## Montana Olivia Gaines

Pecola Peters found herself standing in a courtroom before a judge in the middle of nowhere Montana getting married to a burly rancher with kind eyes and thick black hair - because of two ugly women. Hideous would be a correct term for how the two women looked in appearance but not in temperament, yet they had gotten married – to two good men. Good looking men of means. For a decent looking woman like Pecola with a horrible dating history, combined with the recent reality of two men physically running away from her, such an imbalance in the fairy tale is what pushed her to this ending. Today she was getting hitched.

In Montana.

In the middle of nowhere.

To a burly rancher with kind eyes and thick black hair named Billy Joe Johnson.

## From Reader Review Montana for online ebook

### Cynthia Patterson says

#### Buttercup

Sooo good. Excellent story. The details were so clear, made it seem as though you were right in the story. I loved all the characters. This is the third book I have read of the Mail Order Brides series, just love, loved it. I look forward to reading the next. ?

---

### Elysa says

#### OMG!

???Wow, what an incredibly weird unusual story. Sometimes it was difficult to read, I mean with all the "country-bama" grammar. I had to re-read several passages..But I wasn't irritated by it. It's how the characters speak not the result of sloppy editing.

It takes some getting used to but it's worth it. I choked on laughter more than once. The characters are so open, real and true to their nature. "What you see is what you get."

I wish I could have read about the slime ball Rev, Banker & sheriff getting their comeuppance.? But all in all I really liked this three ring circus and you may also.?

---

### Tippit says

The main characters irritated me so much, mainly William with the dumbed down speech. The "jostling" was never sexy. At any point. This might as well be labeled a clean romance. I also cousin's blatant sexual desperation a tad disturbing. Zach's response to her clingy nature and the ultimate result is very unrealistic.

---

### Thelritta says

#### I loved it

This is an awesome story of love desired and achieved. Pecola is an author of mail order bride romances, among other titles. Billy Joe is a college professor that talks down. Together they make an explosive couple. I loved thus book, I felt as if I were right there in Montana with them. Avery and Zachary were wonderful also. I highly recommend thus book. Laugh out loud funny.

---

### Elle1986 says

Really enjoyed this one, Olivia comes out with some unique characters which in turns makes me laugh. I

promise I loved everything about this these characters Avery and Pap stole the show.

My only complaint... I wish it was longer :(

Lata folks!

---

### **Clara James says**

#### **Patiently waiting**

Loved the two main characters; hit was a pleasure reading Billy Joe and Pecola. Pap was funny with his antics along with Avery. She was a bit forward for likings. Overall, good read and funny.

---

### **Angelia says**

Loved it!!! Can't wait to read more on the mail order brides....I hope there's more to come....

---

### **Fashionista says**

Really sweet!

---

### **Donna Wilson says**

#### **The best one yet**

I loved this book. Our if all the book I have written by Olivia Gaines, this one is the best this far. With all the characters, she need to create more books from this story line.

---

### **Vernicka Shaw says**

#### **Terrible**

If i see the word jostling one more time i may scream. This author made the man an assistant professor of English who couldn't speak proper English the entire book. Just no.

---

## **Lisa Tetting says**

I have fallen into the trap. Wide open spaces, hot ranchers and mail order brides have taken over my brain. This story is my second MOB book this week!

Pecola was a romance writer who wanted a love of her own. Writing MOB novels from her Brookstone in Brooklyn wasn't doing it for her anymore. She was stuck in a rut and needed a change. When she eavesdropped on a couple of 'ugly ladies' talking recklessly about her latest novel, she decided enough was enough. She took the plunge and signed up for the mail order bride service.

Billy Joe was a former professor who moved back home to Montana to run his family's ranch. He loved the ranch, but wanted the companionship of a woman who could understand his literary mind. He heard about the mail order bride service and painstakingly took his time to find the right woman.... Pecola.

This story was charming and I wanted to cry with poor Pecola on her wedding night. Old boy was a hound who just needed a release. I was happy she was patient with him enough to show him what she liked and how to really love her. Once he got it right, he got it right!

I enjoyed the secondary characters, especially Pap with his made up words and untapped wisdom. I hated how Pecola was treated when she introduced to the townsfolk at the barn raising. I may have made a few enemies with those ignorant folks. Pecola was a good one. When they started surrounding her and touching her hair and skin it was a bit much. It made me all kinds of uncomfortable, but that's what good writing does.

I wanted to smack Billy Joe's cousin Avery when she attached herself like a leech to Pecola's brother Zach. When she exclaimed I ain't never been with a black man before, I wanted to shake her. She was a little over the top with her aggressive behavior to a strange man. It felt like I was watching Mandingo for a second. I'm still tripping at the shotgun wedding.

This was a good book. I enjoyed the characters as well as the storyline.

## **Anino says**

To be succinct, I enjoyed reading this captivating tale of love, lust, and intimacy. The world building was lovely, and the snark made this one a lot of fun to read, as well.

Ms. Olivia most definitely has the goods...

Giving this one: 4 solid stars.

---

## **Bev Simon says**

### **Loved it**

One of the funniest stories I've read. Loved all the characters and I can imagine how they speak, it just makes me chuckle all the time. Brilliantly light hearted and witty .

---

**Keya Ramirez says****Plus and minuses**

I loved the story line, a lot of humor to keep me entranced and realistic reactions of being the only black person in a 30 mile radius. But the initial dialect of the hero was unnecessary. And I'm not a fan of the story line of Zachary and the cousin. I'm along William's opinion, his cousin did not need to be so forward and Zachary needed to exercise control.

---

**Musings of A Romance Junkie says**

Straight hilarity! I don't think I laughed this hard while reading in a long time.
