Forever Yours Janmarie Anello

A Marriage of Inconvenience

Sophie Treneham thought she'd left scandal behind her when she retired to a quiet country estate to raise her daughter alone. But her peaceful refuge is shattered when a stranger with dark hair and a menacing scar across his cheek arrives in her drawing room and claims she is his betrothed! Marrying this pirate of a man is out of the question and Sophie is sure he has come to pillage what is left of her home. Only as an irresistible attraction builds between them and desire turns to love does Sophie realize her true danger: the treasure Jagger Remington has come to plunder is her heart.

An Unexpected Love

A debt of honor forces Jagger to abandon his life and agree to wed Sophie sight unseen, but the lady he finds is more beautiful than he expected, and more spirited. She soon makes it clear that she never consented to her brother's matchmaking scheme. Despite her protests and his suspicions surrounding the match, decency demands they wed. But what begins as a marriage based on duty, soon turns to irresistible attraction. Jagger never expected to find love—and redemption for his past sins—within his makeshift family. Now he faces his greatest challenge: to win Sophie's trust and earn her love...before the truth behind their hasty marriage emerges to destroy them.

SheLove2Read says

1st book and it shows. I was doing good to skim through it. Very amateurish writing.

Kim says

was really good

Mary Larsen says

Great story!!!

This was a great story it had romance, intrigue and heartbreak. It was heartbreakingly sad to see one person Sophie, had to endure so much pain and heartache, but at least she got a happy ending.

Jennifer says

3 Stars

Bronwyn Rykiert says

or most, this story will be an interesting read as far as historical romance goes. It has original characters and truly evil things going on in the characters' back stories.

Forever Yours was not quite as good as I had expected it to be. I did like the hero Jagger Remington, unfortunately I was disappointed with Sophie's reactions to Jagger and to her step brother, Stephen.

The story starts off with Stephen locating Jagger in India. I got excited when I read that, because I love exotic locales, but the story moved back to England rather quickly when Jagger returned home to claim the bride he agreed to take after his old friend Stephen called in a life-debt that Jagger owed him.

Sophie, left alone for years to deal with Stephen's estate, is not happy when Jagger appears with the marriage contract. Not happy at all.

To me, she was unreasonable and argumentative. True, Sophie has had a difficult life - a young single mother scorned by society. She's strong enough to not care about society and deal with an estate that is on

the brink of destruction after the man in charge of the money siphons off funds and absconds with it.

Sophie's reactions to Stephen's match making just didn't make sense to me. He saved her life, she loved him, but yet when he arranged the marriage between herself and Jagger she was ready to crucify him. I understand being upset, but for God's sake couldn't she give him the benefit of the doubt and find out why he did it? It just didn't seem to make sense to me.

The love story part is enjoyable enough, Jagger really made this book, despite his unfortunate name. How he works through his past, and her past for that matter, kept me turning the pages.

Kassie says

Another great Book by Anello!!! She is truly a gifted author!!! Look forward to many more of her books to come!!!

Blue Falcon says

This review is of "Forever Yours" by Janmarie Anello.

The Story: The book begins with the hero of the book, Jagger Remington-there's a romance novel name for you!-being asked-tricked-by Stephen Treneham, fourth Earl of Hallowell, into marrying Stephen's stepsister, Sophie, the heroine of the book, because Jagger owes Stephen a favor. When they meet, Jagger and Sophie are attracted to each other, but she declines his marriage proposal. Sophie later accepts to provide peace to Stephen as he is dying.

As the book goes on, secrets are revealed about both Sophie and Jagger. These secrets lead to pain and heartache for both Sophie and Jagger, but they also bring them together.

Sophie and Jagger become husband and wife in all ways, yet both are reluctant to say "I love you" to the other person. Finally, both realize the hurt they are suffering because of their behaviour and acknowledge their love for each other and have their Happily Ever After.

Upside: Both Sophie and Jagger are well-drawn, deep characters that readers will fall in love with and root for. Ms. Anello's writing brings every emotion out of her characters in such a way that I never felt I was reading a book, but rather was watching two human beings living their lives.

Downside: Most of the issues Sophie and Jagger deal with could have been resolved MUCH earlier had their communicated with each other. This is, sadly, a plot device that is used WAY too much, the "lack of communication" storyline.

Sex: The love scenes are beautifully written, more focused on the emotions of lovemaking than the esoterics of the act or describing body parts.

Violence: Assaults, stabbings and shootings take place in the book. None of the violence is overly graphic.

Bottom Line: Readers who love a deep, soulful Regency romance will find much to like here.

I enjoyed "Forever Yours", Janmarie Anello's debut Kensington historical romance novel. There were parts of the story I didn't like and pieces of plot I didn't quite believe, but her writing kept me reading until her story was done.

Sophie is a beauty who was ruined by a rake. When the consequences of her mistake became obvious, rather than allowing her family to force a marriage to such a scoundrel, she accepts her half-brother's offer of a small country estate. But tragedy seems to hover over Sophie and now she's quite at her wit's end. She hasn't seen her half-brother in two years, she's sold off almost everything she can, and now she's being importuned by yet another scoundrel! Into this scene steps a commanding man with a scar and WEDDING PAPERS!

Jagger can't believe his debt of honor will force him to return to England and marry! But learning of the death of his mother means he can now return and seek his revenge on the cruel father whose brutal actions caused him to leave England in the first place. He'll just wed her and then leave her in the country, no problem. Until he catches sight of this beautiful and courageous woman willing to defend what's hers with...a feather duster?

A little less angst and a little more relationship building would have brought this read four stars from me with no reservations. Although the plot is a well-used one, there were enough tweaks to give me a few surprises and the sensual pull between the lead characters was very well done. I'm headed to my TBR to pull out her next novel to sate my curiosity on Janmarie Anello's next book, "A Dangerous Man".

Cassie 'The Thinker Go Go Go Go' Mis. Roben Goodfellow'\Isabelle Lightwood says

great read, loved the chapters in it. and the ending was perfect for it

LibraryLass says

Although the plotline (arranged marriage) is not my favourite , this book was indeed a pleasant surprise. This book is the author's debut, but you wouldn't really know it by her writing. She writes like a seasoned romance writer. There is sizzle in her romance and a very satisfying about of sexual tension between the two h/s.

The two both have secrets that are revealed piece by piece through the book and just like adding herbs to a stew, it adds to the flavour of the book. I read this in one single sitting, it was that good. Highly

recommended author. Another one to watch for.

Sandra Walker says

Excellent!

Louraine Millington says

We are Family.

Jagger, what a name, pirate in looks, sweet as honey, hair black as night, eyes blue as the sky. Sophie, wrong by a cad when she was an innocent 17 year old. Cecelia 4 her daughter to the cad. Colin Cecelia's twin brother, weak from birth, dies at age 3. Stephen Sophia's stepbrother who loves her as if she were his blood sister. With that love he finds Sophia a husband who will love, care and protect her and her daughter. An arranged marriage to Jarred he believes is the answer. What a lot of twists and turns through this story, but what a lovely ending. From pain of their pasts, both find what they need in each other.
