## Stillborn Armadillos Nick Russell

Life is already complicated enough for John Lee Quarrels, what with his estranged wife dropping in for unannounced sleepovers, her oversexed sister tempting him, his pot smoking ponytailed grandfather growing his own stash, his Elvis obsessed grandmother, and being caught smack dab in the middle of a power struggle between the Sheriff and Chief Deputy. But when a road construction crew unearths the skeletons of three murder victims, John Lee suddenly finds himself on the trail of a killer who may well have died long before the deputy was even born. And then a mysterious sniper begins shooting at deputies...

As sultry as a Florida back road in August, as mysterious as the South's live oak trees dripping with Spanish moss, and as deadly as a copperhead strike, New York Times bestselling author Nick Russell's new John Lee Quarrels series is sure to hook you from the first page and keep you reading late into the night.

# From Reader Review Stillborn Armadillos for online ebook

**paula b says**

**Awesome story !**

Another Great series.... Suspense and mystery. Kept me wondering until the end. Great characters... John Lee has quite the "love" life ! Onto book 2....

---

**Dan Richard says**

**Another Great Series From Nick Russell**

I have read all but one of the Big Lake series and this one is better. Being from a small town, I can relate to these stories and John Lee has situations in life that are humorous and some that are serious. Mr Russell has another great series and I look forward to the next book.

---

**Roger says**

An entertaining and good read. Recommend consideration. Dep. in north rural Fla.

---

**Louise Pass says**

**messy lives**

Mr. Russell writes about the south with conviction and understanding, and consideration of the complex history of both privilege, and race.

---

**Erix says**

??

---

**Mary Roskoski says**

**Good story**

I like the characters. John Lee is interesting enough that I want to keep reading and see where his future goes.

---

**Linda Pobanz says****Stillborn?**

I liked this book. It was exciting, mysterious, and inexplicably contagious. It was hard to put down. I couldn't believe the twist at the end. Can't wait to read the next one. I think John Lee is someone U want to know.

---

**Grandma says****Interesting!**

Great story that kept me turning the pages until the finale that caught me by surprise. Could use better editing, but wasn't bad enough to interfere with the story flow.

---

**Margaret Millmore says**

I was already a huge fan of Nick Russell's Big Lake and Dog's Run series, so I was very excited to see a new series introduced by this author. John Lee Quarrels is a deputy in rural Florida, his life is complicated for a variety of reasons, but more so with the discovery of the remains of three very long dead people.

There's a big mix of characters in this new series, and Russell does a great job of making them lovable and despicable (and a little bit in-between). They mystery runs through at a nice even pace, but one that makes it hard to put the book down too. I'm looking forward to the next in the series.

Typically I receive books for free in exchange for an honest and unbiased review, however this is a verified purchase. To date, I've purchased all the books in the series and very much look forward to the next one. See all our reviews at <http://www.bookexplosions.com/> or on Goodreads at <https://www.goodreads.com/group/show/...>

**AnnieM says**

Better than I expected. I like John Lee enough to read another one in the series.

---

**Scottie Branch says****GREAT READ AS PER ALWAYS**

I love the way this storyteller writes. So like being there. This was a great read, can't wait to get on to the

gecko story. I've read almost all the lake books and am looking forward to some more good reads. Excellent writer. Thank you.

### **Jeff Benham says**

This book is part hilarity and part drama. John Lee Quarrels is a Deputy Sheriff in small town Florida. His father-in-law, DW, is the Sheriff and his brother-in-law, Flag "Fig" Newton, is the Chief Deputy. John Lee is married to DW's daughter, who is generally gone to find herself, mostly with another woman. Her younger sister often stops by unannounced to pick up the slack left by the sister, because she has no need to find herself. DW is mostly a politician, whose main interest is in remaining sheriff. Fig is a mostly unlikable dude who thinks he would make a much better sheriff. That is where a bulk of the hilarity comes in. You don't have to imagine it, Russell lays it out for you. Very funny stuff!

Now for the drama. Construction workers have uncovered the bodies of 3 men, each of whom had been tied up with barbed wire and shot in the back of the head over 50 years ago. While John Lee is investigating, a sniper starts taking pot shots at his police vehicle. A couple days later, a sniper takes shots at another sheriff's deputy. It was decided that the sniper hit what he was aiming at and did not intend to kill anybody. But the next time it happens, a deputy ends up dead. Nothing funny about this part. Maybe the best part about this book is that you are truly given no clues as to who the sniper is, and why he is doing it, until well toward the end of the book.

---

### **Lori says**

Such a disappointing book. All the major characters are cartoonish caricatures, and the language is full of tired clichés. I almost didn't finish it, & I wish I hadn't - it was a waste of my time.

---

### **Sherron L Pace says**

#### **Stillborn Amarillos found on road dead**

Very enjoyable book, Nick Russell writes in a positive way his books are light yet serious. This makes reading a 'who done it's a smile to read.

---

**Wancket Enterprises says**

**So damn good**

Mr. Russell you are an exceptional author. I haven't been following very long but I will from now. Your characters and your stories are so well written. Thank you!
