HARD HITTING. FAST PACED.

QUICK, EXPLOSIVE THRILL RIDES.

BLACK FORCE SHORTS BY MATT ROGERS.

Deep in Northern Mali in the midst of its coup, Jason King demolishes a compound of regional Islamic terrorists in an attempt to free American aid workers held captive in the region. When he finds the reality of the situation at odds with the intel his handler fed him, he begins to doubt the validity of his orders.

For the first time in his life, King deceives his superiors and takes matters into his own hands. He returns stateside and begins a ruthless internal investigation the only way he knows how.

Because someone wanted him out of the U.S. And there'll be hell to pay until he finds out why.

A MR. Black Force Thriller (BFSB -8)/Africa/Virginia/Ohio

MR. had. penned the eighth short novel , which contains a misdirected mission that the Operator see as wrong immediately. He expressed his concern, but continued with his current assignment. When he determines the reporters are British he knows something is up. He returns to the states to determine the results. This an excellent bread for the genre.....DEHS

And another one!

I truly enjoy reading these short stories. They're straight to the point and actions packed starting with the first chapter and never lets up. However, the more I read these short stories, I believe eventually ALL of the Black Force operatives will come together and the save the world. Maybe it's just wishful thinking on my part but it's also something I'd love to read! Think about it please!

A Force Before Unknown...Jason King

If you would like to read a shorter story with as much, if not more , excitement and action as a long novel grab one of these Black Force Shorts! As soon as I start reading I am in a different world, engrossed in the

action, hearing the noise , and holding my breath as the scenes play out before me..

A wonderful look into the life of those who work to keep our world safe, behind the political people , behind the cops, on the same level as all operators - in the dark....

Jason King #1

King is the man!! I love these story's no mater how long. Matt is the master of short or/and long stories. Matt, you just keep writing and I'll keep reviewing. One of the best 2 or 3 authors going!! GMR

Edward Poole says

I Love these short stories of Black force. Fun and exciting to read and more on to the next book can't wait!!

C. says

I stopped reading another book when I got "The King" because I knew I was in for another wild ride. What I love about these shorts is that each one gives you more information about the members of Black Force. They become better known to the reader which makes you look forward to each short. Of course there's action in each book but there's also some in depth knowledge of either the operative's mindset or the organization. Matt Rogers has found his niche.

Sheldon Childs says

King gets political, goodbye Rodgers

Gee, a Republican Senator hires some "rural white supremacists" to dress like Arab terrorists to shoot up a shopping mall. Yeah it's fiction, but slander is slander. Really smart Rodgers. Insult and alienate half your potential customers. Goodbye and good luck with that.

It is difficult to understand some of the reaction times this story talks about, this would surely make a great movie trailer.....!
