Stalked Roxie Odell **A Steamy Hot Alpha Biker Romance Series**

Mariah Brannigan is as beautiful a woman as she is talented. Maybe that's why she's being stalked. When she and her band play at Baltimore bars frequented by the notorious Robinson Street Bikers, biker captain Nelson Primeaux will simply not take no for an answer.

Just when Mariah never wants anything to do with another biker again, a chance encounter with a Good Samaritan and off-the-hook hot biker by the name of Cody Dallas changes all that. He always seems to be at the right place and at the right time, namely in the middle of her heart, and saves her from Nelson's clutches.

However, Mariah learns that Cody's club, the Black Riders, are major rivals of Nelson's very powerful club. When she hears Cody is a player with the ladies and his romantic courtship is just one play of many to rule the streets of Baltimore, she's devastated.

Can the unbelievably good-looking and seemingly tender Cody Dallas prove to Mariah that he's a biker with a true heart?

Kahea says

Short and Sweet Mini Review

This story had a lot of potential, but it just fell short of the mark.

My main issue isn't with the characters, though I wanted to smack Mariah a few times, it's with the lack of editing and proofreading. The author hit every single topic that was in the description, but the flow was just off. Sentences ended abruptly or were written in such a way that I had to go back and re-read them because they didn't make sense. Then there was the fact that we are introduced to a friend of Cody's as Andy and then later in that same chapter he's all of a sudden Adam. Normally, I can brush things like this aside, but there were just too many in this story that ignoring it wasn't an option and significantly decreased my enjoyment of the story.

Other than the editing/proofreading thing, Mariah and Cody were decent characters, but that's about it.

Mariah was all over the place with her emotions and reactions, the best word to describe it is spastic. Does the stress of having a stalker play into it? Yes, but some of the things she did had me rolling my eyes. Cody had the protective alpha male thing going on, but other than the fact that he rode a bike and said he was with an motorcycle club he really didn't give off a biker vibe to me at all. Their relationship falls into the realm of insta-lust and their interactions just felt awkward. As far as this being an MC story...eh. It falls into the MC light end of the spectrum. We are told bikers are involved and they do sketchy things, but never get to be apart of either club.

Note to future readers: Stalked is actually a short story and there is another book included with it that is by a different author. I did not read the second book.

Review:

<http://i869.photobucket.com/albums/ab...>

Stalked by Roxie Odell is the first book in the Black Rivers MC Series.

We meet Mariah and Cody in this steamy read.

Mariah is the lead singer of a band that has been playing local bars. She has unfortunately captured the eye of Nelson Primeaux the captain of the Robinson Street Bikers. He won't take no for an answer and has started stalking her.

On the way home after a show her car breaks down in a bad part of town, Cody Dallas comes to her rescue and eventually asks her out. They have a very hot connection and move into a relationship. Things start to get worse with Nelson, which causes Cody to go into protective mode. He is a member of Nelson's rival gang the Black Riders. Mariah ends up hearing some things about Cody that cause some doubts in her mind about his intentions.

He has a history of being a player. Is he really in love with her or is he using her?

Mariah's feistiness and strength were great, even when the opponents could literally squash her. We do end in a cliffhanger that leaves you with many questions. I really enjoyed Stalked and I can't wait to read Ambush. There is also another book that comes with Stalked: Alpha Biker from Lexy Timms.

Joann says

Intriguing

This is a very hot sexy story with plenty of action and intrigue. I love the interaction of the characters, I can see many stories to be told. I want to read more about these two.

Rickie says

What? I'm rather disappointed with this story. I was all set to enjoy and it did start off well enough, but for me it went downhill from there. There was definitely chemistry between Cody and Mariah, and I laughed at the opener, but when the plot degraded I almost found myself trying to skim through to find something with an interesting flavor. I don't know if this was meant to be released as a novella since it was soooo long. This was my first read of Odell's books, and as much as I hate to say it, will probably be my last. Content didn't flow well and there were contradictions where vandalism was done and then worries of being followed home. It can't be both, and this was only a first.

I love a good "Bad Boy" story, but for me this was just bad.

Dana Busenbark says

This book was a quick read with only 9 chapters in it, but there was a bonus book with 12 more chapters. I loved the premise behind this book, the title says it all. I suppose the question really comes about to ask, "Who is stalking Mariah and why?" Mariah is just a singer, of a local band. A good one apparently, but just a singer. Who has decided that she needs a special brand of his attention? Love the little puns that are in this book. They're fun and make you chuckle when you catch them. Who is Cody Dallas? What does he do to help her when she's in trouble one night? Gotta love those filterless moments when you open mouth and insert foot because you're brain's filter has turned itself off and things come flying out of your mouth that you wouldn't normally have said. This was a fun little read. Enjoy the story!

RECEIVED THIS BOOK AS A GIFT FOR A FAIR/HONEST REVIEW and REVIEWER FOR Bloggin' With M.Brennan.

bella ? [bella farren] says

After finding this book free on ibooks, I was intrigued by the premise but from the beginning of the book, my hopes were dashed. I found the main character Mariah Brannigan painful to read about. She was self-centred, ditsy and made stupid mistake after stupid mistake.

There were many occasions that she threw herself into danger (against people she had no hope to beat) or was just disgustingly aggressive. She was sex-obsessed and frustrating. The plot was sub-par and boring, the only saving grace was Cody, although even his character had worrying flaws. It was a big red flag when he deleted Mariah's number and refused to talk to her because he found out that she may have slept with an enemy biker, despite admitting that he had been a player before Mariah.

I would not recommend this book at all, a major let down that I'm glad I didn't pay for.

Maya says

I guess I'm back in the famous reading slump. Uggh.

I'm sure I'd have enjoyed the story more, weren't it for that, but here we are. That's also the sole reason I gave 3 stars. I can only hope my mood passes soon. :(

Nerdy Dirty & Flirty says

Mariah Brannigan is the singer for her band, Gravel. They mainly play at bars frequented by bikers. When Nelson Primeaux, president of Robinson Street Bikers, asks her out and she says no, he goes a little crazy. Cody Dallas is president of a rival club, the Black Riders. After saving her when her car breaks down, they find they're very attracted to each other. Can Cody keep Mariah safe, or will Nelson get his revenge for being turned down.

This was a quick short story. Rosie did a great job. I found myself wanting more of everything. I couldn't connect with the characters as much as I wanted to because there wasn't really any background on them. Mariah was pushed to her limits by Nelson but I didn't find her weak at all. I could definitely identify with her to a point as far as having a stalker. I thought she handled the situation well. Cody was very protective of her from their first encounter. He seemed like a strong, sexy, alpha male. This was everything a short story should be and I'd love to read more by this author.

Kimber says

I loved this book!! Well done, Roxie Odell!! It was very well written, with lots of steam!! The main characters are perfectly matched for each other. I would love to see a continuance of their story, at least for one more book!!? Five stars from me!!

Celeste says

Slap me across the face! After Nelson's confession to Mariah I actually felt bad for the guy. Love and jealousy makes you do stupid things.

I didn't really like Mariah I found her to be dumb, annoying and constantly making bad decisions. Overall I didn't mind the story and I liked all the other characters, would've liked more background info into Cody's real intentions.

I read Stalked on iBooks, was it just me or did this story have bad editing?

Naomi Connor says

ARC provided in exchange for an honest review - Naomi / Scandalous Book Blog

This was a quick steamy read that will keep you on your toes.

The Characters are a little under developed but I think that with time and more from this series they will continue to grow. Be prepared for the massive cliffhanger but the good news is we haven't got long to wait until #2

Mariah loves singing in the bars and clubs with her band, but sometime the attention it brings her isn't something to be desired. After telling Nelson a local biker NO she finds herself in trouble at every turn. Then one night it all becomes a little too much stranded in the dark street on the rough side of town she finds herself scared but not alone so she calls the cops.

It turns out that she has caught the eye of another local biker Cody, and he seems to turn up every time something goes wrong. It soon becomes very apparent that they have chemistry and connection that is hard to find...But Mariah must decide who is friend and who is foe. With too many things being a coincidence she finds herself questioning everyone and everything.

STALKED By ROXIE ODELL

4.5 stars

Mariah is a singer in a band. They play mostly bars and lounges. On her way home her car breaks down and a motorcycle pulls up behind her. She thinks it's the biker who has been harassing her but it's a different biker. Cody helps her and then asks her out. She knows there's a connection between them but she is still having problems with the other guy.

This is a short story told only in Mariah's point of view. Sex. Fights. Misunderstandings.

4.5 stars

ALPHA BIKER By Lexy Timms

Jace is now leader of the Cerberus Legends Motorcycle club since the president and his best friend died. He was shot in the gut and on life support. Jace cut the tube and ended his misery. He goes to a bar and sees Classic. A gorgeous stripper whom he ends up having sex with. When another member is called, Jace declares war on the other club. Classic is in a motorcycle accident and is in bad shape. Now Jace is realizing they could have had something special. The club is keeping an eye on her and hoping she recovers. Motorcycles. Blood. Sex. And cliffhanger.
