Sold To The Dragon King Daniella Wright

Sold To The Dragon King: A Dragon Shifter Paranormal Romance + *Bonus Books*

Rynna is not your average young woman. Living in the slums, she lives with her parents as well as ten siblings. She works hard with her mother to see that her family is provided for. When her parents inform her that they have chosen a husband for her, she is surprised. With no dowry to offer, she had yet to receive any offers for marriage.

However, the truth of the matter ends up being much more insidious. Sold for a bag full of coin, Rynna is thrust into the life of a slave. Though she makes some friends along the way, she can only wonder if she will find safety. The answer seems to come in the form of an elaborately dressed man.

Finding herself among a dozen others, she realizes that she has only found herself with another question.

Would she be chosen by the Dragon King?

AUTHOR'S NOTE: This is a stand-alone story with an HEA, so no cliff-hangers! This story contains explicit love scenes and is intended for 18+ readers only.

CONTENT NOTE: *This is a short story that may be read in under 2 hours. This book also includes an extra 5+ hours of bonus stories for your enjoyment.*

From Reader Review Sold To The Dragon King for online ebook

Monica says

Interesting storyline. It's unbalanced and doesn't have enough in certain places in the story and has too much in others. I felt no real connection between the Dragon King and Rynna. I found both characters off putting. Just a unique situation I guess? He has relations with all these women in his harem but only has love for her while having relations with other women? Just not easy to buy into that.

Pat says

The good storyline and the great characters made this book a very enthralling read!

I voluntarily reviewed an advanced reader copy of this book.

Karen Bass Compton says

I did not like most of it. Stopped reading at 26%.

Not interesting to me. Same old stories with nothing new usually it is hard for me to stop reading, but this was hard to read because I did not like the wornout plots and the characters seemed two-dimensional.

Mary Brannian says

Sold. Sold as you would a pig, or a cow. Sold for a sack of gold coins. Sold. Lied to and betrayed by the ones Rynna loved the most: her parents. Rynna knows their lives were hard, but at least they had each other. Now, Rynna is a slave, to be sold to the highest bidder, never to see her family again. Sold.

Terrified of the outcome, Rynna has not the slightest clue what to expect as a slave. Horrified of the situation, terrified of the unknown, Rynna faces the greatest challenge of her life, the way she has every other challenge: with her head held high, hiding her fears.

When Rynna finds herself purchased for the Dragon King's harem, she's apprehensive; she's never done THAT with a man before! But Rynna quickly finds out what all the fuss is about, and her life takes an unexpected turn.

Sold To The Dragon Kings contains several different stories, all of which flow seamlessly from one to the next to the next. A very enjoyable read, with some graphic sexual scenarios intermingled with intrigue, betrayal and violence. But through it all the love between Rynna and Ayshek shines brightly; as brightly as dragon scales flashing in the bright sunlight. A very enjoyable read.

The Book Junkie Reads . . . says

Good beginning of a young woman story . . .

This was just a beginning of a story that could be developed into more. I was not so sure about all of the extras. Especially when I did not feel that I was satisfied with the original story offered for consumption.

Pamela Street Gramlisch says

Rynna is sold to an auction by her parents for a small bag of money. She is one of many children, but her parents didn't tell her she was leaving until the day of and her parents told her she was getting married to someone. They tricked her! She ended up being bought by the Dragon Kings harem. This book takes you so far into a different life and such love! Also kidnappings, domineering men and their pain loving women. Plus the dragons, gnomes, trolls, necromancer, and so much more. Plus all the extra stories the author includes at the end. I so enjoyed this whole book!

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

Kathleen Nichols says

I volunteered to read an advance copy for an honest review

This is the first book that I've read of Ms. Wrights and I enjoyed the book. I will be looking for more of her work to read. The characters were engaging from the beginning making the book flow even though the story was a little slow to start. The book was an easy read that was entertaining and engaged the readers hearts in a number of places in the book.

The storyline and world were well thought out. The story introduced a supernatural that I really don't recall being in a story that I've read before. It's kind of different to have gnomes as an aggressive and threatening creature. The book has plenty of steamy action for those who enjoy it of which I personally appreciate it in a story. You should have a look at this book which I'm sure many will find enjoyable though it's an 18+ read.

Kellie Harrington says

This little collection of books is dangerously HOT!!!! There are young women in small towns that are either sold from their families or some are just stolen on the streets.

This book has dragon shifters, HOT dragon shifters, the King of Ra'angra' is a dragon shifter, he buys human women (the girls that are taken and the ones sold) at an auction filled with poor woman and female children. He will choose them, clean and feed them until he chooses one for him and his men that are under the King. The winning wench is his property to do anything for him, but he didn't think she'd help him fall in love. The beginning of the book was very sad but it heated up early into the book, all the books in this collection I would classify in the couldn't put it down section. The actions against each territory as they go

to war or the action in between the sheets is breathtaking. It's not overly sexual but those parts were steamy if i could say so myself, I had to have my hand fan close by while I was reading.

Daniella Wright is a great author, and I hope to read more in the future. No doubt this needs 10 stars, can't deny it, Daniella did it, i'm pointing the finger at her. I do know she has many books written, but when you want to pick out anything pick this one out, then proceed on the next book from Daniella, then the next etc.

don't forget to leave a review, indie authors need our help to spread the word with their amazing talent.

Karen Nastasio says

I enjoyed this book and each story had its own set of dramas that kept you reading more and more. Rynna, Ayshek, Brand, Trinity, Caspian, Sorka. All these women come from different backgrounds and yet bond together because they have been sold by there families to slavery for money and now there lives are not there's anymore and so they must make the best of it and hope they find themselves with a very nice master and not a cruel one. All these strong men want is a woman that fills there needs both inside and outside of the bedroom but never did they think that they would fall in love with them as they are all slaves, but it happened but can they get there HEA. Read this great book to find out.

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

Emily Dickson says

The story had a good storyline and was a fast read. Lots of sexy time and I just wish there was more development . I really like Rynna as a character but it was just an okay read for me. I am voluntarily reviewing an arc I received from Booksprout.

Patricia Hoffstaetter says

This is a intriguing book to read and I really enjoyed reading it. What you will find in this book is: dragons, trolls, gnomes, drama, suspense, intrigue, adventure, action, magic, betrayal, war, abduction, fear, lust, love and steamy erotic scenes. The story-line and plot is well thought out and written. The characters are well developed with personalities and react to various situations they find themselves with feelings of fear or happiness. I would recommend this book to people who like to read this kind of book.

Marlene Davis says

Light, quick fantasy read for main story, with a lot of bonus stories after. A poor girl, who is hoping for marriage, is actually sold into slavery by her parents. She is bought by representatives of the King of the Dragons and is actually quite happy in her new life. Eventually she and several others are presented to the king and is eventually chosen as a new member of his harem.
