Lee Hoekje says

Sort of silly but entertaining. Very typical of this sort of book.

J Steel says

A real page turner!

Another great book by Peter Bartram. Keeps you guessing to the end. Love all the different threads and how they all come together.

Puzzle Doctor says

Another entertaining entry in this series. Full review at classicmystery.wordpress.com

Beth says

Delightful series!

I always enjoy these well written mysteries. Endearing characters, sparkling dialogue, humorous puns and a twisty mystery. Highly recommend. The author's newsmaker is fun reading also.

Wendy says

What a sheer delight to once again join the wisecracking and conscientious Colin Crampton in hot pursuit of the perfect crime-worthy headline, and this time it's *Front Page Murder* for someone.

For me, this 'edition' features the best nostalgic journey of the Evening Chronicle so far. The initial grim storyline of a Christmas Eve date with a hangman doesn't seem to represent the season to be jolly. But it's balanced with a clever conundrum, the solution to which may just offer a miracle for the accused.

If Colin fails to meet the array of mounting deadlines (excuse the pun) it could mean curtains for a few people, and it's nothing to do with the pantomime season. Unless, of course, you consider the rather awkward greeting's card faux pas by Colin's landlady, and a tiny editorial misprint that causes quite a headache!

Front Page Murder wholeheartedly embraces the 60s vibe, layers of human interest, comical banter, a genuine Sheila called Shirley, plus there's a crime AND a puzzle to solve – there's even a partridge in a pear

tree...

A cracker of a Crampton of the Chronicle mystery – I couldn't have asked for more! I'm definitely looking forward to the next caper in the paper!

Susan says

Brighton 1963 and Archie Flowerdue will hang on Christmas Eve for the murder of Percy Despart. He claims he is innocent but refuses to name his alibi. Flowerdue's niece Tammy believes in his innocence and so Crampton decides to investigate.

An enjoyable mystery with some good rounded characters and a story that can be read as a stand-alone novel.

A NetGalley Book

Leyla Johnson says

I really do enjoy most of Peter Bartram books, especially these investigative journalist stories - they remind me so much of the era of pulp fiction. The characters are just so great, and the stories really have you at the edge of your seat following the twists and turns of the mystery. Love Tammy and her colloquialism, and as for Henrietta and the Clipping Cousins, they just make me laugh.

A.R. Beckert says

This is a good, old-fashioned mystery with a strong cast. I loved the blend of humor and clever plotting. It's not my usual read, and I admit I don't think I'll be picking up another of these, but I have a few people in mind who'd love it. I feel confident recommending it!
