The Jilted Billionaire Groom: The Lost Ones Jennifer Youngblood

The Lost Ones are for all those who want to know what happened to the other guy or girl who got away. Software billionaire Finley Landers—from The Hometown Groom—tried his best to persuade Emerson Stein to marry him, but she chose Texas Titan’s superstar quarterback Riker Dylan instead.

Still reeling from getting dumped on national TV, Finley Landers flees Dallas and takes solace in his hotel in Park City, Utah. When a young hooligan tries to steal his money, Finley gets an explosive introduction to Sunny Day who happens to be a maid at his hotel. Intrigued by the dark-eyed beauty and her sharp tongue, he suspects there’s more to her than meets the eye.

Sunny Day is on the run for her life. On a moment’s notice, she had to leave her rising design career behind and escape with her nephew Ian. She has no idea how to take care of a headstrong ten-year-old who’s mourning the death of his mother. Just when she thought things couldn’t get worse, she comes face-to-face with Finley Landers the hotshot, charismatic billionaire she’s had a crush on since high school. Lucky she’s using an assumed name and Finley doesn’t remember her ... or does he?

With her sister’s killer hot on her trail, Sunny has no room in her life for a relationship. But try as she might, she can’t seem to avoid Finley who’s determined to sweep her off her feet. When an unfortunate accident sends Sunny running to Finley for help, she must decide if she’ll close off her heart to protect her secret or risk it all for love.

From Reader Review The Jilted Billionaire Groom: The Lost Ones for online ebook

Susan K says

Romance, clean

Light romance. Finley's departure from Texas leads him to Park City where he has a hotel, and where he meets someone from his past. Definitely a light romance, quick read. Ashley/Sunny is desperate to keep her nephew safe, and with her escape from the man who killed her sister, she is desperate to keep out of sight and notice by doing menial work. This was a cute, light romance, not a ton of substance, but a quick escape type of read.

Bernadette Cinkoske says

Stayed up too late again! I should know that I cannot put down a Jennifer Youngblood story until I finish it. This sweet romance has just the right mixture of fun, romance and suspense. With a mother like Finley's I'd leave town, too! Ashley/Sunny was a perfect choice for Finley. They sparkled. I loved the way Finley related to Ian. This book was the perfect Sunday evening read.

Verna Tillman says

Awww

Finley and "Sunny" had a past even though it took Finley a minute to remember. Lexi was so typical of many young ladies trying to break into entertainment, not all end as tragically as hers did but some do. Ian and Sunny landed the brass ring by association and had a happy everafter with a few scary moments on the way there.

A good clean romance with enough intrigue to keep you interested and reading until the end.

Kristen says

I enjoyed it

Moral Note: Some mild violence and talk of pregnancy before marriage.

Vivian says

Just roll with it

Check your cynic at the door and just go along for the ride, and you'll enjoy this story! While it's short on

realism, it's long on entertainment.

Youngblood does a great job at redeeming Finley as a hero after his part as a jerk in Emerson's story. And Sunny is a likeable conflicted heroine. The plot is unoriginal, but handled well enough for an amusing & satisfying couple of hours.

As "beach reads" go, this one is worth the time.

Clean romance level: Some passionate kissing

D'anah says

Ok

A tough call, to take on someone else's son coupled with life threatening badies. The story was pretty good, but it irked me how Sunny was so high strung she didn't deal very well with the boy Ian. Apart from that, was interesting read.

Love says

Thrilling Romance

This is a thrilling and heartwarming romance with suspense and adorable moments that will have you on the edge of your seat from beginning til the very end.

B. D. Mann says

Once I got into this story, I could not put it down. I'm generally not a fan of suspense stories, but Ms. Youngblood might change my mind. My favored genre is sweet, clean romance and this fits the bill. I appreciated how Ms. Youngblood incorporated instances where prayers were offered and answered. (WARNING: Spoiler Alert) I was especially pleased with the scene where Sunny/Ashley is visited by her deceased sister who gives her information and encouragement. I cheered when Finley finally steps up and informs his mother in no uncertain terms that she is to butt out with her matchmaking activities. The suspense was well done and kept me on edge until the threat to Sunny/Ashley and Ian was resolved. Seldom have I seen a better set of protagonists than Sunny/Ashley and Finley. If you are one who enjoys clean, contemporary romance with a dash of suspense I would be hard pressed to recommend a better author than Jennifer Youngblood.

Rocky says

Sunny and Finley

One moment Ashley Reed is working on a great job as an interior designer. The next she's running for her life. Ashley's sister, Lexi, has been dating a Las Vegas casino owner who tends to be violent. Her son, Ian, witnessed him kill a policeman and now Nolan wants Ian dead. Lexi sent Ashley some money and new ID's for her and Ian. Now, their Sunny Day (Lexi has a sense of humor) and Ian Day.

Finley Landers is tired of his mother trying to constantly set him up so he runs away. After a few months in Europe, he goes to his hotel in Park City, Utah. When he steps out of the sauna he finds a young boy trying to steal money out of his shorts. When the boy's "mother" shows up she's startled to discover the guy she's had a crush on since high school is the owner of the hotel she works for as a maid.

Finley feels like he knows Sunny but he can't remember from where. What will happen when he discovers Sunny's true identity and why she's running? All he knows is that he feels a strong connection to the beautiful brunette from Montana and wants to get to know her better. And he wants to help her and her "son" with everything within his power.

Kathryn A. Sievers says

This was an okay story. It held my interest and the characters were likable. The plot had possibilities but the ending seemed rushed. It's almost as if there was a limit on the length and the author ran out on space.

NoraJLeSueur says

Great read!

I liked the way that author developed the characters and storyline. She kept the reader involved in the story. It was hard to put the book down. I would recommend this book to anyone who enjoys mystery and romance.

LaRee Sutherland says

Lost, then Found

It is great to see the lost ones are strong, moral people who find true love and move on with their lives. Bitterness can be too strong a force in life and make it hard to be open to the good. I know the book is fiction, but the process can be helpful in real life. Look for the good around you. I do love the clean romance of Jennifer Youngblood's books. I love all her books.

Sue Stinnett says

The Maid and the Billionaire

Totally loved this story! Finley is the sweetest hero ever and Sunny was such a good aunt. Well written and will keep your interest from beginning to end.

Bibliophile says

The Jilted Billionaire Groom

The Romeo Effect, being in love with being in love, caused Finley to humiliate himself publicly. After hiding in Europe while the backlash to passes, he retreats to a family hotel in Park City. By accident, he meets someone from his past that seems familiar but she assures him they haven't met. Something isn't right though. Figuring out what that is will put them all in danger. This book is a perfect blend of romance and suspense. Well done!

Mary Baker says

I see that this book has a five star rating, and it was a nice, sweet, "happy ever after" story. I, however, was concerned at how the author manipulated the events to suit her purposes. The hero manages to show up when Sunny needs him--even when he has been cities away. The hero only seems to become frustrated with his mother, who is so desperate to see him suitable married that she does some devious deeds. There was little conflict or tension in the novel even though Sunny and her nephew are trying to avoid a very bad man, who just conveniently dies in a shoot-out with the police which the reader doesn't witness. The book does provide good escape, but the action is "luke warm."
