## **The Western Heritage Since 1300** Donald Kagan , Steven E. Ozment , Frank M. Turner

This authoritative book presents an engaging and accessible narrative account of the central developments in Western history from 1300-present. Seamlessly integrating coverage of social, cultural and political history, this book is presented in a flexible chronological organization, helping readers grasp the most significant developments that occurred during a single historical period, laying a useful foundation for the chapters to follow. This volume attempts to reflect the unprecedented impact of globalization on this century by featuring extensive coverage of popular culture, the relationship between Islam and the West, and the contribution of women in the history of Western Civilization. This volume contains a Special Introduction Chapter and Chs. 9-31 of the Combined Volume: " The Late Middle Ages: Social and Political Breakdown; Renaissance and Discovery; The Age of Reformation; The Age of Religious Wars; Paths to Constitutionalism and Absolutism: England and France in the 17th Century; New Directions in Thought and Culture in the 16th and 17th Centuries; Successful and Unsuccessful Paths to Power; Society and Economy under the Old Regime in the 18th Century; The Transatlantic Economy, Trade Wars, and Colonial Rebellion; The Age of Enlightenment: 18th-Century Thought; The French Revolution; The Age of Napoleon and the Triumph of Romanticism; The Conservative Order and the Challenges of Reform; Economic Advance and Social Unrest; The Age of Nation-States; The Building of European Supremacy: Society and Politics to World War I; The Birth of Modern European Thought; Imperialism, Alliances, and War; Political Experiments of the 1920s; Europe and the Great Depression of the 1930s; World War II; Faces of the Twentieth-Century: European Social Experiences; and The Cold War Era and the Emergence of the New Europe. For use by history career professionals.

### **Theresa says**

The Western Heritage: Since 1300  
Kagan, Donald  
required text for college history course, about american history

---

### **Denielle says**

This was a required text for my college World History class. It's very dry, which makes it difficult to read. I actually fell asleep twice while reading it, which has never happened to me before. Normally I would have sold it once the class was over, but I've held onto it for reference for my genealogy research.

---

### **Cameron Motsinger says**

Free at last!!!

---

### **Toby Amodeo says**

This book gave a very basic overview of European history. It failed to include important political developments, concentrating mainly on social changes. While social changes are incredibly important to history, knowing where one is in the political atmosphere is just as important. I would not recommend this book to any AP European History class, where I first encountered it.

---

### **Amy says**

While I enjoyed my class, I wasn't awed by this book. It was good, but nothing to write home about!

---

### **Adam says**

mine is definitely by the same authors and is a sixth edition, not sure what this 'combined edition' is, though.

---

### **Josie says**

This year, I read this book for my AP Euro class. Not the most exciting, but definitely better than the AP US book! I love European history, but my teacher's lectures were what I really looked forward to, and what I think will help me most on the big test coming up in May.

The book really focused on the economic and political aspect of events rather than the actual action, which kind of made me feel like I missed all the good parts of history and the emotional part of reading I look for in books I read in my free time. While the book stated in maybe two pages all the battles of WWI, there was at least 5 pages of the effects of the Treaty of Paris, leaving out the true horror of war and the emotional effect it has on people.

Overall, the book helped me prepare for tests and filled in the blanks my teacher didn't cover, but lacked action. A good history book compared to others, it reported the facts and events of a history I have learned to love as much as TV drama.

---

### **Taylor says**

Finally finished with the AP test, so there is no longer a need to carry this thing round with me everywhere I go. Finally.

As far as history textbooks go, this isn't a bad one, although the bias sometimes irritates me. I don't really have to read this again, so I guess it's not so much of a problem.

---

### **Benjamin Plume says**

This was a pretty good text from my first college course.

---

### **Kyle Keating says**

It's a European history textbook and reads like one—but it's clear, well-organized, and readable.
