24 Hours David Hagberg

Only Kirk McGarvey can save the President's daughter from execution at the hands of terrorists in David Hagberg's breathless thriller novella, *24 Hours*. Featuring a special sneak peak at the new McGarvey novel, *End Game*!

The seventeen-year-old daughter of the widowed President of the United States is kidnapped from Georgetown University outside Washington, DC.

A ransom note mysteriously appears on the president's desk in his private study off the Oval Office. The demand is as simple as it is impossible: The US must immediately begin a ground war in Syria. If the President doesn't comply within 24 hours, his only daughter will be publicly executed.

The terrorists believe that pitting the U.S. against Russian troops in a ground war will allow ISIS to decisively create its Caliphate, from which it would be free to wage war against the entire world. The Middle East would sink into a new and barbarous century.

Former CIA assassin Kirk McGarvey gets the call in the middle of the night for an emergency meeting with the President of the United States. His mission: find the President's daughter and return her safely to the White House.

The problem: He has only twenty-four hours to do it.

Jim Swike says

Very scary scenario with a kidnapped President's daughter. Quick, page turner. Enjoy!

Jacob Peled says

David Hagberg wrote lots of books. As of now, 20 of them are with a CIA assassin name Kirk McGarvey. I admit that I have not started with the 1st book named "Without Honor", but with #8 – "Joshua's Hammer". At the time I enjoyed reading #8 and gave it a 5 star. Next one I read #14 – "The Cabal", which I didn't like and gave it 1 star. Reason was that I thought the author "starched" a story worth only 150 pages into a 300 pages. This book "24 Hour" was just long enough. It is 100 pages long. It has all the ingredients of a good suspenseful and fast reading book (It is more like a booklet). Only problem with the book, was that the editor missed at least 3 places I recall which needed corrections (I know, I should have marked them and point them out in my review, but as I said it's a fast reading book, and you can't just stop to mark some incorrect sentences).

One of the problems with a series of books with a single hero, is that the author tend to develop its character only during the first few books. So if you read "24 Hours" without the background of previous "Kirk McGarvey" books you may find out that the main hero character is not developed at all.

My recommendation - start from book #1

Anyway, I enjoyed reading that fast pace book, and gave it a 5 star mark.

Mike Kennedy says

Pretty solid edition in the Kirk McGarvey series. It is really fast paced. The president's daughter is kidnapped, and it is up to McGarvey to find her. He has 24 hours. It is written with each chapter being an hour. I could almost hear the clock from the tv show 24 in the background. The only thing I didn't really like was the ending, but other than that it was pretty good. I'm surprised because the McGarvey novellas are usually pretty poor.
