Marta Perry

The Wedding Quilt Bride Marta Perry

The single mom's second chance... To become one of the Brides of Lost Creek!

Widow Rebecca Mast returns to her Amish community with her son and a dream—to own a quilt shop. Carpenter Daniel King is determined to help Rebecca and revive their childhood friendship. But as he bonds with her son, Rebecca's afraid the secret she's been keeping will be revealed. Can Daniel convince Rebecca he's a man she can trust—and love?

Kimberly Rocha~ Book Obsessed Chicks says

THE WEDDING QUILT BRIDE by Marta Perry is a second chance romance that brings widow Rebecca Mast back to her hometown after the death of her husband. Rebecca returns to family with her shy son Lige at her side and a dream to make a life beyond what she endured before.

With the help of local carpenter, Daniel King, Rebecca's dream of owning a quilt shop become a reality, what she didn't have in mind, was her feelings for Daniel and the realization that Lige was blossoming with Daniel's guidance and friendship.

Rebecca and Daniel have secrets and emotional woes to overcome before they can even grasp moving on, but time in each other's company eases the way for good things .

THE WEDDING QUILT BRIDE by Marta Perry is a wonderful tale of redemption and love. It is a solid and very well written story and I highly recommend this memorable tale.

Brittany says

The Wedding Quilt Bride was a sweet tale of learning to trust again and learning to love again. I so enjoyed watching as Rebecca and Daniel grew to be friends again and eventually more. It wasn't an easy journey for either of them. They both carried guilt and were weighed down with doubts.

There were a lot of interesting characters in this story, and although this was book two in a series, it stood alone just fine. Now I want to go back and read the first book in the series and learn more about the two main characters in that book! The Wedding Quilt Bride tackled some tough issues, yet managed to remain an uplifting story.

I received a complimentary copy of this book. All opinions are my own.

Lori says

I enjoy Marta's books. My favorite are her Amish books.

Amy says

The Wedding Quilt Bride is a pretty good and quick read. It, also, the second book from Marta Perry's series, Brides of Lost Creek. I found Rebecca's story to be a heartwarming, sweet and fun read. I loved it when she

was introduced to Daniel.

I give The Wedding Quilt Bride four stars. I hope to read the first book in the series, as well as, what happens next in the third book.

I received this book from publisher. This review is 100% my own honest opinion.

Kav says

Astonishingly good! Maybe my favourite by Marta Perry. I think it's the way this story revolves around community that tugged at my heart. Extending a hand and, more importantly, being willing to accept the help of others, plays over and over again in this story in so many beautiful, moving ways.

Daniel and Rebecca were never sweethearts but they were good friends until Rebecca moved away to marry. During their time apart, they've both lived through personal tragedies, both harboring secrets that hold them back from courting.

Rebecca isn't the carefree, high-spirited girl Daniel remembers from his childhood. She's inexplicably guarded and tense but Daniel catches unexpected glimpses of the easygoing girl he used to know. I love how this romance grows from sweet childhood memories. There's a wariness in both hero and heroine but so much tenderness as well. These two are challenged in ways that draw them together and it's their faith that ultimately allows them to create something enduring and beautiful -- just like the quilts Rebecca makes.

Lyn says

I must first say that Marta Perry is a very dear friend; however, that doesn't mean I can't write an honest review of her work. If I didn't like her books, I wouldn't review them. BUT I ALWAYS LIKE HER BOOKS! And this one is no exception. Her characters are primarily Amish of course in this story but they could have been anyone. The conflict revolves around their pasts and what they "think" is true. Which turns out not to be as true as they thought. :-) Rebecca married in haste and has an unhappiness she won't-can't reveal and Daniel also carries false ideas. Fortunately God keeps pushing them out of their "comfort" areas (don't think Amish have zones.:-) Anyway a sweet spirit-filled romance I enjoyed A LOT!

Heidi Robbins (Heidi Reads...) says

This sweet book had everything I wish for in an Amish romance. A comforting sense of community, strong family loyalty, and a blossoming love from a childhood friendship. I loved how Rebecca and Daniel warmed up to each other quickly even though they had both changed as time had passed. They brought out the best in each other and Daniel helped Rebecca remember what the support of loving friends and family looked like. She struggled with accepting the unconditional help, but as she began to slowly open up to those she trusted, she was able to let go of her past and see that she is not alone. The chemistry between Rebecca and Daniel is great and it was fun to see them move from friends to more. Reading this book gave me a warm feeling and I

recommend it to fans of Amish fiction!

(I received a complimentary copy of the book; all opinions in this review are my own)

Maureen Timerman says

Can two people who have been hurt by life and their beliefs come together as more than friends?

The author has given us a glimpse into Amish life from a different angle, as we journey through the hurts and upsets that have been heaped on them by life and the actions of others.

We are given a new beginning for a mother and her young son, and we get to see the building of a quilt shop, which if it were near me I would be using, and we see the giving spirit of an old friend.

Can even the young child overcome all that has happened, and move on with a fruitful life? We get to watch this through the words of the author, and you will be quickly turning the pages to get to the outcome.

I received this book through the Publisher Harlequin, and was not required to give a positive review.

Elaine says

Rating: 4.5/5

This is an emotive second chance romance involving two people who had grown up as best friends but have had years apart. Rebecca had returned to her home community after the death of her husband. She has a six year old son, Elijah, and is determined to use her skills to enable her to be independent bringing him up. Daniel King used to be her best friend and is determined to help her settle into her new home, using his carpentry skills to help create the quilt shop she is endeavouring to set up. However, their easy camaraderie has disappeared and they are more like strangers in many ways. Elijah is also very wary of strangers and shouts seem to terrify him. Daniel isn't the same, either, after his younger brother chose to leave the Amish way of life and Daniel feels responsible for this. Can they overcome their past to give their friendship and mutual attraction a chance to develop? Can they learn to trust each other?

This is a delightful story showing how the whole community, including her family, welcome back Rebecca and her son. They are so supportive, helpful and considerate - even when she is so reticent to accept it. It is a heartwarming story with great characters, some surprises along the way and a lovely romance. It is a story about learning to trust again in yourself, those you love and in God. I'd love to see some of the beautifully describe wedding quilts. I thoroughly enjoyed reading this book and have no hesitation in highly recommending it to anyone who enjoys Amish romances - and if you've never read any, this would be a good one to try! I'll certainly be looking out for more by this author and in this series in future!

I requested and was lucky enough to be given a copy of this novel, via NetGalley, with no obligation. This is my honest review of the book after choosing to read it.

Shirley Chapel says

Rebecca Mask was back home again with her 6 year old son, Elijah. She became a widow when her husband James Mask lost his life in an accident. Rebecca may have returned home to be with her family but she was no longer the same person Daniel had known in his growing up years.

Daniel King wanted to help Rebecca and Elijah get settled into their new home but she was very independent and wanted to stand on her own feet. Growing up Rebecca and Daniel had been best of friends but now he didn't know this new person she had become in her years away from home. Daniel himself had changed too. His brother Aaron had jumped the fence and Daniel felt he had somehow let him down. He had shut himself off from others because he felt incapable of helping anyone .

What happened to Rebecca during her years away from her family, to cause this change in her personality? Why was little Elijah so drawn into himself and afraid of strangers. Cringing when anyone spoke loudly. Had James Mask been a abusive husband and father? Will Daniel , Rebecca and Elijah be able to move on from their past hurts to trust others enough to let them have a place in their lives? Can Daniel and Rebecca rekindle their friendship from the past?

I loved the cover of this book. I admit This reader usually is pulled towards a book if it has a nice cover. The story between the covers did not disappoint . This is not the first book I've read by Marta Perry and I'm familiar with her writing style. The story was about how a family and community welcomed one of their own back home again. Patiently they let Rebecca heal at her own pace. They were always there for her when she needed a helping hand even though she didn't always welcome the help. Even Daniel , hurting as he was, reached out to her whether she wanted his help or not.

I won an Arc copy of The Wedding Quilt Bride from a giveaway the author gave. I was not asked to give a positive review and I have been honest with how I felt about the book. Readers of Amish Fiction and fans of Marta Perry will enjoy this book. I highly recommend it.

Susan says

The Wedding Quilt Bride

Marta Perry

Provided by Love Inspired

THE WEDDING QUILT BRIDE is the second book in the Brides of Lost Creek series by Marta Perry. Rebecca is back at her family home after her husband has passed away. She is with her young son, Lige, who is very shy and doesn't talk much since his dad died. Almost immediately after she gets back, she runs in to her old childhood friend, Daniel. Both Rebecca and Daniel have secrets and lots of guilt and all of that holds them back from speaking their minds. Daniel tries to help Rebecca, but she wants to stand on her own and help Lige become the boy he used to be. He has seen so much in his young life and Rebecca is afraid he will be scarred for life. Once she has her quilt shop up and running, she hopes life will be much better for both of them.

Rebecca and Daniel used to be best friends when they were growing up, but now it is as if they are walking

on egg shells around each other. Rebecca is ashamed of what she endured in her marriage and hasn't told anyone the real story of what went on between her and her abusive husband. THE WEDDING QUILT BRIDE teaches Rebecca that the whole community is behind her and wants to help her if only she would let them. Daniel is dealing with the guilt of his little brother jumping the fence into the Englisch world and not being able to stop him. Neither of these situations were their doing, but they can't seem to let the guilt go and move on.

THE WEDDING QUILT BRIDE is about Rebecca coming home and trying to explain to her family what happened in her marriage. As secrets are uncovered I was holding my breath, praying everything would work out in the end for Rebecca and Daniel. Flashbacks to when they were teenagers give the reader a taste of what they were like back then and what they were going through. Brilliant Marta Perry, just brilliant! She made me sad, then the next moment I was smiling and giggling out loud! I'm so excited to continue with this series. You can never go wrong with a Marta Perry book if you are a fan of the Amish genre. THE WEDDING QUILT BRIDE is a heart tugging story that will hold you hostage until the very last page. Will Lige ever be able to trust again after all he has witnessed between his parents? Your heart is going to break for this little lost boy. Once I started this heartwarming story, it was very hard to put down!

Laura says

The last book I chose to read was THE WEDDING QUILT BRIDE and it was so good. I fell in love with Daniel and Rebecca and sweet little Lige and wanted them to find happiness. This was one of the better Love Inspired romances I've ever read and I'm glad I had an opportunity to read it.

Rebecca is a quilt maker, owns a quilt / fabric shop and is struggling to make it alone but with close family and old friends, like it or not, people want to help her. She also wants to keep her past secret, but family know.

Daniel is hurting because his brother left the Amish and he thinks he failed him. He has closed his heart to love, but his old friend Rebecca still holds a piece of his heart. Sweet Lige steals it.

If you like Amish romances, you will love Marta Perry's book THE WEDDING QUILT BRIDE.

I was given a copy free. All opinions are my own

Cheryl Baranski says

The Wedding Quilt Bride is book two in Brides of Lost Creek series by Marta Perry. This book is a Love Inspired Romance book. The Wedding Quilt Bride is such a wonderful read. I love the faith, love, devotion, commitment in this story. Will Rebecca Mast give in and allow others to help her? Marta has done an excellent job with this story and the topic that many of us deal with.

Cathy Cermele says

I loved this sweet story and endearing characters in, The Wedding Quilt Bride. Rebecca Mast and her little boy, Elijah return to her home childhood in Lost Creek to be with her family after the death of her husband. Lige (Elijah) stole my heart from the beginning and I loved how he bonded with, Daniel.

Daniel and Rebecca have known each other since they were both young and he wants to help her realize her dream of opening a quilt shop, the only problem is, Rebecca is a changed person and she is more self-reliant now. Daniel isn't the same person that he was either. The both have had challenges in their lives.

This isn't a story where the characters fall in love within the first couple of chapters, which I enjoyed. I liked getting to know them separately and finding out what made them the people that they became through the years. I got interested in both of their lives and what choices they made or were going to make.

There was so much to like about this book from the endearing characters to the well written story of two people who have the experienced hurts and disappointments and most of all the prospect of second chances. I received a complimentary copy from the publisher and was under no obligation to write a positive review. All opinions are my own.

Marilyn says

Rebecca and Daniel's story was a lovely read with true to life issues. Daniel had a way with Rebecca's son, Elijah, which was touching. Rebecca wanted to make it on her own, when she returned home but struggled with her late husband's brother not following through with payments as agreed upon in a contract for the farm in Ohio. Rebecca didn't want her past to be known to Daniel and Daniel didn't want to share all he had experienced while Rebecca was gone. Will they be able to overcome the past with God's healing their hearts and disappointments to bring smiles and sharing secrets as they had in their younger days?

I received this book from a friend. I was not required to write a review but have shared my own thoughts.
