**Under Fire W.J. May**

**The highly anticipated fifth book in the Chronicles of Kerrigan.**

Now that the secret is out, Rae Kerrigan is determined to find her mother. No amount of convincing from Devon, or the Privy Council, is going to make her believe her mother is not alive. Working with Devon and Luke against the PC's wishes, Rae will stop at nothing to find her.

Torn between friendship and loyalty, Rae must also choose between Luke and Devon. She can't continue to deny, or fool herself, any longer. The heart wants what the heart wants.

When the Privy Council begins to question her motives and scrutinizes her every move, she soon finds herself under fire.

Those she trusts become untrustworthy. Those she confides in cannot keep a secret. Those she loves may leave her heartbroken. Will there come a day when she can finally feel free to be herself – no matter the consequences?

*UNDER FIRE is book 5 in the Bestselling Series, The Chronicles of Kerrigan.*

### Ashley Hedden says

Under Fire by W.J. May was a great read by the author. Under Fire is book five in The Chronicles of Kerrigan Series. Rae has just found out that her mother may still be alive. Rae is determined to find her mom. I can't wait to read the rest of the series.

MORE LIKE A RANT:

**What an improvement?!** Good job WJ May for this installment. *I can't believe I would ever say those words.* Lol.

After the previous 4 books in this series, I never thought I would immensely enjoy reading an entire book of the Chronicles of Kerrigan. There are a few eye rolls I can't help whenever Rae whines or only thinks about herself, but I'm used to it. Rae's character grew on me. She won't be Rae without those annoying attitude. *Though I hope that her character continues to grow and not go back to the Rae I first met.*

I love how WJ May took on Rae-Devon's relationship this serious. I see now a realistic conflicts they been goin through and how they both came to terms with it.

Also the plot twist are amazing. The surprises kept me on edge, and that was good; sometimes even how exasperating a book is, one great plot twist could change one's opinion. And this is it for me.

I truly hope the next book is as good as this, because I like this one.

*Respect my opinion and I'll respect yours.*

Always,

Rambling Reader

OMG talk about a cliff hanger... I will say I did pick a certain character to be the bady, but was hoping not to be! Come on December so we can read more! This series has really got me in and I do love 'series books'. I would like to mention how clean these books are. I have 4 children ranging from 17- 13 and I have recommended that they read this series (we love this genre!) We will definitely be checking out more books from this author. Mwah

action packed and a little good old fashion rivalry between two really hot guys and a lot of sight seeing... well without the exhausting effort with trying to save everyone and a mad man trying to kill everyone and steal their powers ... just a regular day...

**Amazing.....**

Just like the others in this series this is one amazing read. If you love paranormal books, angels, vampires, demons, werewolves...you will love this series. With a whole new take on a completely new paranormal species.

Estos libros cada vez son más cortos y no sé distinguir cuando acaba uno y empieza el otro en mi cabeza. No están mal... Veré el último del box set si me gusta lo suficiente como para comprar el siguiente.

Wow. Amazing. This has to be my favourite book of the series;

**JUST READ IT.... ALL of THEM!!!!**

Shock inducing, fast paced, romantic, sweet, tear jerking, heart wrenching, gasp making, book screaming, Page Turning, cliff hanger of a book!

We follow Rae as she continues on her journey to finding out the truth about if her Mom's actually still alive and if she is, why hasn't she contacted Rae in the past 12 Years?!?

With a little help, love and support from the most surprising of people, the truth quickly comes spilling out of all places and people....Throwing in a couple of nice twists for good measure...

WJ May certainly knows how to leave her readers wanting more... Fabulously written.

I cannot wait for the final book in The Chronicles of Kerrigan Series....

### **Tyler Vega says**

First of all, I don't understand why this book was only 15 chapters long! However, with that being said, a lot happened in those 15 chapters of this fifth book in the Chronicles of Kerrigan Series, Under Fire. It picked up right where the fourth book left off, and if you read it, you'd know that the cliff hanger of the fourth book was just unbelievable.

The start of this book was just unfathomable. I did not guess that this book was going to start off the way that it did, but I was very pleased that it did. The book hit the ground running the storyline and the action. I absolutely loved that the humor and entertainment did not dwindle in this book. As the story continued, it just kept getting better and better with the plot twists. W.J. May does an excellent job of writing that it puts you in the position of feeling the emotions and even sympathizing with the characters. I'm pretty sure I've said it in my other reviews of the previous books in the series, but I become emotionally invested while reading these books.

All I can say is that this book had plot twist after plot twist and I enjoyed every minute of it because it made me want to keep turning the page. I could not put this book down and when I did, I was thinking about the story and the plot and what could happen. This book is so action packed with the right amount of romance, that it just such a good book.

I absolutely love the character development up to this point. I looked back on my reviews of the previous books before writing this and in the review of the third book I noted that I wanted more from Rae. Let me tell you, since that book, I have seen such character growth in her that is just so pleasing. I am glad that she is the character that she has become now. Ending this fifth book, all I could think was, "Yes, finally. Rae made things happen in this book." I appreciate the journey and the hardship that she had to go through in order to become the character that she is. As for the development of the characters, of course they're good and they complement Rae and the storyline. I don't have much to say because I don't want to give away too much.

Overall, this is an excellent quick read that I highly recommend. I highly recommend the series. It's action packed, excellent storyline, excellent plot twists, great characters, and good humor. Can't say anything else except that I look forward to reading on!

3,5 stars

Was busy with work, so I had two days where I didn't read.

A really short book, but I liked it. There were some surprises, but as the previous books, some of it was predictable.

### **Amber Daniels says**

I didn't see any of this happening for Rae! Her mom might still be alive and the betrayals just never seem to

quit! I can't wait to see what happens in the rest of this series it just keeps getting better.

**MJ says**

Only reading cause I got them free. They are too short and airbrushed to pay for IMO, but the potential is there that it could have been a pretty good series with some work.

I enjoyed this book. I love that Devon and Rae are together and I'm even happier that Rae found her mom. I could not believe Jennifer wanted to kill Rae mom. I'm so excited for end of sight in December I can hardly wait. I hope that Rae and Devon continue to be together thought out the next book and hopefully there relationship goes to the next level.
