Rick has been taken by the military a second time but after being reunited with a friend he discovers new information about Damocles that leads to a profound turning point in the fight against the weapon. Meanwhile, after Dianne and her children become reunited with some old friends they must deal with a threat to their personal lives that may overwhelm their defenses.

Surviving the Fall is a thrilling post-apocalyptic episodic series that focuses on Rick and Dianne Waters and how they each deal with the apocalypse. Stranded across the country away from his family, Rick must travel from California to Virginia to reunite with his wife and children, all while struggling to comprehend and deal with the horrors along the way.

At home with her three children when she experiences the beginning of the end in a dramatic and deadly fashion, Dianne Waters has experience as a prepper and survivalist, but not even years of training and preparation have readied her for the darkness that comes with the end of the world. Now she must draw upon those skills to protect her loved ones and fight back against those who come against her and her family.

Surviving the Fall will feature 14 episodic (25k-30k words in length) books that are full of action, suspense and drama as Rick and Dianne struggle to survive the end of days. Episodes will be published every 2-3 weeks.

I can honestly say that I DO love the story. The writing, the characters, the action and definitely the plot. It IS short and I do HATE the wait to see what is going to happen, (Seriously... who doesn't?). But I can also honestly say that I usually pass on short books since you are just starting to get into it when all of a sudden it's just done, but this series is an exception. When the quality of the writing is this good... even short and having to wait for the next chapter is fine with me.

PLEASE please please don't end it here tho, Mike! I so hope you plan on going past six as there is more to be done and addressed!!

#### **Now We Are Getting Somewhere!**

Book six of the saga of Rick and Dianne is getting interesting and suspenseful. Will Rick, Jane, and Michael leave Cheyenne Mountain? Will Dianne and Jason make it out without injury with Tina? Book seven gives us answers. Onto book seven!

#### **Keeps gett8ng Better**

Book 6 and I'm still enjoying the story.

Usually by book 4 or 5 I've got the storyline and usually the ending figured out so I quit reading. It is the rare occasion I come across an author that keeps me wanting more!

Mike Krause is one of these rare occasions . I'm looking forward to the next installment

#### **Book six**

Just finished the sixth book of this series. Go back to the first one if you have not read it. Wonderful ride and the author always ends with an explanation of how he decided which path to follow! Love that part too!

#### **Great series**

Great series, as series go. It's just that I hate serialized stories. I would rather a story have a beginning and an end in the same book. I am too impatient to wait until the next book comes out. I would almost rather just forget the series and go to a book with a complete story in one book.

### **Pam Shelton-Anderson says**

I would positively rave about this series if the books were fewer but longer. Lots of action in this one (the last felt more like treading water) and we find out more about Damocles. Ends with a big cliffhanger.

### **Amy says**

Rick is taken by another military group and runs into Judy again! He connects with the actual creator of Damacus before it was taken by the government and turned into something that could wreck havoc on the world.

### **Marlys says**

This is the next book in Surviving the Fall series. This book did not disappoint. I received this book as a gift and I chose to review it. At the end of the book there is a cliffhanger. I can't wait for the next one!

#### **AWESOME READ!!!!**

I CAN'T stop wanting to find out the continuing escapades of Rick, Dianne, etc. I find myself laughing, crying, taking to the characters as if they're REAL and can HEAR me.  
Please keep it coming!!!!

#### **Very Good**

Enjoying this series! Hate to wait until November when the next book is out. Overall this has been one of the better series I've read, and I've read a lot lately. Hope the next books are as good as the first six have been.

The Long Road is the sixth book in the Surviving the Fall series. This can be read as a standalone but should not be. It will make more sense if you have read the first five books plus it has a cliffhanger ending. There is a lot of violence, it is an apocalyptic thriller, so it might not be suitable for more sensitive readers.

The book blurb adequately describes the storyline so I'm not going to repeat all of that info here. This is an apocalyptic thriller filled with people trying to survive in a country and world gone crazy. This story includes a lot of twists and turns. As usual, everything is not as it seems. I look forward to reading more of this series.

My only complaint is that these are short episodes. You just get really engaged in the story and characters and you are to the cliffhanger and have to wait for the next one to be published. But they are so good, and the author writes them fairly quickly so you don't have to wait too long.

### **Norma says**

"This just keeps getting stranger and stranger."

The tension is growing even greater in this, the sixth episode of the intelligent post apocalyptic thriller. As there Damocles threat increases, and, once again desired by the military, Rick links up with two others to escape from the bunker before lockdown, whilst many miles away, his wife, Dianne, and her children have also joined forces with friends for protection.

A plausible thriller serial best started from episode one, but there is a brief introductory résumé.

A quick and easy read with further episodes to follow.

I received a complementary advanced copy of this book from the author. Thank you.
