### **Disha says**

R K Narayan is by far my idol. I wish I could see him alive. What a legend! He grasps Indian culture very delicately and spins it off in a way that the audience not only remembers but also enjoys his story telling. His short stories are absolutely funny and showcases how India has evolved. He talks about everything from marriage- to - education. That's the best part- you can relate and learn from his viewpoints and story telling. You have got to read this if you like learning about Indian culture. I loved his book so much, I gave it as a gesture of appreciation to one of my favorite professors.
