Hexes and Exes

Raven Snow

Hexes and Exes Raven Snow

Things have been going well for Rowen Greensmith. She's moved back home with her family in Lainswich. She runs The Lainswich Inquirer— a surprisingly successful publication. She's never been happier. Sure, her boyfriend Eric spends a lot of time away, but she still adores him. Sure, her family is still a lot to handle, but they're still her favorite people in the world.

When a local woman gets killed in a way that points to the occult, all of that happiness is turned on its head. The Lainswich community isn't fond of the Greensmiths (a family of Witches) on the best of days. It doesn't take much for them to turn against Rowen's family.

Novella (approx. 30,000 words). Second Volume of the "Lainswich Witches" Mystery Series. It is a standalone (reading prior or future volumes not required to enjoy the book). No cliffhanger.

Michele says

Rowen seems to be a witch who can't quite keep trouble from finding her family! This town she is living in love to blame anything vaguely related to the occult to her family. Now they aren't all angels by any means--and except for her grandmother who is now in jail (see Book 1 review) most of them are relatively harmless. They are just trying to kind of blend in with the rest of the town-not that that will ever happen.

A woman from the town is found murdered and she is found with occult symbols surrounding her. But are they occult symbols? Rowen finds herself trying to solve this mysterious death. It doesn't help that her boyfriend's brother is the number one suspect and that all her exes keep showing up! As usual her entire family gets involved. And her boyfriend's Mom and Dad come to town and meet Rowen and all the rest of the crew. Some tense moments for Rowen and Eric.

These are short, clean books and should keep you entertained and reading!

Laura says

This is a great book; this is the second book in the Lainswich Witches Series written by Raven Snow. Rowen Greensmith is from the town Lainswich, a town that is full of strange happenings. Rowen and her family also come from a long line of witches. Everything has been going great since Rowen moved back to Lainswich, she is also running The Lainswich Inquirer. When a local woman gets killed in a way that points to the occult, all of that happiness is turned on its head. The Lainswich community isn't fond of the Greensmiths (a family of Witches) on the best of days. It doesn't take much for them to turn against Rowen's family. This is a great book with a wonderful story and well developed characters. This book will keep you reading long into the night and you will not want to put this book down until you finish. This was such a great read and full of surprises. I am looking forward to reading the next book by this great author. A Review copy was provided to me in exchange for a fair and honest review. The free book held no determination on my personal review.

Krystyna says

Witchcraft not really, more of an ordinary cozy

Great read, but if you are expecting witchcraft of any description - you're out of luck. Okay there is a passing mention of it but that is all. When a young married woman is found murdered and her body surrounded by occult symbols the suspicion is thrown firmly on her family. Then to make matters worse his parents come for a visit and his brother. His brother actually arrived drunk and had blood in his car. Can the girls find the culprit, especially now that the brother has been arrested for the crime. A great cozy but I must admit that with the title I did expect some magic. The characters though are great and are developing with every book.

Vivian says

I really like your style. The easy romance without the graphic sex is perfect for teens young adults and older adults like myself. The mystery reminds me of a "HALLMARK" mystery. I really enjoy reading your books.

Kathryn Parkington says

Disappointing

I liked this book up until the end. The ending was so abrupt. To me it was like the author didn't know where to go with the story. Maybe the next one will be better.

Eunice Korczak says

Sexes and Exes

Another cozy twitchy mystery in the Lainswich Witches series by Raven Snow. Another quick and easy fun read. Try one, just for fun.

? Gramy ? says

.

This is a cozy, paranormal mystery series. The heroine, Rowen Greensmith, belongs to a family of witches. The townsfolk of Lainswich holds this against them.

Rowen Greensmith's boyfriend, Eric, purchased a small newspaper business for her. She and some of her cousins run the paper and online blog. Eric is a businessman and works out of town most of the time. His brother unexpectedly shows up at the Greensmith home late one night, destroying their newly planted rosebush because he was drunk. His brother, Eric, and parents come to town to deal with his unruly behavior and possibly involved in the recent murder.

Rowen's cousin, Margo, and Eric's brother, David, become romantically involved. Eric and David quickly become household members of the Greensmith's home.

A local woman is found surrounded by occult material after she was murdered. Rowen works closely with an ex-boyfriend, Ben Williamson, from high school, to discover who murdered the woman. Through a maze of twists and turns, the reader is shocked when the culprit is revealed rather abruptly.

There are a few grammatical errors. But all in all, it is an interesting piece of entertainment combining humor, paranormal activity, and mystery. This book is able to stand on its own, it is a clean read, and they solve the mystery of who murdered the woman and set the scene so bizarrely. There are sure to be more mysteries in the future.

Pat says

Easy read

Like-able characters, interesting mysteries...just a nice cozy read. Enjoyed it. Looking forward to all of the books in the series.

Carin says

2.75 at the most, I won't be reading any more of this series.

The writing is stilted and doesn't flow freely, and the ending was too abrupt as if the author just gave up and didn't want to bother with it anymore.

Robin Resch says

I received a free advanced reader copy of this book in exchange for an honest and unbiased review. Review posted on another site.

I liked this one better than the first book. I still would like to see more of the family do "supernatural" things. They come off as slightly odd "normal" people. There is not much magic going on for a family of witches. I have a hard time keeping who's who in the family, but hopefully as the series progresses I will be able to keep track.

I like the story line and plot. It does keep you guessing until close to the end.

Looking forward to the next book in the series.

Anima says

Living in a small town is full of interesting information, all useful when solving a murder. Rowen has dated a few key players and her cousins party with a few suspects, pretty simple to narrow down. If you read it carefully you can follow the clues and make a few guesses as to the murderer but you'd be wrong, Snow does a great job of keeping the mystery. Despite the murder Rowen and Eric are growing closer as his bother came into town and stirred a little trouble, all bringing their two families closer together. Hexes is the second in the Lainswich series but very easy to follow the characters if you just started here. I received an advanced reader copy in exchange for my honest review.

Alice says

Ooh another murder! Sweet! The Greensmith girls are back at it again solving another murder. I actually had a few suspicions on who the murderer was, but I was wrong. I loved the follow up to the first book. Highly

recommend if you want something light and quirky.

Penelope Schwertfeger says

Hexes and Exes

Another great fun story. I am looking forward to the next book. I would recommend this series of twitchy mysteries.

Stacy Spoonster says

Hexes and Exes

This was another good read. It is lighthearted and fun. I like the little twists in the mystery. This was a little bit shorter than the first but is a complete story. I would recommend for fans of paranormals and cozy mysteries.

Relina Skye says

"Hexes and Exes: Supernatural Witch Cozy Mystery" is the second book in the "Lainswich Witches" Mystery Series by Raven Snow. Rowan Greenwich and her cousins run the local news paper and are more than willing to report the news as it happens. But when David, her boyfriend's brother, runs into their roses in the middle of the night, she's finds herself on her way to solve another mystery.

Overall, this was another good novella. The plot has enough twits and turns to keep the reader interested in the story.
