Pam Carini says

error not the right book

Stephanie Smith says

Love Mickey Haller! This is among the best that Connelly's yet written. Must read for all fans. I love the Bosch series, but this is as taut of a thriller as Connelly's yet written-despite that minor quibble.

Ladonna Sanders says

Well written, nicely paced. No gratuitous sex, no international plots, thank you. Just a good old fashioned mystery.

Jennifer says

Connelly never disappoints. The story, the sub-stories, the characters and the juicy crime - this was another 5-star read from the prolific, Connelly.

Ron Chicaferro says

Another excellent book by Michael Connelly - - The protagonist is Mickey Haller - he was the subject in the Lincoln Lawyer book and movie. Connelly makes a reference to the movie in this book and its a pretty funny reference. Like the Lincoln Lawyer, this book delves deeply into how a court room works - the gritty details behind the relationships between the judge, the prosecution, the defense team and the accused. Its a fascinating look at how our legal system works. The case is a murder case but its not straight forward - it brings in many different facets of the case and many different characters. Haller is a whiz at finding loopholes and he's not afraid to put them to maximum use for his client. Connelly writes in short, concise sentences - you will feel a part of the action - a super read!

Jim Bocko says

Katherine says

DI lost interest and didn't finish it.

Susan Elizabetha says

The Lincoln Lawyer book series is superb. The movie with Matthew McConaughey is great as Mickey but the book series is much better.

Janet Forgione says

another fun read by Michael Connelly

Christine says

Good, not great. I will have to see the movie now.

Leslie Bethune says

Michael Connelly is by far the best author of portraying how things really happen in a courtroom. Of course, there are some cases that are a little outlandish, but that's all part of the imagination! All of the Lincoln Lawyer books and Harry Bosch series books are worth your time!

G says

Although the ending was predictable, it was still a good read.

PROTAGONIST: Mickey Haller, defense attorney

SETTING: Los Angeles

SERIES: #5 of 5

RATING: 4.0

WHY: Several years ago, defense attorney Mickey Haller made a connection with prostitute "Gloria Dayton", felt he made a positive difference in her life. Now she's been murdered, and he finds that he has been deluding himself about the success story. He's taken on the defense of her supposed murderer, her pimp Andre La Cosse. A complicated yet engrossing plot involves cartel boss Hector Moya, serving life due to being set up by Gloria; a rogue DEA agent, and a retired cop. The team that supports Haller is intriguing as well. I did find that some of the stuff in Haller's personal life got in the way of the narrative.

Deb Kosteniuk says

Mickey Haller 's new client Andre LaCosse is an online pimp accused of murdering a prostitute. Mickey realises the dead woman is actually one of his former clients, Gloria Dayton, that he represented on a drug charge eight years before. He also learns that she didn't make the fresh start he thought she did eight years earlier. As Mickey investigates, he learns Gloria may well have helped set up the cartel member at the behest of a DEA agent. The more he learns, the more he comes to believe Gloria's death is related to her DEA involvement. Following this line of inquiry Mickey is soon harassed, threatened, and attacked. The La Cosse case goes to trial and Connelly does an excellent job detailing what goes on there and Mickey's thought process/rationale for doing what he does. Connelly's books are compelling, well-written, always with interesting characters and a satisfying conclusion. I really enjoyed this book, it was a good read.
