**The Alpha's Surrogate** Angela Foxxe

**\*Each book from "The Surrogates Series" is a standalone and can be read in any order. So start with this one!**

Richard Dallas is an Alpha but he is also an Alpha in **NEED**.

With all the women in his pack now barren he has no choice but to hire a human female to be surrogate and produce a cub for him. Little did he know he would find love at the same time....

When Reign accepted the job of being a surrogate for a handsome yet very mysterious man she did wonder if everything was as it seemed. She really had no idea that she was not going to be any ordinary surrogate, she was going to be the Alpha's surrogate and her job was set to be even more important then she could ever have imagined.

However, with the importance of the surrogacy also brings grave danger. There are others who have a strong interest in this special baby and it is down to Richard to protect Reign by any means necessary.

To do so, she must go and live with him so he can take care of her in more ways then just one...

There is moments of tension, suspense and thrills galore in this paranormal romance novel!

## **From Reader Review The Alpha's Surrogate for online ebook**

### **mrsrush says**

#### **Good idea but**

The starts starts off pretty good. But somewhere along the line the author introduces just about every type of paranormal there is. Norse gods, mages and a bit of vampires. I gave up when this paranormal became tool unbelievable

---

### **Cheesecake says**

Richard and Reign. I should have stopped at halfway because it starts to move past the point of cheesy to ridiculous. I would have been funny if it weren't annoying at the same time. Richard and the other 'Wolves' need a human woman to help continue their species. They seem to have no qualms with the distinct possibility that the woman and baby won't survive. Richard is a centuries old alpha who talks and thinks like a girl. As soon as he sees Reign it is insta-love, of the puppy variety. Reign is 19 going on 40. The author has never had a baby, obviously. The story reads like a series of short stories strung together to create an overly-long mess. I lost count of the number of times it jumped the shark. But really, it's the lack of romance and the unnecessary amount of extreme violence that kills this story. IMHO extreme violence doesn't make the reader take the characters and story more seriously...

### **Paulette Hilton says**

#### **Strange book.**

I read it to the end but it was not easy. To many twist and turns and I don't think it was done well. The only thing I was looking forward to was the end and that was strange as if the author was tired and didn't wrap up all the lose ends.

---

### **Julianna says**

While i didn't hate this one it did feel a little disjointed and could have been revised a little more so that it flowed better, and also explained some of the stuff more.

---

### **Amber .:★Wild Heart Reviews★:. says**

I couldn't make it past 31%. I tried! I don't have any issues with paranormal settings/themes, but this was just... No. I want to rake my eyes right now. Worst idea ever. I thought at first it would start out good, and it did, for maybe 5%? Then it just sort of imploded and I'm left with a bad bad idea.

---

**BJ says**

2.5 stars for this overly complicated book with everything thrown in, including the kitchen sink! The H is old shifter, packs are in messed up and shifter women are barren, ergo he needs a surrogate. It started as PNR, became urban fantasy with vampires, mages, fae magic but it was all too much. There was little to no emotional engagement or any time for it, as the pacing was all wrong. One look, she'll do, - yes, now's she pregnant, queue for many, many steamy scenes and don't worry about the bad guys who are around the corner. A good book needs a plot and characters that make sense, a reliable copy-editor and an honest, skilled beta team. Almost a DNF.

---

**Silvia says**

3.5 Stars.

While I really really enjoyed the story in itself I did not enjoy the way it was written. It almost felt like the Author has written a variety of short stories and then added them into one book. It just didn't flow.

I loved the new take on Shifters and Vamps. And the use of Magic and the Fade. We even have a Norse god make an appearance!

There were so many characters and situations to meet and go through, a few to many for my likening.

Overall I enjoyed the Story.....the writing style...not so much

---

**Christina Astorga says**

At first, I wasn't sure how I felt about this book. Even now, that I finished it, I'm still debating if it's a great book or good ending. The story starts out okay, then it feels drawn out but at the end, you get the good parts. It is pretty cool

---

**Danielle (Danniegurl) says**

This book! Ugh...THIS BOOK!

Ok so when I read the title and the synopsis I totally thought this was going to be a light and fluffy read about an Alpha who needs a surrogate and ends up falling in love with said surrogate. Maybe a jealous pack female causes the danger forcing Reign to live with Richard. THIS IS NOT WHAT THE BOOK WAS ABOUT!

First, Reign as a character starts out weak! She's fragile, needs rescuing constantly, which is annoying and cries, a lot. Then she has an attempted rape, and automatically thinks something along the lines of "I don't

dress like a slut, this can't be happening" and while I think people might have this sort of thought when in the moment, I felt the author's portrayal sucked, because rape can happen TO ANYONE, size, shape, size, size, whatever. It's NOT because you're a slut, or dressed like a slut, or you asked for it. So that put me off immediately and that was only like chapter 2.

Reign has dreams of becoming a musician and wants to go to college to accomplish this, so she sets out for the surrogacy so she can get the funds she needs for school.

Enter Richard, and his packmate Care, who I'm unsure if we are supposed to love or hate given how we are introduced to her, and then she ends up being pretty weak later. Anyways there is an instant attraction from Reign. blah blah blah blah. Suddenly like chapter 3 or 4 they are claiming love!!!!!! WHAT IN THE WORLD!? WHEN? When did they have time to love each other?????? They just met?!? \*confused\*

Richard as an Alpha SUCKED! I expect shifter men to be.....dominating, able to make impossible choices, be a little rough around the edges. Richard cried, also a lot. Richard's age constantly changed, the story fluctuated so much it was no longer about the surrogacy. It was just a jumbled mess of 3 or 4 differing stories put together as 1.

I wanted to DNF this 2-5x I kept going because I was curious to see how it would end up. What happened and all that. Some parts WERE interesting, but it just didn't go with the premise of the story, and Reign was so happy and "in love" she figures she's probably not going to move away from Richard and have her own life, or anything nope. She was going to stay with Richard and his lurv.....I'm sorry but this story was ridiculous. SMH.

If you're looking for Light and Fluffy? Don't bother.

If you're curious about the plot go ahead, it'll confuse you and there are many inconsistencies as well.

#### **Meine Empfehlung**

Ausnahmsweise ist das mal keine Serie und glücklicherweise auch kein Cliffhanger. Worüber ich mich sehr gefreut habe, in letzter Zeit macht mich beides fertig. Der Plot ist der Hammer und der Start war wirklich gut, aber der ein oder andere Kritikpunkt hat dann doch gestört. Im Verlauf der Geschichte hat die Autorin wirklich fast jedes paranormale Wesen aus der Trickkiste geholt, dass zur Verfügung stand. Eigentlich ist das gar nicht so außergewöhnlich, aber die Art wie die einzelnen Protagonisten in Szene gesetzt werden, fand ich doch etwas schlecht strukturiert. Zusammen gewürfelt und in einen Haufen geworfen, die Geschichte spielt sich in einem sehr schnellem Tempo und es ergibt sich ein großer Zeit-Sprung mitten in der Geschichte.

Bei "The Alpha's Surrogate" handelt es sich nicht um eine Standard Urban Fantasy Geschichte, hier sind Wikinger, Werwölfe, Magie, Götter und vieles mehr mit eingebunden. Obwohl mir der Plot so gut gefallen hat, finde ich das überspringen von einigen Details als nicht so förderlich. Ich vermute mal, dass die Autorin die Geschichte kurz halten wollte, um keine Serie daraus zu machen. Durch den sprunghaften Ablauf wird man irgendwie nicht so ganz warm mir den verschiedenen Charakteren.

Fazit - Bewertung: 4 Sterne

Ich wünschte das happy End etwas ausführlicher ausgefallen wäre, mir kam es doch etwas zu schnell. Ganz abrupt zu Ende und ohne Aussicht auf eine kleine Fortsetzung vorbei.

Trotz meiner Kritik finde ich die Geschichte für Fans des Genres lesenswert und verweise an dieser stelle noch auf die Altersbeschränkung. Wegen dem erotischen Teil, sollten die Leser besser 18 Jahre jung sein. =)

### **Tammy Sowards-Sanchez says**

#### **cool book**

This book was not what I was expecting. I was expecting our typical shifter stories but this one had a twist. Cant wait to see what happens next.

---

### **LaTara Virgin says**

#### **Re reading**

Ok brought this book since it was free. But I previously read it with my kindle unlimited subscription and it was still just was exiting as reading it for the first time. Can't beat a book like that

---

### **Sydney M Neblett says**

#### **A nineteen year old savior**

This book had so many twists and turns before they met their HEA. The blurb is a little misleading as it makes it sound like a quick read, but it's actually a long read with many almost HEAs along the way. I look forward to reading the next one.

---

### **Diane Werning says**

#### **The Alpha's Surrogate**

This was a great story, the characters were amazing. What's a girl got to do to get enough money to go to music school? Carrying a wolf's baby is hard work, everyone seems to want the baby and won't leave us alone. Grab a copy and go on an adventure.

---

### **Sierra says**

#### **I couldn't even finish**

Okay, I'm going to try to do this without spoilers.

1st point of contention was the formatting of the ebook. Between each paragraph they double spaced, even if it wasn't a break in the scene. It drove me wild.

2) I made 50% through the book. At no point did the author describe what the protagonist looked like. All we got was height.

3) the greatest issue I had with this was the fact that there was zero emotional development and the timeline was supremely unrealistic. \*\*\*\*SPOILER ALERT\*\*\*\* Reign gets inseminated and pregnant, then 2 months passes by (with seemingly no interaction between the main characters) and after a day of being in the protagonist's company she thinks she's in love. Umm..probably not

the sad thing about it is that the author does actually write well, but her execution is very poor.

Hard Pass on this one
