## **Kisses for Daddy** Frances Watts , David Legge

When a grumbly Baby Bear refuses to give his father a goodnight kiss, their bedtime routine is transformed into a delightful game, as Daddy imagines all the different sorts of kisses that other animal babies give their dads: "'Now what about a big bear kiss for me?' said Dad. 'No!' said Baby Bear. 'No kiss for Daddy.' 'Oh dear,' said Daddy, carrying Baby Bear up the stairs. 'How about a koala kiss instead? Baby koalas give their daddies cuddly, clingy kisses, like this . . .'" This warm, affectionate story is perfect for children and their daddies to share!

I did not like this book. The illustrations were beautiful, but I felt like they didn't go well with the text. I didn't like how daddy kept giving the baby bear kisses when the baby bear didn't want any kisses. The illustrations made it look like the baby bear was thrilled and enjoying all these kisses, but I felt like he wasn't enjoying it since he was growling and kept saying no.

This is a book I want to add to my library at home for my grand-kids. Little bear doesn't want to put up his toys, kiss his parents, take a bath and go to bed. He reluctantly kisses his mother but refuses to kiss his father. Daddy bear sweeps him up and heads upstairs. he suggest maybe little bear would like a giraffe kiss, and holds him up high and kisses him. He then suggests several other animals and kisses him the way they would give a kiss. After his bath he tucks little bear into bed and little bear tells his father that he needs to give him a great big bear hug and a great big bear kiss. The story line and pictures were beautiful in this one.

A charming and wonderful story of parental care and love.

This is a cute book. I originally got it for my 3 year old daughter and husband to read together, but she and I have had great fun reading it together too. I put us both in the story and make baby bear a "she" and swap mama for daddy. We act out all of the different kinds of kisses (giraffe, tiger, koala, mouse, etc.) and I get tons of giggles and laughs out of my daughter. Her favorite is the koala kiss. She loves the book so much that she has started "reading" it on her own by following the illustrations.

My 4-year-old son wants me to read this every night. Cute bedtime story for ages from toddlers to preschoolers.

Sometimes children are impudent. Daddy bear handled that very well and accomplished the tasks that needed

to be done. Baby bear was stubborn, but in the end showed the love for his father that he truly had.

It's nice to read this with little ones. A father melts when his children are affectionate.

A nice twist on the typical where Daddy Bear does the entire bedtime routine including bath, teeth and pyjamas. A sweet story with lovely images.

This childrens book to me is a one in a million because it focuses on the father, and that does not happen a lot as the focus is always on the mother. Our daughter loves this book and has asked to have it read to her several times since we bought it.

A great book for any father and child to cuddle up together and share.

Where is the hidden tiger on the tiger page? Every other illustration has one, right?

I read this book as a picture book for class. I thought that it was cute and like the daddy bear having fun with baby bear.

I think we've all known a child to behave as baby bear does in this book, he's an expert at emotional blackmail. Baby bear refuses to give Daddy hugs and kisses, he's cranky and needs to get ready for bed. Daddy is very clever and asks for different kinds of kisses, such as giraffe kisses, crocodile kisses etc. and baby bear refuses. Daddy and baby bear have their moment in the end though. This would work for storytime but would be better one-on-one.

Cute bedtime book. Goes through all the hugs daddy bear could give baby bear before bed, like a monkey hug and tiger hug, describing each one; but baby bear just wants a bear hug and kiss. Great illustrations, and would be fun for a preschool storytime.
