not my favorite.

Julie Engle says

This book was amazing. It really and truly was the best book I have read in a long time. This story played like a movie reel in my head with the way that the author used words, imagery, emotions and the plot. I really don't think that it could have gotten any better.

A little recap of some of the books without spoilers....

Mr. Hollywood (Zane) is the big man on top in the acting world. But he came from a small farm town working with his hands just like anyone else. When he got a chance to leave the farm behind and try his hand at modelling; he took it. But taking that opportunity meant leaving behind the one thing that he loved; Aubrey. But he promised to come back for her when he had the means... But 10 years passed without a word. In turn, Aubrey has given up hope in Zane (or Z as everyone else knows him). One day their worlds collide in the most spectacular way. Your emotions will go up and down and twist sideways before you are done with this book. You will love every part. If you don't it's because you didn't actually read this book.

Karen says

Well, Mr. Hollywood was probably a realistic portrayal of an addict who was an actor by profession. It was not a pretty or charming picture to be honest. The storyline was quite educational and as therapy brought more issues to bear the right track of getting help was followed. Having reconnected with his first love we also get fun and sexy as well. Very entertaining read. Well done, Lacey Weatherford!!!

Zane é a prova de que se não estivermos devidamente estruturados, quando estamos face ao glamour podemos por tudo a perder e que uma adição, seja ela qual for é uma espiral descendente.

Apesar disso se alguém nos consegue amar para além das nossas faltas isso é o verdadeiro amor.

Aubrey é talvez a única hipótese que ele tem de conseguir voltar a encontrar-se, mas poderá ela perdoar todo o mal que ele lhe fez?

Quando a mim até um pouco facilmente demais, mas gostei da forma como o tema das drogas foi abordado: o primeiro passo é sempre admitir que se tem uma adição.

Leo (Queen of the Rants and the Crazy) says

No this book is awful I usually like this authors books but this is horrible he cheated on her with lots of women he slept with a man he's an addict and she's so damn stupid she went back to him I wish I can get back my 3\$ waste of money and time. HORRIBLE

Jess says

Lacey did it again with Mr. Hollywood. I really loved the first half of this book! Aubrey had the perfect boyfriend, her best friend. Zane finally has the girl of his dreams. Then they grew up. Zane went to Hollywood, became Z McCartney. Aubrey picked up the pieces of her life that took a wrong turn and created something strong and beautiful. Years later Z has it all. Sex, booze, drugs and it's ruining his life. When he is forced into rehab, Their worlds colide. Again.

Sue Brooks says

Have you ever picked up a book to read (or done it with a kindle like I did) and once you started reading it, you realized what an awesome story it was and just how realistic it seemed - and then you found that you just couldn't put that book down until you were finished??? Well, Mr Hollywood by Lacey Weatherford is just that kind of book!!!

The way that Lacey describes Mr. Hollywood and the life that he is living in Hollywood is so realistic that it is unreal. We all know the things that actors go through and deal with in regards to the fame. The way the Lacey describes everything in such detail makes the story ever more realistic. I don't write spoilers - so I won't say much more than I was thrilled with the ending as well as the entire story.

This book is a MUST MUST MUST read!!!

I was given a copy of this book for an honest review.

I received a copy of this book for a honest review.

Oh my goodness. What am I going to say about this book. First off I thought it was just perfect. The beginning was so sweet and passionate. And then your heart breaks. But you then learn Zanes story and what's he is doing with his life. When things get really bad. That's when we are introduced to Aubrey again. And the story gets really explosive. I love the dual character chapters. Makes a book a bit more interesting cause you get to know both sides of the feelings and story. This book was amazing to read. I couldn't put it down all day. Every part kept me hooked. It even played with my emotions a bit. I was almost in tears. I was laughing. And I enjoyed every minute reading. Thank you Lacey Weatherford for this amazing book. - <3

Jeanine Walsh palinkas says

I loved this story! Yes, mistakes were made by both major characters, but life goes on. Addiction and guilt are real issues, and often go hand in hand. Sad, but true. Ms Weatherford wrote a remarkable story about finding one's true self and moving on. Loved it!

Vonnie says

Being a famous Hot Hollywood actor doesn't mean your real life is perfect. Lacey Weatherford beautifully brings to life the struggles of a super star Hollywood actor who was a small town boy that made it big in Hollywood, only to lose himself along the way. Can his first true love help him find his way back. You don't want to miss this beautiful and steamy love story!

Gayla P. says

It had a promising plot - one that always excites me cause Celebrity romances + second chance romance always have a spot for me but I guess it failed on the build-up. I wasn't too keen on her forgiving him too quickly. The storyline was lost after that part.

Jamie Rhodes says

This has the makings of a great series about people in Hollywood. In this first book we have Aubrey and Zane. Zane and Aubrey were high school sweethearts. He left for Hollywood, promised to return for her, but he never did. You will ready why he didn't return as well as what happens to her in the meantime. I didn't like the first descriptions of Zane. I don't like the sex fiend type. He honestly made me sick with all of his women. I was so glad that Aubrey, once they met again, made him work for it. I think she forgave him to

quickly. He should have had to grovel a bit more. We get an insight of the addictive behavior that is so common in Hollywood (not trying to be judgmental, just being honest). There are some very touching as well as tough moments in this book. Dual point of view. No cliffhanger.
