I liked this one even more than the first issue! The art is fantastic, and seeing returning characters from the Clone Wars was cool. I also like where the story is going, and I'm curious to see how exactly it plays out.

ENG: Darth Maul was one of my favorites from the prequel trilogy and so I was very happy that there will be a little comic series with him. In the first two parts (which appear here in Germany in a magazine) we read about Maul's hatred and passion. He particularly hates the Jedi and is eager to finally show it and reveal himself. But his master, Darth Sidious of course holds him back because he sees his plans in danger otherwise. Reluctantly, Maul sticks to it and lets his anger out elsewhere. Through an opponent, he learns of a captured Jedi Padawan, which is to be auctioned. With the help of Aurra Sing and Cad Bane, he makes his

way to her. I like the drawing style very well and the dialogue is well written. Pretty much the same thing I imagined. Even Aurra and Cad are not Out of Character. I think it's great that the two are there. I really liked the two in The Clone Wars. Directed by Cullen Bunn, this is a very good comic. Luke Ross makes a terrific contribution to this with a great drawing style. A recommendation for every Star Wars fan. <3

GER: Darth Maul war einer meiner Lieblinge aus der Prequel-Trilogie und so habe ich mich sehr gefreut, dass es eine kleine Comic Serie mit ihm geben wird. In den ersten beiden Teilen (die hier in Deutschland in einem Heft erscheinen) lesen wir von Mauls Hass und Leidenschaft. Besonders hasst er die Jedi und ist ganz wild darauf, es ihnen endlich zu zeigen und sich zu offenbaren. Doch sein Meister, Darth Sidious hält ihn natürlich zurück, da er seine Pläne sonst in Gefahr sieht. Widerwillig hält sich Maul daran und lässt seinen Ärger an anderer Stelle heraus. Durch einen Gegner erfährt er von einer gefangenen Jedi-Padawan, die versteigert werden soll. Mit Hilfe von Aurra Sing und Cad Bane macht er sich auf den Weg zu ihr. Der Zeichenstil gefällt mir sehr gut und auch der Dialog ist passend geschrieben. Ziemlich genauso habe ich mir Maul vorgestellt. Auch Aurra und Cad sind nicht Out of Character. Ich finde es auch klasse, dass die beiden dabei sind. In The Clone Wars mochte ich die beiden sehr gern. Unter der Regie von Cullen Bunn ist hier ein sehr guter Comic entstanden. Luke Ross trägt mit einem tollen Zeichenstil grandios dazu bei. Eine Empfehlung für jeden Star Wars Fan. <3

John Mccubbin says

Darth Maul #2 is yet another intriguing entry in this latest Star Wars mini-series, as despite not giving a huge lot of development, there was plenty to entice. The creative team also continue to capture Maul's mannerisms perfectly, as despite the side cast retracting from this at times, the lightsaber wielding Zabrak more than lives up to his legend.

Spencer says

I enjoyed this issue a lot, the storyline is really interesting and looks like this series will be worthwhile. There are numerous links to the wider star wars universe and appearances from some fan favourites. The art is also brilliant and suits the story well.

Chad Josimar says

Man!!! I like the turn this comic has taken! I like that we get a glimpse into Maul mental manipulation by Sidious. And how cool was it to see a lot of the crime lords from TCW make an appearance and mother f'n Cade Bane. Whewww

Patrick says

Gonna be honest, I'm kind of lukewarm on this series, thus far.

The art isn't spectacular and the story feels derivative.

Brandon St Mark says

Very good. I like how connected this is to the Clone Wars and Rebels cartoons. Definitely worth reading.

Joe Pontillo says

I'm in! This issue really locked in a compelling storyline

Steven Shinder says

In this issue, we find out why Maul cares so much about revenge. In a flashback, Sidious takes him to Malachor (from the KOTOR games and seen in Rebels). There, he feels the cuts and burns of the Sith who were killed by Jedi. So it gives good insight into his character. Also interesting to see him work alongside a couple of familiar bounty hunters.

Jedi JC Daquis says

Among the Sith Lords that I have seen or read (Vader, Sidious, Zannah and Revan) Maul is portrayed to be the most athletic, yet the most brash as well. His craving to kill some Jedi takes him to the far reaches of the galaxy with an unusual band of bounty hunters.

While the hunt is the main plot of the story, this issue also brings us to when the Jedi annihilated the Sith Shrine, and things get interesting there as the Knights are portrayed to be the baddies as the Siths, only longing to be free are killed.

Darth Maul #2 is a worthy addition to Marvel's line of Star Wars comics. I just hope that there are other Sith Lord stories they'd tell.
