Volume 3 of the Marriage Diaries was different from the previous two but still amazing! It starts with Dean fulfilling a fantasy Jillian told him about while skyping and ends with Jillian turning the tables on Dean by becoming the dominate partner in a way you wouldn't imagine. The first fantasy was a little much for me at first but once I realized that both characters were really enjoying it I was able to wrap my mind around the idea - no I'm not giving away the fantasy...you'll just have to read The Taking to find out what it is:) If you enjoy erotic romance then this is a must read or if you enjoy Janelle Denison aka Erika Wilde!! Can't wait for Vol 4 (which I didn't realize was coming...I thought 3 was the last one! So after reading this awesome short story I got an awesome surprise!!)

I rarely wear my husband out, but the last day or two we've been like rabbits! Why? Because I read the THE MARRIAGE DIARIES ">*Marriage Diaries by Erika Wilde*. Holy Hotness! This series is everything a short hot novella series should be. I swear, the author was IN MY HEAD, reading all of my fantasies! I have been married over 20 years, and I just loved reading about a hot as hell, sexy couple that was in a long term marriage as well.

In Book 3:

One of Jillian's fantasies (stranger/captive) is about to come true.

"I'm on my way home. I want the house dark. Hide from me, but no matter how hard you fight or resist me, I'm going to fuck you. Hard. Safe word: Mercy."

Holy shit! I told Mr. Ana about this one....I want to play! Man, this was H-O-T! I love the comfort and security the couple gets from knowing and trusting the other so well. Yet Dean's aggressive side is so fucking sexy, and he knows how to use it.

Jillian has been building a playroom in the basement of their home, and in this installment, they finally get to

use it. This time, Jillian gets to play Mistress. I'll tell you, I really like the submissive role, but this installment of The Marriage Diaries has me re-thinking that a bit. Though honestly, I can't imagine my alpha guy letting me tie him up, it might be fun to try.

*"He was her slave, all right. A slave to her passion, her hunger, her heart and soul. This woman, **his wife**, owned every single piece of him."*

Each of these books are about 40 pages. They are quick reads and they are good for pre-bedtime reading (if you know what I mean). If you are reading these alone, make sure you have a toy nearby, or visit my erotic toystore to pick up some of the items you might find in the books. Or toys you'll need while reading it. :-D

These books can be read individually (My vajayjay needed a break so I read another book in between).

My husband and I went through a similar sexual revitalization after about 19 years of marriage (thanks to some of my favorite sexy books). We both started sharing our fantasies more, and my husband's dominant side is hot as hell. He and Dean actually reminded me of each other. In the last 3 years, our marriage has become so much stronger and way hotter now that we finally came clean (or dirty) with our fantasies and brought some of the kink in. So I really related to these books. I realized that some of that hot spark we've had has been dying out again, but this series brought it right back!

So Erika, I thank you, and so does Mr. Ana. My vajayjay however (and the muscle I pulled) are not as happy with you afterwards.

Likes:

- Reading about a couple who have been married for 19 years.
- I loved how Dean and Jillian finally came out and admitted the things they have fantasized about.
- How attracted the couple still is to each other.
- Dean is so alpha and commanding. Yum.
- How the trust between them just made it all so much easier.
- Almost every sex act is something I have fantasized about or done and want more of.
- Though each of these were short, they were just right for what they are.
- The sex acts were long and detailed without using words that make me snort or roll my eyes.
- I never felt like I needed more, these stories delivered what the intended.

Dislikes:

- None!

Rating: 5 stars for a ladyporn novella series, 5+++ heat

It seems strange to give this 5 stars when there really isn't much character development. But that's not

what we read this for. You know how sometimes you just need a good hard fucking? That's what this is like. Sometimes you need a little sex with your story, sometimes a little story with your sex. This series is the latter, and that's just fine for a change.

Usually when I read a novelette, I feel it is missing something. How good can something be in 40 pages? But I have to tell you, these deliver what they are intended for. *Lady Porn for the married moms* (though I think a guy would like these too). There was just enough story to keep you interested, and the characters were very likable. I never felt like I needed more story, it was just right. I look forward to reading Erika Wilde's next story and see what her spin-off series is all about.

Ok so book 3 started off with this text message from Dean...

"I'm on my way home. I want the house dark. Hide from me but when I find you, no matter what fight me, resist me. I'm going to f*ck you. Hard. Safe word: Mercy."

LOL! Holy crap did he just say that? Yes he did!

My first thought was: MERCY!!! My second thought was: Heeeeey!! Go hide, girl! LOL!

and she did...

"Knowing she only had a matter of minutes to turn off the lights and make herself scarce before she arrived, she hurried through the house and plunged it to complete darkness."

At this point my heart is pounding! She asked him to do this by the way as one of her fantasies.

"Just as she switched off the final lamp in her small reading nook she heard the garage door leading into the house open then close with a soft click. Her heart leapt into her throat and she froze waiting for her pupils to adjust to the sudden darkness..."

'Honey, I'm home.' He murmured in a low taunting tone of voice that made her shiver."

Yikes! I'll let you find out how that scenario ends...

Later Jillian does turn the tables on him...

"If things get too intense, you can always use the safe word we've established." Her too sweet voice held a trace of provocation. He smirked knowing there wasn't anything she could do to make him cry uncle."

Umhmm, ok...

Guess who ended up crying uncle? Hahaha! I absolutely love these two but my favorite quote from Dean so far has to be...

"Who was this bewitching woman? She was his wife, he thought with awe!"

A very good lesson to husbands everywhere, never underestimate your wife. With a little nudge, we can still be that girl you first met except even better! This series could rekindle the sex life of any marriage, I swear!

I am impatiently waiting the release of book 4...grrr...hurry!!

The Marriage Diaries Volumes 1-4 are about a married couple after their kids are fully grown and out of the house. Reading erotic romance novellas in this stage of a marriage was extremely refreshing and sexy. I don't see too many of them out there and I really enjoyed this one!

Jillian is a strong grown women and wants to spice up her love life and tempt her husband Dean into giving into both of their sexual desires not that both of their kids are grown and out of the house. One day she works up the courage to seduce him and get started on this exciting portion of their lives.

In the four volumes you get a set of 4 Novellas and you join Jillian on her new adventures of light bondage, mild D/s, and fantasy role play with her husband Dean. All these stories were really well done, very entertaining, and sexy. Snag these up and favorite them!

The 3rd book, The Taking has got to be my favorite. Not only was it scorching HOT it had a bit dangerous thrilling role play mixed in. I couldn't help it. I'd shake my husband awake and say things like "OMG, honey if you did that I'd DIE!" and "Honey, you won't believe what he's got now." Haha, poor guy. At some point he gave up on the idea that I was going to let him sleep. I don't talk to or yell at book characters often but while reading #3 I couldn't help it. I can't wait for more.

THE TAKING (THE MARRIAGE DIARIES BOOK 3)

By Erika Wilde

This is a sort story that is the 3rd instalment in the series about a married couple who's children have grown up and left home and they decide to spice up their sex life. Jill and Dean are now putting role playing into their relationship and are heading towards BDSM side of sex.

I really enjoyed reading this series and have read them all back to back and will be continuing to read the next instalment. Lots of hot sex and between a married couple that have been together for years rather than just getting together or cheating.

I am loving Dean and his new found masterfulness and also really like Jill's character too.

When I first read Volume 1 of this series, I was amazed that the author was able to pull off packing so much emotion and heat into a short story. Now I've come to expect it, and I'm so glad that it's always delivered. I love reading about Dean and Jillian. It says alot that despite the length of the stories, you really start to see the development of the characters. This was a fun installment & being able to glimpse Jillian totally owning Dean was lots of fun!

My favorite lines from this installment:

"She'd stolen his heart way back then, and he could easily say she still owned him, body and soul. Even after nineteen years of marriage." Loc 275

"Amusement coursed through him, because he'd never in his life begged for anything. "You can certainly try your best," he replied, invoking a deliberate dare in his voice."

Challenge accepted and it sure was fun to read! I can't wait to see what's next for this fun couple.

I was provided a copy of this book in exchange for an honest review.

Another good entry in Jillian's diary as she and Dean take things to the next level in their sexual journey. This couple is having a wonderful time finding out what the other likes and can handle. It gets more interesting and sensual with every entry.

Jillian and Dean play a game of Hide and Seek that brings out the animal in Dean. They then finally enter their playroom that Jillian has filled with a few good toys for them to explore.

You have to read it to believe it.

Speechless..... I am utterly speechless!

The first paragraph.... The text message....

My heart literally stopped, I gasped in a breath and then my heart rate took off so fast I thought it was going to come charging out of my chest.....

'I'm on my way home. I want the house dark. Hide from me, but when I find you, no matter how hard you fight or resist me, I'm going to f*** you. Hard. Safe word: Mercy.'

The scene that follows is one of Jillian's fantasies that Dean is playing out for her upon arriving home from his business trip and I have to tell you it is so intense, unnerving and erotic at the same time, that I honestly didn't know what to feel. What I realised after though, was that the whole premise behind this scene was trust. The complete unwavering and unquestionable trust that this couple has in each other and their relationship.

Each volume of this series just keeps getting better and better. The writing is engaging and so descriptive that it's hard not to be swept away by the intensity and passion conveyed through the characters.

Jillian and Dean's experiences become much more involved in the BDSM ways in this volume with the stranger/captive fantasy, the introduction of the playroom and Jillian trying her hand at being a dominatrix. There is nothing that Jillian won't do for her husband and Dean's alpha male, dominant nature is completely unleashed resulting in an explosion of heat, passion and erotic delight.

The relationship has grown in so many ways and their exploits are even hotter than before, so basically.... I can't wait to see where Jillian and Dean are headed in the next novella.

From the first book in this series, I've been hooked. I flat out love Jill and Dean and their sexual awakening as they explore new territory in their marriage. With each book we are treated to a new chapter in their exploration of fantasies and this one is no different.

I love that this couple have decided to explore together and have even taken to writing down their wishes so they can make them come true. In this installment Jill gets her wish of being "taken" by a "stranger" and forced to give into his sexual whims. Dean makes sure she knows her safe word and he comes on fast and furious. While at times Jill questions the actions, their play excites her and there is no doubt she enjoys every minute. The next night Jill turns the table on Dean and plays domme to his slave and while he starts out not sure, he soon realizes what sexy fun it can be to submit.

The hotness factor of these books is over the top and it's so illuminating to see a long term committed couple who still share that passion and heat. I can't thank Erika enough for writing these short stories. I highly recommend them to anyone who enjoys sexy fun and especially to those couples (yes, COUPLES) who have been together for a long time and would like to spice up their relationship.

These are worth every penny of their 99 cent price and as I write this review book one, The Awakening, is free...so grab it while you can and start this amazing journey with Jill and Dean.
