**Frank Brannon - Reluctant Marshal: Number Two of the Frank Brannon Series** C. Wayne Winkle  
“I’ll be leavin’ in a little while, Julia.”

Frank Brannon sat on the little hill behind the barn where Julia and Ol’ Sam were buried. Julia died nearly a year before from consumption. Ol’ Sam had been killed about the same time when Wiley Kingston came to steal Frank’s Appaloosa.

Frank buried Ol’ Sam next to Julia. It was where he belonged; he was her dog, after all. Only took up with Frank after Julia died. Wiley was buried next to his father, Ben, in their family plot. Frank put both of them there.

### **Charles Castell says**

**A very impressive rendition of our old west and the author did an excellent job by his descriptive exploits of the characters and the storylines. I have been fortunate enough to read several other novels by Mr. C. Wayne Winkle, also enjoying them very much.**

Really enjoyed this book very much and it is certainly deserving of the five stars I awarded it. Took, I am impressed with the time lines and excellent detailed storylines throughout the entire book.

This is the second novel of the Frank Brannon series I have had the opportunity to read and I hope there are some more out there somewhere. They are very exciting and I am enthralled with the characters, as well as their full action packed escapades.

I certainly recommend any novel written by Mr. Winkle, as all of them I have read, thus far, have fulfilled my complete expectations. I assure all you lovers of action packed western adventures will certainly be well pleased with this author's stories of the bold West!

### **Linda says**

#### **Good read**

This book was well written and kept you wondering who was helping the bad guys or helping themselves. Would recommend this book to everyone that enjoys a good western.

---

### **Steve Smith says**

#### **Good western**

Really enjoyed this book, good story and well written.I have read this writer before and so far his books have been very enjoyable.

---

## **James F.Bray says**

Great Read

---

## **D. E. says**

### **A Wyoming and Colorado Western About an Ex Marshall Passing Through**

CWW has penned a Frank Cannon western who departs his ranch in Wyoming to his brothers in Colorado. On the way he ends up as the Marshall of Aldler Gulch. A gang is headed his way to Rob the bank. The trouble begins when Frank is fired and the bank is robbed. This is an excellent read for the genre.....DEHS

## **John Kruyne says**

Would like more Frank Bannon books.

---

## **Kendra Parker says**

### **Good western**

It's a good read about western fixer frank bannon. He becomes a sheriff of a small town to save it from the outlaw Virgil Judd. I like the story the hole way threw.

---

## **jim huber says**

### **Very good western book that you will enjoy.**

Great story that keeps the reader turning page after page to see what comes next. Well written story about a rancher who gets involved in a situation that if it was me I would have move on rather then help.
