**The Hebrew-Greek Key Word Study Bible: ESV Edition, Hardbound** Warren Patrick Baker (Editor)

There are times when a Greek or Hebrew word has a distinct meaning that seriously affects the proper interpretation of Scripture. Unless you are familiar with these languages, you will not be able to determine what word in the original text was used or the differences between these words-until now.

The *Hebrew-Greek Key Word Study Bible* identifies the key words of the original languages and presents clear, precise explanations of their meaning and usage. Those who love God's Word will treasure this Bible, for it contains a whole library of biblical helps within its covers.

### **Benjamin Vineyard says**

I've been engaging the practice of lectio divina more these days and this Bible has been a great tool to augment this. A word or phrase will catch my attention and seeing extended meanings of words in the Greek or Hebrew intensifies my mulling over the text.

This is like reading the text with a thesaurus and taking the time to see words relate and trail. I'm often left with an image in mind, like from Matthew 4 which reads, "people possessed by demons," where the Greek word also related to being mobbed by demons. That's an image.

I have an older NASB edition of this Bible, but its 1977 rendering of the Psalms or other addresses of God retain the old, King James-like English. The ESV allows for smoother reading in group settings.

I'll enjoy using this Bible. I'm benefiting from meditating on the words of the text and meditation is deepened through this study, to a point where I can be lost in prayer, imagining these word-images I mentioned.

---

### **Steven Steele says**

Great Bible. This is now my main study Bible. I marked it finished and I have read through the Bible all the way through, I will never be done studying this great book. If you're interested in a deeper, more fuller, experience in your studies, you can't go wrong with this volume.
