The King Tingaling Painting Elias Zapple

Duke & Michel must rescue Michel's family and Duke's Premium Nibbles from the villainous Master but end up becoming pawns in a battle between the Master and King Tingaling, who is still royally riled over a portrait of him in a compromising position with a pineapple, a wad of cash and his favourite pig - Buttercup.

From Reader Review The King Tingaling Painting for online ebook

Shane O'Neill says

This is the second story of Duke and Michel that I have read in a week, and this one was just as good as The Mysterious Corridor, and as entertaining. Get these books for your younger kids. They will love them. I wonder, in the years ahead, if Zapple will be the one to get younger children interested in reading the same way J.K. Rowling did it for teenagers.

Ka Wai says

Another funny book by Zapple. The sequel to Duke & Michel: The Mysterious Corridor and just as funny. A simpler plot and less characters but just as great. Kids will love Duke & Michel.

Sheryl Seal says

Duke & Michel: The King Tingaling Painting by Elias Zapple is a wonderful book full of laughter for the young reader!

First of all, the artwork on the cover is magical and the thrilling twists and unforgettable characters make this book a masterpiece of the very talented author Elias Zapple!

Having received this copy for an honest review, I highly recommend it for an adventurous read!

Stefania Mattana says

I bought another book couple of weeks ago from Mr Zapple as a gift for my little cousin.

Well, this time I bought it for me first, the I'll gift it for her.

As always, great characters, a lot of laughs and an awesome story.

Can't wait to read more of Duke and Michel!

Mary Josefina Cade says

'The King Tingaling Painting' hit me like the space rocket that takes Duke, the talking Basset Hound, and twelve year old Michel on journeys between bizarre worlds. This is a brilliant and infuriating book, characteristics I assume must be shared by the author, Elias Zapple. Yes, yes, I know it's meant for children, but if I hadn't been reading on my kindle I would have thrown it across the room. Instead, I had to content myself with the cyber equivalent, switching my kindle off and on and off and on..... I just had to find out what happened next. However painful.

Duke and Michel, plus Boris the rat, are incredibly funny. The humour is quirky and unpredictable, a constant surprise. I laughed out loud throughout this intense reading experience. At times I cried. The crying

times corresponded with the virtual book throwing. I loved Duke and Michel so much that I wanted to have a say in what happens to them. Votes for readers!

Study the cover. Great artwork by Elliott Beavan, that also contains clues to upcoming events in the book. 'The King Tingaling Painting' is for kids who appreciate a story that reflects the difficulties and struggles of life. With wild jokes. And also for adults who want to experience truly original and talented writing.

Gale Stanley says

I read this with my nine year old grandson. He loved it and so did I. In fact, I was so impressed I had to come here and leave a review. The story is about a twelve year old and a talking dog on a rescue mission. It's funny, and imaginative, and it made my grandson laugh out loud—no mean feat. The artwork is delightful, all in all, a very entertaining read.

Christoph Fischer says

"Duke & Michel: The King Tingaling Painting" by Elias Zapple is an incredibly funny book for children that has a bunch of fantastic characters and ideas. Highly amusing and at times bizarre.

A talking Basset Hound and a twelve year old are the heroes of this excellent and inspired tale. I have become a huge fan of the very talented and creative Zapple, and I am not even a child myself. Highly recommended.
