Axolotes, chinchillas, and sugar gliders--oh my!

**In this charmingly illustrated follow-up to their first bestselling collaboration, *Big Words for Little Geniuses*, Susan and James Patterson create a collection of the world's oddest and cutest animals that only little geniuses would know!**

From sloths to spoonbills and panda ants to pangolins, little geniuses will love learning about all of the unusual, adorable animals that live on this planet. More than 50 little-known flyers, swimmers, and crawlers are included in this book, whimsically illustrated by artist Hsinping Pan. *Cuddly Critters for Little Geniuses* will remind you that nature contains many wonders--and these cute and curious creatures are no exception!

I liked "Big Words for Little Geniuses" but this one falls short in the clever writing department. The illustrations are cute but do little to inform readers.

This book was so much fun. The animal illustrations are amazing. A mixture of real animals and make believe. The colors are wonderful and vivid. I loved the descriptions for each animal. The images and descriptions were on point. A fantastic book that everyone can enjoy.
