Jon Box says

Captain, the Lord Ramage, captures two bomb ketches and uses them to attack 3 French frigates in port loading French Artillary troops and awaiting deployment to some 'most secret' sandy destination--Ramage and his cohorts destroy/capture the French and discover the ultimate destination. Good, enjoyable reading!

Bob Cantrell says

This was the fastest reading Ramage for me. Now don't get me wrong there was plenty of story in this one it just was fast paced. There was one place that I kind of saw it coming but that is no fault of the author it is just when you have read a lot you can guess what is going to happen. I mean see enough movies and the surprises in the plot just pop out that is the same for reading. I just enjoyed this one and that is what reading for pleasure is all about enjoyment.

I liked this story, set in the Mediterranean when British ships weren't there! Lots of info on bomb ketches. Never realized they existed
