### **Fanny says**

Con esta lectura termino mi racha de buena suerte \* suspira \*.

En esta ocasion no disfrute tanto de la lectura, me parecio muy precipitada ( incluso para lo que me tienen acostumbrada estas autoras ) y me hubiera dejado mas satisfecha si las autoras hubieran desarrollado mejor la trama, me dio la impresion de que algunas partes estaban tomadas con pinzas.

En resumen, no entra dentro de la lista de las mas destacables de Alexa Riley.

1.5 Estrellas!

### **\*Dee's Reading Time Matters says**

Enjoyable quick read ... So glad everything worked out for Alice and Major in a sweet but sexy HEA!

“Don’t say some crap about you should be stronger or that I should keep my job. I don’t want the job. I felt relief about leaving and about spending my time with you, being a dad again, coming home and making you finally tell everyone what was happening with us, starting a new journey in life.”

“You’re my sweetness, Alice. I love how soft and caring you are. I love that when I get a hold of you that you melt into me. I love that you want to make everyone happy. I don’t want to change that about you. I can be strong if you can be our sweet. I can protect it because a sweetness like yours should be protected.”

"We're all different pieces that come together and make a beautiful puzzle. I never would have thought we'd all fit together the way we do, but does anybody ever truly know what direction their lives will take them? I can say one thing for sure after all my years on this earth: This is as close to perfect as anyone could ever dream of."

4 so very WORTHWHILE STARS \*\*\*\*

**Kyle Hakim says**

Thomas was held up from a rescue mission. Alice was pregnant and can't stand worrying about Thomas's safety so she left. Thomas brought her home and fucked her so she got the memo she will not leave him again. They told Maggie, his adopted daughter about their relationship. 6 years later, they played with ties.

**Opinião completa:** <http://saboresedissaboresliterarios.b...>

Se por um lado adorei a história de Eli e Maggie em Her Touch, por outro não consegui gostar nem um bocadinho do casal (Alice e Thomas) deste livro que está diretamente relacionado com o do outro livro. Já desconfiava deste relacionamento à medida que fui lendo Her Touch e desde logo aquela relação me souou muito pouco convincente e não tem nada a ver com a diferença de idades dos personagens, só não consegui mesmo nada gostar deles, nem tão pouco identificar-me.

Ainda bem que era um conto, caso contrário acho que não teria terminado esta leitura.
