## **Mistaken Identity** Alyssa J. Montgomery

*From the pacy, passionate pen of Number 1 Bestselling author, Alyssa J. Montgomery comes an irresistibly indulgent novel about identical twins, an autocratic tycoon, and the sensual, sophisticated Greek seaside.*

Greek tycoon Alex Kristidis will do anything it takes to prevent his brother marrying pop star Susie Hamlin, and Susie's twin sister Leah will do whatever it takes to stop him. But, posing as Susie to throw Alex off the trail as she and her lover rush away to get married has unexpected consequences: Leah is attacked by a drug dealer's henchmen, whisked off to Alex's private island, and becomes entangled in a web of lies.

Something is different about Susie, and Alex can't put his finger on it. No longer the self-absorbed, selfish celebrity, she is warm and innocent and inspires feelings in him that he thought impossible. But the last thing he will do is indulge in an affair with his brother's manipulative cast-off. He just has to find the strength to stay away...

## **From Reader Review Mistaken Identity for online ebook**

### **Malvina says**

I've had the great pleasure of reading several unpublished manuscripts by Alyssa J Montgomery, and now at last the world can enjoy her romances. And what a debut, with a sizzling Greek hero and a heroine who is also an identical twin. She masquerades as the other twin, the one who's causing all the troubles, and 'mistaken identity' is indeed what happens as the drama unfolds. The perfect book to while away a few hours. Alyssa is an author to watch; she'll always be on my 'to-read' list.

---

### **Hookedonbooks says**

I am a fan of this book, It was a great read from cover to cover and I just had to keep reading. just when I thought I knew what was going to happen...it didn't...and that, the chemistry between Alex and Leah and all the terrible angst Leah went through (which was completely resolved to my satisfaction) kept me reading way past bedtime! Thank you for a great read Alyssa J. montgomery - I will be following your titles with interest.

---

### **Periwinklepsyche says**

This was such an amusing read! The first few pages really picked my interest and I instantly know that the story was to my liking. Alex and Leah's love-hate chemistry was completely thrilling. Their flirtatious banter and slight argument gave me a goofy grin on my face. Though the story was quite short it was absolutely good!

---

### **Vashti says**

3.5\*\* hp type book,cute read.

---

### **Anita Elaine says**

Great read and a wonderful first book! The characters are interesting, entertaining and appealing. This book has a bit of suspense and drama, and just enough tantalizing sex scenes to keep your toes curled. Can't wait for your next book, Alyssa.

---

### **Darci Goodman says**

This review pertains to Mistaken Identity, which I had the pleasure of reading thanks to Netgalley and

Harlequin Enterprises Australia. I found this to be a very enjoyable read. This is a storyline I have seen before, however this story stands out above the rest as I was drawn into the story from the very beginning. The author was able to keep the story interesting and fresh!

The story centers around Leah, who is impersonating her twin sister who is trying desperately to marry the man she loves. Just as hard as sexy, billionaire brother Alex tries to stop them. I found their story lively and entertaining, but often found myself irritated with the sister who put Leah in a tough situation.

All in All, I thoroughly enjoyed this story. It was a quick, lighthearted read which deserves to be read. I look forward to seeing more from Alyssa J Montgomery.

---

### **Ava says**

3.5

This story was kind of a mini roller coaster which I really enjoyed.

Alex a big brother, wanted to separate pop star from his brother. This pop star was name Susie and he despised her like hell.

Susie asked her twin sister to convince him. so Leah went as Susie to convince Alex. From the first meeting something changed.

Seemed like karma or Aura was playing game.

the man was attracted to fake Susie but couldn't fathom the reason since those reactions wasn't ignite before. Secondly, he was attracted to a woman just by seeing her picture.

Those two combined was only one reason. Something like deep down attractions from the outside to the inside and vice versa.

Anyway, that wasn't the only complications. such as double kidnapping, drug, cheating, lies, purpose, plans and so on. Looked like this, I would say too much drama for a single book and a short one since it was a little bit more than 10 chapters (long chapters!). But no, it was still light and fit to the book.

There was something in Leah character that I didn't like but I can't point that out. Maybe too naive too dreamy? ?

---

### **Karen says**

I received an ARC for honest review from net gallery. I liked the book in the Greek billionaire romance formula that didn't surprise nor disappoint. I liked the characters and the brief view of Greek culture.

---

### **Esther says**

I received an Arc for an honest review,

Enjoy,

Intriguing? Awesome? Beautiful? Good writing? Perfect characterization? And an even better story? These are all found in just the first few pages of the book and after all that you just become obsessed with this awesome book.

After spending the past few hours reading this book I have to say I am not disappointed at all with the book

though there are few points within that I thought should have held a better emotional connection especially when she revels she loves him and yada yada, Otherwise this is one great story that will keep you on the edge of your seat, bed or even the darn floor if you ask me.

Montgomery has managed to create a catching story for the audience with romance being kept squarely together with a nice web of lies and just hot action everywhere. What can I say? I really liked this book. The story spins around Leah Hamlin who is impersonating her identical twin sister in order to give her sister the chance to get married with the assumed love of her life. This impersonation scandal gets out of control when Leah is whisked away to an island by the Greek multimillionaire Alex. Alex thinking that Leah is her twin sister plans to do everything to keep her away from his brother.

But there was one thing he had not put into the equation.

Falling for her as she is for him.

The author manages to keep the plot all together interesting and it is a great read, where I enjoyed reading a lot.

People know that lying always gets complicated and Leah knows so too yet as her web of lies become deeper she finds herself falling for Alex...

All in all I greatly recommend this story to everyone who enjoys

a) A hot Greek multimillionaire

b) A lady who is not afraid to speak her mind when the time is right

c) And great great scenes in and out of bed (get my meaning?)

Happy to say that this is a definite 4 stars, not the shivering kind but definitely worth reading. A great great read!

### **Ivy H says**

3.5 stars.

#### **A trainwrecky romance novel that will fit in perfectly into modern HPlandania !**

If it wasn't for the different cover and publisher, I would swear that I'd just finished reading a Harlequin Presents novel. This story has some the key HP ingredients that go into making the HP template:

**A vengeful studly Greek billionaire hero.**

**A goodie two shoes virginal, martyr heroine who will do anything for her amoral, conniving identical twin sister.**

**A private Greek island setting.**

**A forbidden relationship that's due to mistaken identity ( because the H thinks the heroine is his little brother's sideline girlfriend )**

This was a surprisingly entertaining story for me and I really wished I'd not forgotten that it has been on my *currently reading* shelf for a few months now. If I'd started it, as intended months ago, then I would've definitely finished it quickly !

Leah, the heroine, is a 20 something yr old high school History sister whose identical sister, skanky Susie, is a famous pop star. At first I found it unbelievable that the H ( and the rest of the world ) was unaware that skanky Susie had an identical twin, but the author explained very logically how that all had been a deliberate part of the twin sisters' parents' plans. The storyline is based on Leah's impersonation of Susie. The heroine has been conned by Susie into believing that the H is out to destroy her ( Susie ) and prevent her from marrying his younger brother Spiros. The truth is less palatable: Susie is a promiscuous drug addict who owes a lot of money to an Italian drug cartel. But, she's used her awesome acting skills to fool the heroine into believing that she's a sweet, innocent victim of paparazzi slander. Skanky Susie is also obsessed with the hero ! The H is Alex Kristidis, a billionaire tycoon. He loathes Susie because she had once bribed hotel maids to let her into his penthouse suite, where she got naked and tried to tempt him to sleep with her. Alex, who thought she was just a promiscuous teenage tart, threw her out of his suite and she's been obsessed with him ever since. She's latched onto his meek and controllable brother Spiros because she wants to find a way to get back revenge on the H for refusing to sleep with her.

But now, Susie is a woman scorned twice over because Spiros dumped her for his Greek fiancee Elena. The scorned Susie had lied to Spiros and told him she was pregnant just so that he would marry her. The H found out about it when Spiros said he'd have to dump Elena and marry her for the unborn baby's sake. That's why Susie begged the heroine to impersonate her; Susie fed Leah a pack of lies and asked her to act as a decoy so that she ( Susie ) could elope with Spiros. Leah cuts her hair and starts dressing like Susie so that the H's detectives would fall for the decoy. It worked so well that the the heroine ended up being kidnapped by the H and taken to his private Greek island. Leah was also lucky that Alex's detective had been following her, because he saved her when Susie's drug dealer friends drugged her and tried to kidnap her at gunpoint. The bulk of the story takes place on the private Greek island where the heroine continued to pretend to be her sister, while fighting off the H's sexual advances. Alex, for his part, is surprised that he is actually attracted to her since he'd always felt revulsion for Susie. In fact, the first time he kissed her ( to prove to her that "she's" not in love with Spiros ), he's filled with a mixture of confusion and raging lust:

*Alex was also caught up in the confusion. Why did he suddenly feel this magnetic attraction to Susan? He'd kissed her to prove her attraction to him, but instead of leaving a bitter taste in his mouth, her lying lips were sweeter than honey. His tongue darted out of its own volition, eager to delve into her mouth and explore every ounce of sweetness that it offered. She was so soft and sexy. His need to feel her pliant nakedness against his own hard strength was almost as unstoppable as responding to a siren's song. It was no wonder Spiros was attracted to her.*

Montgomery, Alyssa J.. Mistaken Identity (Kindle Locations 130-133). Kindle Edition.

Of course, the storyline follows Harlequinland patterns because the H only finds out she's not Susie after he takes her virginity. He knows she can't be her sister because his detectives had acquired many photos of shanky Susie having sex with various men. There was a nasty argument where the H says some very vindictive things to Leah, before rejecting her love and throwing her out. He's another one of those alpha Greeks with a brooding tortured past. His issues are all due to his dead promiscuous adulterous mom and his alcoholic, gold digging late wife who'd lied about being pregnant just to trap him into marriage. The H figures out he loves Leah 2 days after he'd kicked her off the island and then he's thrown into turmoil when he hears that she's been hit by a truck and is in the ICU. Fortunately, it had just been another case of mistaken identity and it's really skanky Susie in the ICU. That made me so happy ! Lol. In the epilogue, the MC's are married, the heroine is pregnant and Susie is a drug free spokesperson for the Anti-Drug campaign. And the cheater Spiros is married to the long suffering, sweet and passive Elena.

**Safety:** No cheating, no OM or OW.

This is the H, Alex:

This is the heroine, Leah:

This is my impression of Leah's conniving, spoilt sister Susie:

This is my impression of Alex's, selfish younger brother Spiros ( he's like a spoilt puppy sucking on fake tits. Lol )

### **Daskarzine says**

I enjoyed this very much. Having close relationships with all five of my sisters, I could relate to the heroine and how she put herself in the firing line for her sister - even though her sister wasn't as nice as mine and definitely took advantage of her.

The hero was very attractive. Very alpha. I liked his sense of family loyalty too and could see that two people who have such strong loyalty to their siblings could be together - even with a little less of the amazing attraction between them.

---

### **Kathy says**

Loved this book. The storyline has in some ways been done before as have most. However this one stands out above the rest because it draws you in from the first sentence then allows you to actually be Leah by the inclusive voice of Montgomery. Her descriptions with vivid imagery place you right there, the tags give just the right nuance to impact the dialogue while still keeping the flow going. Alyssa gives her characters a sense of humour, along with their strength and integrity and of course the gorgeous greek alpha male is guaranteed to get you dreaming. I also loved the way she weaved in the greek mythology references which just gave the book that little bit more than others I have read. Couldn't put it down. Will be following this author with interest.

---

**Tracey says**

3.5 Stars. A sweet and sexy contemporary romance. Well written with good characters and a HEA. A feel good tale that stands alone.

---

**T.R. says**

I am thankful to have read this book for NetGalley. The story grabs you at the beginning and the story has twist and turns throughout the whole story. This romance story comes together at the end and ends with the characters all getting what they want and need.

---

**Diya says**

3.75?
