## **The Valentines Day Proposal** Bella Winters

I want to make my father proud.

He wants me to take over part of the business.

Now, I'm stuck in a small town

And the only way out is to keep my eye on the prize.

It sounds easy enough until...

I meet the sexy redhead who steals my heart.

## Judy says

This is a wonderful Valentine's Day story about Brandon and Lola who come from opposite ways of life. Lola has been dealt a hard life at such a young age. Her mother passed away and her dad has MS and she cares for him and runs the family ranch. Her one escape is singing at the local bar. Brandon is from the city and works for his father's development company and will be in Lola's small town for a couple of months. One night while at the bar this very hot sexy man, Brandon is watching Lola sing and the connection between them is crazy. Once they meet Brandon flirts with Lola and they end up leaving together and have a night of passion beyond what either expected. They both know the relationship can not last but once their feelings get involved things get messy and end badly! A year later fate brings them back for a chance meeting and Brandon knows he needs to fix what he did and to do whatever he can to get Lola back. Can Lola open herself up to what Brandon is offering or will she let her stubbornness stop it before it starts? I loved Lola's character and how she gets others to listen and care, she is one special woman! I voluntarily reviewed an Advanced Reader Copy of this book.

## Linda says

Will Lola & Brandon get their second chance?

Wow! Bella Winters delivers another romantic read & just in time for Valentines ♥? Day! This is a great book that is well written, with an interesting storyline & well developed characters. The story captivates right from the get-go & keeps you interested until the very end.

Lola is a small-town country woman who has had a rough life. She lost her Mother, cares for her Father who has MS & now runs the family farm. She loves to sing & dreams of making a big splash in the music world. So far, her singing career consists of weekend gigs at the bar in town. Brandon is a city man who works for his Father's development company, is a consummate playboy & doesn't do relationships. Brandon is sent to oversee a development project in Lola's town. The two meet when Brandon shows up at the bar where Lola is singing.

The chemistry between the two of is combustible, their one-night stand turns into relationship but what will happen when the project over? Is Brandon willing to put down roots & continue seeing Lola? After being apart, will Lola allow Brandon a second chance? Is she willing to take another chance with her heart? Can Brandon make things right? Will this Valentines Day be lucky for the pair? To find out how their story goes, "one-click" & start devouring this story, I guarantee you won't regret it!!!

I received an Advance Reader Copy (Arc) of this new release & am voluntarily leaving my honest review.

## Linda Lagrue says

Bella Winters has written a beautifully romantic story that is impossible to put down. This is the story of Brandon a wealthy man who works for his father's development company and Lola a beautiful lonely

country girl taking care of her ill father. They meet when Brandon's father sends him to oversee a development project in Lola's small town. Brandon and Lola spend the night together after he hears her singing in the bar. What should have been a one-night stand develops into a relationship that can only last until Brandon's contract ends. "The Valentines Day Proposal" is an outstanding story, a marvelous romance and one you must read for yourself.

### **R.K. Tejaswi says**

This time Bella Winters has come up with a hotshot playboy and small town girl romance with The Valentines Day Proposal. Lola a girl with dreams and responsibilities, she has a dream to make big in the field of music but had to take care of her mother and then father, she just sings in a local bar. Brandon arrives at the very same small town to check on his father's new building, his eyes falls on Lola at the bar and he wants her. He is a man who takes woman has a plaything, but for Lola, the ONS felt more than what she taught. But Brandon leaves without a goodbye and returns nearly after a year wanting, when Lola has left her hopes. Will she able to forgive him and give a second chance to him, will their chemistry be hot as before is the plot.

### **B. Koe says**

Hits right between the eyes, an erotic and emotional story that will make you laugh, tear, wince and giggle with joy

"The Valentine's Day Proposal" is the Romance READER'S VALENTINE's DAY MUST-READ this year! Bella Winters has written another heart-wrenching novel which contrasts a life too real with a life avoided. He's a rich, educated man of the city while she is the poor country bar song. They do not see the similarities in their lives even though they are both longing to find love, longing to be special and cared for and longing to be recognized and accepted for who they are. In short, theirs a story far too gripping to ignore. For this reader, my fascination with the "what will happen", held me spellbound through the night. I was captivated by the implied promise that this "fated not to last" fling, might be the "one true love" they would blunder. In "The Valentine's Day Proposal" Winters continued her masterful use of the opposing point-of-view (chapter by chapter) to reveal the inner angst and off the wall chemistry of the protagonists. Additionally, the minor characters are perfectly portrayed. Though some may feel a bit stereotypical they are a realistic reminder of my "small town life" experiences. While I was given an ARC copy to prepare this honest voluntary review, I plan to purchase a copy of my own to support this maturing writer. I just loved the contrasts and the expert way author Bella Winters weaved them into what is assuredly my favorite Valentine's Day tale for 2018. ?

## **MJM says**

Does He Deserve A Second Chance?

Lola is a 22 year old young woman who hasn't had an easy life. First her mum died and now her dad has MS and so she is struggling to keep their farm in business. To keep herself sane she sings at the local bar in the small town where she lives. one night young and very wealthy 24 year old Brandon who is working for his dad's construction company on a development in town and he is intrigued by her when he hears her sing. The chemistry is off the charts and the flirting is really advanced flirting that they've both majored in. One thing leads to another and they spend a passionate night together that doesn't feel like a one night stand even though they both know he will be going back to the city when the development is completed. But they get closer until he starts a fight and she finds out that he has gone! Bella Winters just writes more powerfully with fascinating characters. For example, I thought that Brandon was rather immature in the first part but later on when they meet again it is gratifying to see how he has matured. I liked the way she alternated writing from different perspectives and in the later chapters I loved how Brandon and Lola were together and seemed to be on track. There is angst in this story but it's also about maturity, realising when you've made a major error and trying to convince that special person that you deserve another chance at love. Beautifully written by Bella and I look forward with anticipation for her next red hot love story!

I voluntarily reviewed an advance reader copy of this book. However, I have purchased my own copy and am enjoying the bonus book which has never been published before! So get your copy whilst you can!

DEFINITELY RECOMMENDED.

### **Amy Miller says**

This was an amazing Valentine's Story. Brandon and Lola, complete opposites, but they totally are amazing together. Brandon is from the city, he has lots of money, and a CEO of his fathers company. Lola, is from a small town, she wants to be a singer, takes care of her father with MS and their ranch. These two hit it off immediately, both are enjoying one another's company until Brandon decides that Lola is a distraction and leaves without even saying goodbye. Time passes by when they meet again by fate and finally it hits Brandon what he wants in his life. However, Lola was hurt and will need some convincing. I loved how amazing their were together. So very different, but that was never even a problem. Both had a lot going on in their lives but they still managed to be there for one another. Even though they were separated for awhile, yet fate intervened and the two gave things a go again. I must say I was surprised where the direction of the story went in the end . A great story!

### **Marilyn Smith says**

Lola has had a hard life, her mom died when she was young and her dad has MS. This leaves her to run the family ranch alone. On the weekends she sings at the local bar. Brandon shows up one night and is attracted to her instantly. He's in town are a couple months doing a development project for his father's company. He decides to meet the singer as this will help pass with the time in town. They talk and next thing they spend a hot night together. The next day they decide to keep seeing each other and get closer. Then one day the development was done, so Brandon packed up and left town with out telling Lola. She finds out and is heart broken. A year passes and fate intervenes and they run into each other and he has realized the mistake he made leaving as he did. Will she forgive him or walk away to keep from getting her heart broken again? I voluntarily reviewed an Advanced Reader Copy of this book.

### **M Hurford says**

Lola Boots is the nicest person in her small town. She has left her dreams behind to take care of her once dying mother and now her father who has MS. Instead of singing at Madison Square Gardens, she sings at the small local bar for the regulars. Nothing changes until the night Brandon shows up in the bar. He is the project manager of a new land development project in the area. He sees her singing and thinks she would be a perfect fling while he's in town. Well, that doesn't happen. Instead they become more then a fling which scares him. So what does he do? Yu! Now what?!

This is a great storyline that is part country, part city, part second chance. Wonderful characters that I became emotionally invested with. Highly recommend this book.

(Note: I was provided an Advanced Review Copy of this book in exchange for an honest review.)

## **Magali says**

3, 5

Lola is a great singer but she had to stay in her town when her mother was sick and now, she only has her father, but he's ill too and she has to work in the farm. She meets Brandon, a newcomer in town, and they're immediately attracted. But he's here temporaly to construct homes and a mall and at first they didn't want anything that a fling. Except that it quickly becomes more, and Brandon is Lola is a great singer but she was born in her hometown. She meets Brandon, a newcomer in town, and they're immediately attracted. But he did not want anything than a fling. Except that it becomes more, and Brandon is frightened by his feelings. It's a well written story with few sex scenes. I liked how their relationship evolves, not lineary. I have voluntarily reviewed Advance Reader Copy of this book.

---

## **Raecharmed says**

Lola escapes n her music because of the struggle she has in her life. One night she meets Brandon at the bar she sings at. A waitress warns Brandon off Lola but he isn't about to listen. They have an incredible night together which leads to them spending time together whenever they were free to do so. Brandon knew he had strong feelings for Lola but had to take care of business so when his father calls for an update its like a wake up call. He feels guilty for the time he was away from work and then takes it out on Lola when they get together. Lola thinks its just a fight couples go through until she learns he left town without ever telling her goodbye. Years later they run into each other again but will Lola be as open with her heart to Brandon?

This was an amazing story about to strong people that have other commitments pulling them away. The chemistry between Lola and Brandon sizzled from between the pages. This was a well written story and will keep you entertained all the way to the end.

I read and reviewed this book voluntarily.

## **Karina says**

I voluntarily reviewed an ARC o this book. I loved Lola and Brandon's story. The story well written and I was hooked from the very beginning. Lola is a young woman who is works at the family farm to help her ailing father. She also loves to sing and on weekends performs at the local bar. Brandon is a man who works for his father and trying to get his approval from. Brandon has been sent to oversee a real estate development just outside of Lola's hometown. The night he gets into town he goes to the bar and is instantly captivated by Lola. There is attraction on both their parts from the very beginning. Both know from the start that whatever they start is only meant to last for the time Brandon is going to be working on the project. The two spend all their free time together and become really close. When the time comes close for Brandon to leave Lola wonders if they can have a long distance relationship since they really don't live that far away from one another. Can they do it? is Brandon willing to? Is working for his father what he really wants to continue to do? Will Lola and Brandon find a way? Can they get the HEA they want? I absolutely loved this book and enjoyed this wonderful story from beginning to end!
