Shelley says

Summary

Aoi finally admits her own feelings for Shusei, but now she has to work up the courage to tell him! Unfortunately that will be rather difficult as Shusei continues to not concern himself with Aoi's feelings or giving up their cover. In the meantime, both Aoi and Shusei go on a trip to Hokkaido. Despite Shusei's sensei creating a scene and throwing herself at Shusei, Aoi and Shusei end up together on a beautiful night gazing over the city lights. The next day, Shusei's brother shows up to to help Aoi attract Shusei's attentions, but will his attempts be successful or will their scheming end up doing more damage than good?

My Rating:

3 stars. Maybe a 2.7

My Review:

I loved the first scene in this book. I thought it was truly hilarious how Aoi tries so hard, too hard in fact to not be discovered with Shusei. So much so that she hides under the covers and sneaks off outside while the Shusei and his friends are playing video games. I was dying laughing the whole time! But then Shusei and Aoi take a plunge several floors to avoid being seen together. Yeah... there's no way someone wouldn't break some bones at least. I don't know about you, but I don't know anybody who would go to those lengths (literally) to hide a girl. That's manga for you!

Now we come to the teacher scene. Sheesh! My god. Seriously? That teacher is really pretty, and she could probably get any hot guy she wanted who was HER OWN AGE, but instead she just likes them young, ew yuck! I wasn't totally surprised the author threw that scene in there because it is manga after all and I will be honest and say I've been hearing more and more stories in real life where young teachers are sleeping with their high school students, but that's sexual assault! Come on' lady! Even though I was thoroughly disgusted, I did however LOVED how Shusei dealt with her. He basically not only pointed out she was being ridiculous and a pain in the ass when he threw her over his shoulder and took her to the grill stand, but he also gave her a taste of her own medicine!

We met the sister, now enter the brother. Could you believe that there is a more messed up guy than Shusei? Why do all of the men in this series grope and sexually assault Aoi? I mean I feel like Shusei tries to make a point to Aoi that she's not fighting them back or just "letting them do it" but seriously? It **SHOULDN'T BE HAPPENING IN THE FIRST PLACE!** That's the one thing that really erks me about this manga and is getting old real fast with this series. Honestly this could be a 4 or maybe even 5 star series, but I think that really turns off readers and I can see why! It's uncomfortable to read, but I can't stop reading because I don't understand how Aoi can put up with all this abuse? Honey, no man is worth that. I don't care why Shusei or Soju are doing that to her, it's just **WRONG**. Does anyone else see a problem with this?

Anyways, going back to the brother, Soju appears to want to help Aoi on the surface to get Shusei's attention, but then we discover he has his own secret agenda. What is Soju really up to?

Cillian says

What the fuck was this shit?

Why was everyone in this volume a jerk?

Oh, and...Sensei? You're aware that you could go to jail for sexually harassing a student, right?

But not in this manga! Sensei can rub her boobs and crotch against Shuusei; follow him to his apartment; pin him down on the bed...

I don't mind some suspension of disbelief, especially in manga. But this was just too much crap!

Leanne Crabtree says

I'm still liking this, though what's the older brother's problem? Why is he causing trouble and why doesn't his brother want him there. I can't wait to see some hopefully explosive emotion from him in the next volume over that picture.

Off to start volume 4.

monica ? says

Wow. Shuuhei's big brother is a biggest asshole!! I hate him so much!! (????)

Melissa says

J'avais adoré les deux premiers tomes de la série et sans grande surprise, celui-ci m'a plu autant que les autres !

La première partie est toujours aussi drôle et c'est un plaisir de voir la façon avec laquelle Shûsei prend un malin plaisir à rendre Aoi jalouse !

Par la suite, le frère de Shûsei, Sôju fait son apparition et on se rend vite compte qu'il n'a pas l'air très honnête et qu'il a probablement de mauvaises intentions.

Une lecture rapide et agréable qui me donne envie de lire rapidement le tome 4 qui est déjà dans ma PAL ! ?

Latoya says

I keep reading because it's just interesting enough to want to know what happens next. Seriously though, the main guy is a major jerk. I cannot understand how anyone likes him.

Mary says

You thought volume 2 was bad? Wait until you read this shit. There is absolutely no conceivable way this would happen in real life. There is no way this is cute or romantic or whatever you call it. I'm done. The movie was good.

Yea, watch the movie instead because this is just a waste of time and money. Oh how you forsake me.

Carrie (The Butterfly Reader) says

Check out my blog for other reviews: [The Butterfly Reader](#)

This one starts off funny with Shuusei's friends coming over to his place and Aoi hiding so they won't see her. I thought she was going to get caught for sure but it was only a close call and their secret remains safe and sound.

Now this volume is a lot weaker compared to the past two in my eyes. Yes, I know it's fiction and fake and doesn't compare to real life but when the language teacher is all over Shuusei... like all over him, pushing her chest in his face and then trying to get her freaking student into bed... that's just a bit much for me personally. Though I do like that he leaves the teacher tied down in a bed because she wouldn't leave him alone. Nice touch. Through all this Aoi just wishes she could spend some time with him and she does at last get her wish.

Shuusei's older brother - Soju - is an asshole. I don't get why he just shows up and then is determined to her his brother. Shuusei's got a weird family. Soju tells Aoi that he wants her and his brother together and gives her some advice to get him. It doesn't work though and so Soju ends up kissing Aoi to show her how a kiss should be. Then he comes up with the idea that he'll come over and help make his little brother jealous... just wow. Finally Soju shows Shuusei a picture of him and Aoi kissing.

This is my least favorite volume so far. I really hope the next ones are more like the last two and not like this one because this is not the series that I fell in love with in the last two volumes, this was just some really weird stuff that had me rolling my eyes and shaking my head.

Phoenix2 says

Hmmm, I'm really really really not convinced by the guy. He still acts kind of "fishy". And Aoi just falls for it! I'll just keep reading because of the art (really beautiful) and cause I want to know where this is going.

Day Cyla says

This volume accidentally awaken the feminist side of me which I didn't notice before. People please, women are not living things that want to be treated sexually 24 hours and didn't even protest when she doesn't like it.

Shout, scream, hit or whatever whenever someone force himself on you. Please women, protect yourself. Don't be hallucinated by this Aoi, reality ain't what you read in this volume.

Becki says

Still the same horribleness as the last volume

Fernanda Malvido says

so finally Aoi admits she's in love with Shuusei which was lovely. My only problem with this volume was Shuusei's brother... arghh i hated him so much!

Müni (MuenisBookWorld) says

I love this manga. Can't get enough of it!!

Diana says

Esta muy regular la historia. Como es tan popular este manga, me esperaba una historia diferente al canon pero al parecer es normalita. Lo único que me divirtió fue la traducción.

Dina Ashraf says

his brother is a total jerk
