Fathers have a profound impact on their kids. Kevin grew up as a Preacher's Kid (PK). His dad was the pastor of a dynamic church in southern California, and he wanted to be just like him. That is, until his life was ripped apart when a lady violently broke into their home. After beating his mom with a lead pipe and shooting her several times she was left for dead, and Kevin's life was crushed. Yet, nothing could have prepared him for what he discovered next; his father was behind the attack. This is where Finding My Father begins.

The story is told from three intertwined perspectives. The first is the unfolding of his childhood from the trauma and the unending miracles that lead to memories of how God never let go of him, even when he couldn't see his heavenly Father's guiding presence.

The second unfolds from a horrific prison experience. Kevin reflects on his childhood after being detained by a hostile government, while crossing international borders on a business trip, which put him face to face with prison gangs, a riot, and terrifying captors.

The third peels back a supernatural veil exposing a paranormal battle for his soul involving creatures of darkness and an unseen presence of light, his heavenly Father.

Based on a true story, Finding My Father takes the reader on a journey from the father who caused the scars, to the one who heals them.

This truly inspiring story based on the real life events of the author will shock you as it exposes the darkness of this physical world seeking all of us. From the murder attempts to an unthinkable incarceration, to the roller coaster experiences of a fatherless child, the book is hard to put down. This story is unbelievable except it really happened. The scary thing is, part of it may be happening to you too.

I had never heard of either Kevin or his book prior to meeting him in the GTA last November. After meeting Kevin, I purchased a copy of his book at the event we were both attending that day and am very thankful I did. I found the book to be a riveting read. It is a blow by blow journey that will draw the reader immediately into the author's story. One of the key structural elements is the way each chapter is divided into 3 sections. The first tells his life story, the second describes his time in a notorious Los Angeles jail, not even knowing why he is there. The third section draws you into the unseen world as a backdrop to the unfolding journey. In the end the love that Kevin embraces from His Heavenly Father, when his earthly father has completely let him down, will greatly encourage any reader!

Well, I don't know where to begin.

When Ruth Wharton delivered this book to me, she said you probably won't be able to put it down. I thought to myself "yeah right", I am watching my 3 sick grandkids and not feeling so hot myself. Boy was I ever wrong.

This book is such a journey to go on with Kevin. I don't know how he did it....but then he explained it, "His Father."

One can only hope to find the love of the Heavenly Father as Kevin did. His testimonial of faith really gives me hope for all of mankind. I will begin to pray more and hope that the light of Lord will guide me also.

Kevin and Holly may the Lord be with you always.

Powerful reading. Excellent depiction. This book has blessed me, moved me, and taught me. The way the story is told, the depiction of our spiritual realm and the powers of darkness around us is so well written and real. Kevin's story is amazing and his faith and strength is even more amazing. This book helped me to realize just how much our children, family and friends need prayer coverage. I find that everytime I do something, I am now asking God to send his angels to accompany us and I envision those angels surrounding us at all times. My prayer life has definitely improved since reading this book. Excellent book and I will give it a plug as often as possible on FB hoping for others to stop what they are doing and pick it up. Thank you Kevin for being so transparent and sharing your life's journey with us. You are amazing!

This book belongs on the New York Best Seller list! I couldn't believe the magnitude of this story. It moved me in unimaginable ways. Based on a true story, it will not disappoint. Its action packed pages scream thriller, yet there is a softness there that pulls on your heart strings. It brought tears to my eyes as I journeyed with Kevin through a life of pain and suffering, and a struggle not against flesh and blood but the evil forces of this dark world. I found myself cheering for the good guys and praying right along with the Saints. It helped me to realized the powerful impact of prayer covering and how we are all vulnerable to evil without the protection of our Heavenly Father. Put this one on your must read list and be prepared to devour it in lightening speed as I did. It will hold you, grip you, move you, and humble you, all at the same time...and you won't be able to put it down until you're done. Now that is fabulous writing! Well done Kevin Albright! You are blessed with an amazing gift!
