This is a rewrite of a book, I wrote some twelve years ago. Due to mass interest, I have published it again, and also have written a sequel. A normally mild mannered man becomes the most notorious serial killer of modern times. Billy Woods unconsciously murders the daughter of a local gangster and he is pursued across Turkey and Crete by the vengeful family and the police. Ruth Vickers, a detective with CID becomes infatuated with catching Woods and joins the manhunt. A brutally, blood curdling read that is a guaranteed page turner.

#### **GRIPPING THRILLER!**

The life of Billy Woods becomes complicated when he finds his wife in the arms of another man. His growing hatred of women, his financial worries and his recent loss of employment combine to turn this man into a notorious serial killer. Well paced and such a unique plot. This book totally captivated me!

### **Steve Mitchell says**

Horrible book. I can't believe all of the good reviews. There's nothing redeeming about the plot, the writing or the characters, just graphic violence. Bleh!

### **Tamsin says**

WTF is with all the 5 star reviews?!? I love a good bit of gore and horror but this was just too much. Horrendous writing with no real plot or direction and characters I couldn't care less about. Sorry, but do yourself a favour and give this a wide berth!!

Breathtaking

Insanity Never Sleeps.

WARNING: Not for the squeamish, if you liked James Patersons Alex Cross books you will love this book. I think it is better than Alex Cross so that in itself is saying something. From the very start to the last page this book will keep you on edge. It's very well written and descriptive, you can actually believe you are right there. This author is well on his way to being one of my favourite authors.

5 stars. 19 March 2015.
