## Big Doc's Girl Mary Medearis

Mary Clayborne, the teenage daughter of a country doctor and a piano teacher, dreams of going to conservatory and becoming a concert pianist. When her mother falls ill, she temporarily puts aside her ambition in order to care for her younger brothers and sisters. But when another, larger tragedy strikes, she must decide whether to stay in the small town where her family lives or marry her childhood friend and join him in his lucrative medical practice in St. Louis. The choices are not clear-cut, and the grace with which every person in this story makes his or her own decisions is a very large part of the beauty of Big Doc's Girl.

### **Cynthia says**

This was a great book (4.5 stars). Unassuming, loving, and from a woman who wrote only this one book--the grandmother of a friend of mine, so yes, I'm a little biased. I was interested in a book that was a "feel good" read that could lull me to sleep and not have me wake with anxiety over the state of our country. This did the trick, but it was also heartwarming and inspiring as well.

I read this as a child and want to read it again. It left an impression on me and what to purchase my own copy.

### **Kayli says**

My sister loves this book. I was not so impressed. It was so overly poetic and the coming-of-ageness of it was not tempered by any humor. Not my fave.

A beautiful, gentle and clean love story.

One of the best stories I've ever read. One to treasure. A little Fried Green Tomatoes at the Whistle Stop Cafe; a taste of Little House on the Prairie with The Friendly Persuasion mixed in. I feel so lucky to have stumbled upon this book.
