Spider-Man vs. Wolverine James Owsley (Writer) , Tom DeFalco (Editor)

A story for Now Magazine brings Peter Parker and Ned Leeds to West Berlin where they are investigating a story about Charlemagne, a Cold War operative. When Spider-man encounters Wolverine, he is told that he is in over his head, but he doesn't realize how true that is until he finds his friend Ned dead in their hotel room. Seeking revenge and answers, Spider-man sets out to find Wolverine, but what he finds is a web of lies and deceptions, all leading to a fateful moment which will forever change the life of Peter Parker!

Reprints the one-shot from 1987 with a square spine. The indicia identifies it as "Vol. 2 #1" despite being just a reprint.

Logan says

This book was not too bad. It focuses on when Spider-Man needs a vacation from it all, so Peter Parker goes to Germany, on a daily bugle assignment. Wolverine at the same time, is searching for an old friend and also goes to Germany. What's pretty cool is that this is the first time they meet, which makes their interactions funny and entertaining. Of course they fight, but when they do it's pretty intense! Overall not bad!
