## **Valentine From A Soldier** Makenna Jameison

Event planner Sarah Cooper is stuck in San Francisco the weekend before Valentine's Day, missing her best friend's bachelorette party. Special Forces officer Ryan Bradley is just passing through. After a chance encounter, their evening together leads to a night of red-hot passion.

When Sarah finally returns home, she discovers a secret from Ryan's past that makes her question everything. Does their love stand a chance? Or was her night with him just one big mistake?

Reseña en el blog

Sarah se encarga de organizar eventos, como conferencias o bodas, y precisamente se encuentra en San Francisco por un viaje de trabajo. Esa misma noche debe volver a Chicago porque celebran la despedida de soltera de su mejor amiga, pero los vuelos se cancelan por a una tormenta de nieve. No puede estar más fastidiada por la situación de perderse la fiesta, que ella misma ha organizado, pero no le queda otra. Toca cenar en el bar del hotel y esperar al día siguiente.

Pero allí en en la barra del bar, un chico se sienta a su lado y comienzan a entablar conversación... y bueno, finalmente Sarah le invita a pedir algo de comer al servicio de habitaciones y cenar en su habitación. El chico se llama Ryan y trabaja en las fuerzas especiales americanas, está destinado en Iraq y tiene este mes de permiso. Ryan responde muy vagamente cuando Sarah le pregunta qué hace por San Francisco, pero de todas maneras le parece un chico simático, educado.... y guapo ;)

Ya no cuento nada más porque en realidad es un relato y bueno, al final os resumo el final punto por punto. Como viene siendo habitual, es otra de esas lecturas románticas con sexo en las que el protagonista, además de estar de muy buen ver, es un hombre adorable, romántico y muy entregado en la cama. Es justo lo que me esperaba encontrar, y no ha estado mal.

Forma parte de una serie (que no saga; es decir, que los protagonistas son distintos cada vez) sobre libros en los que los protagonistas masculinos trabajan en el ejército: Soldier series romance novellas.

## Kristy & Kayla - My Person's Books says

3.5 stars.. Cute romantic quick read

---

## Carol and Gary Curtis says

I've read a number of this author's books. The recent ones are very romantic and filled with feeling. I wish there was more substance in these. The plots are simple and sweet, nearly too sweet. Still good but I was hoping for more.

---

## Danielle Stanley says

short read but a great one!!

---

**Natalija says**

"Valentine From A Soldier" is a very enjoyable Valentine's Day book for those who believe in love at first sight. It's flirty, it's romantic, and the chemistry between the main characters is off the charts.

---

**BrazGirl says**

A romantic, hot, and dreamy fantasy. A sweet little short story that kept my interest to the very end. I really enjoyed the writing and will read other books from this author.

---

**Louise Rogers-Thomas says**

I have read a few of Makenna's short romance story and haven't been disappointed.

---

**Sarah says**

hot and cute story for Valentine's Day

---

**Deb says**

Hot and sweet, but short. The resolution was too fast. It took away from the story.

---

**Skye Burling-Briggs says**

Sarah's reaction to Ryan reviling he was there because of his dead fiancé was just ridicules!! So so childish :/

---

**Jen\_C says**

5 stars for Ryan and 3-1/2 for the book. This one was very one-sided. Ryan is sexy, sweet, strong and does everything for Sarah. She pretty much just exists.

---

**Laura says**

[to Ryan's revelation that his fiancee had died while he was in Iraq and that he was in San Francisco to fulfill

a dream of hers (hide spoiler)]

---

### **Hbeebti says**

3.5 Very sweet short story.

---

### **Shannon says**

This was a sweet little insta-love romance. I can get onboard with the immediate connection Sarah and Ryan had, and even the insta-love to a certain extent. I had a little issue with Sarah's reaction to Ryan's letter. I'm not sure why she felt he should have told her his life story in one night, when all they were planning on sharing was that one night. But I like how determined Ryan was about her, even as she was pushing him away.

### **Cindy Caron says**

What a wonderful short story. Hot and steamy!

Great plot, strong characters and kept my attention throughout. Definitely worth the read. Very well written. I am looking forward to reading more from this author. This was my first, but hopefully not the last. Well done!
