**Under the Covers** Rebecca Zanetti  
**A sexy category romance from Entangled's Brazen imprint...**

*Opposites don't attract. They ignite.*

The small Montana town near the Kooskia reserve seemed like the perfect place for Juliet Montgomery to hide from her not-so-law-abiding family. But when her peace is shattered by a break-in and threatening phone calls, it's clear someone back in New York knows where she is. It's time to plan her getaway, and fast—but first, she needs to tie up a few loose ends. Namely, finding out exactly what the town's sexy cowboy sheriff is hiding in his holster...

Sheriff Quinn Lodge has enough demons of his own to know when someone's hiding something. Clearly, he needs to do a thorough investigation to uncover what's beneath Juliet's uptight, city-girl exterior—preferably one piece of clothing at a time. But when their chemistry goes from fizzy to full-on explosive, things start getting complicated. How can Juliet stay beneath the covers with Quinn, when doing so means blowing her cover?

## From Reader Review Under the Covers for online ebook

### Nicola says

Well if you thought Jake Lodge was hot in Against the Wall, you will be blown away by Quinn. Hot? Oh yes < fans self >.

Rebecca Zannetti has nailed it and given us a book that is quite possibly better than its predecessor, which is no mean feat as that was fabulous. It's well-written, the characters we loved from the first book are ever-present, it has a great storyline with some action and moments that make you smile and laugh along with those that are romantic, passionate, intense and just downright hot and sexy. I devoured it.

Sheriff/Cowboy Quinn Lodge oozes appeal on every possible level; he is sexy, stubborn, patient and dominant, but in that totally natural protective enforcer-of-the-law type way. Juliet is Maverick's elegant, sweet-natured and graceful art gallery owner who is hiding some secrets. Easier said than done, particularly when she is being pursued by the law. And I'm not talking about the justice system here, I'm talking about one sexy Sheriff who is very pleasing on the eye and has a way with words to make your heart, amongst other things, flutter...

I loved them both. Their stubborn natures resulted in sexual tension, passion and explosive action under the covers/on tables/al-fresco. And all perfectly balanced with lovely tender and romantic moments; Quinn truly managed to make me swoon. His family continued to be wonderful, the banter between the brothers brought many funny moments and it truly was a book that captivated me from the opening chapter and never faltered. A series not to be missed and I cannot wait for the next trip to Maverick.

I received this book as an ARC from the publisher for an honest and unbiased opinion.

---

### Claire Robinson says

Loved Quinn, as much as I loved Jake.

Native American cowboy brothers rock my boat, and all the others that are in my pond...

I am now waiting somewhat patiently for Rising Assets, Colton's book -

### Jill says

**"This is going somewhere, Juliet," he said. Panic shoved desire out of the way. She shook her head. Amusement filtered through his eyes." Apparently you need time. That's all right. I'm a very patient man."**

Just another fantastic book from Rebecca Zanetti and the second in the Maverick Montana series.

This was just a joy to read. All classic books for me have to have a chase or a part where the man slowly weres down his female of interest. This was done well in this book, Quinn had his eyes set on Juliet and he was going to get her come hell or high water. Like I said, very enjoyable.

We have the previous characters making themselves known and to me that always makes a book seem more friendly and familiar. I cannot wait to see how things go for Colt and Melissa or Dawn and Hawke.  
mmmmmmmmmm Hawke.

If you are after a satisfying romance with good characters and high level steaminess, check out Under the Covers, it won't let you down.

---

### **Wendy says**

I'm giving this book the five S'.

**S** for Sensual.

**S** for Sizzling.

**S** for Sexy Quinn.

**S** for Splendid.

**S** for Stars - 4 to be exact.

Enjoy!

### **Mariann {at} Belle's Book Bag says**

Quinn \*sigh\* LOVED him and Juliet. This was another fun read and I couldn't help but fall in love with the sexy hot sheriff!! I am totally hooked on this series and cannot wait for Colton's book next. 5 out of 5 rating!!

---

### **Ivana Azap Feješ says**

Sheriff Quinn Lodge is a calm, cool, sexy, kind, and considerate not to mention a alpha badass!! Juliet is strong, independent, fun and kind of snarky. Their mutual attraction has been building for months and what starts as a favor, her agreeing to act as this girlfriend to ward off an unwanted admirer with political ties and therefore avoid crossing some political higher ups (it's election time for the sexy sheriff) in exchange he'll let her slide on the rent her Art Gallery is housed in until her big upcoming art exhibit. The very thin line of no bodily contact Juliet insisted on was blown all to hell as soon as he kissed her, he kisses her hard & deep!...their first sexual encounter had me laughing out loud once the deed was done!!! Quinn is the town's sheriff and he's a strong cowboy. Juliet Montgomery has escaped to a small Montana town near the Kooskia reserve in hopes to getting away from her family. Her brother dabbles in some bad things and she wants nothing to do with it. However, those ties still hold her back when she gets involved with the hotter than hell sheriff, Quinn Lodge. Quinn turned out to be quite the surprise. Juliet has tried to make a new life for herself

and fulfil her dream of opening an art gallery but her money is about to run out and she has a feeling her past is about to catch up with her so she knows that she'll have to move on soon. She's determined to make a success of her gallery first though and at the same time help her friend Sophie hold her first public showing of her work. Local sheriff Quinn has had his eye on Juliet for months, he knows she is hiding something and is determined to get to the bottom of it but most of all he is keen to act on the chemistry that has been building between them. Juliet is running from her dubious past, and Quinn can smell a rat a mile away, but is already in too deep! Quinn Lodge is testosterone and sex personified and he has his sights on Juliet. Whom better to get together with when you have secrets but the town sheriff who has a built in lie detector.

This is the second book in the Maverick Montana series. I enjoyed it more than the first one in the series, Against the Wall. The hero was less dominant/possessive, and the heroine was stronger and had a more interesting background story. Really, really enjoyed this sequel from Rebecca Zanetti! I loved the two characters, and the chemistry/sex scenes were sizzling - yum! Just like everything else I've read by Rebecca Zanetti, I thoroughly enjoyed this one. Quinn the sheriff was seriously hot!! I enjoyed that he didn't hide that he wanted her from the beginning, he went straight in for the kill relentlessly pursuing her until she finally gave in to his charm;). He was your typical bossy stroppy alpha hero with definite caveman tendencies and a filthy mouth to match. Really liked the second book in the series, I want more! Another great book! Loved the sexy, alpha sheriff Quinn. Lovable secondary characters and some very well written steamy scenes. I want another book in this series now, please! I don't know what these Lodge men are drinking but yowza. Again, I really enjoyed this book. The characters were well written and the plot was good.

*"This is going somewhere, Juliet," he said. Panic shoved desire out of the way. She shook her head. Amusement filtered through his eyes. "Apparently you need time. That's all right. I'm a very patient man."*

*"When I watched you, I wished for this. For you, in the firelight...becoming mine."*

#### **4 Smokin' Hot Sexy Sheriff Stars!!!**

Sheriff Quinn Lodge is a calm, cool, sexy, kind, and considerate not to mention a alpha badass!! Juliet is strong, independent, fun and kind of snarky. Their mutual attraction has been building for months and what starts as a favor, her agreeing to act as this girlfriend to ward off an unwanted admirer with political ties and therefore avoid crossing some political higher ups (it's election time for the sexy sheriff) in exchange he'll let her slide on the rent her Art Gallery is housed in until her big upcoming art exhibit.

The very thin line of no bodily contact Juliet insisted on was blown all to hell as soon as he kissed her, he kisses her hard & deep!...their first sexual encounter had me laughing out loud once the deed was done!!!

Unfortunately Juliet is running from her past and eventually her past catches up with her and as with Sophie in Against the Wall the whole community (not to mention the Lodge/Freeze Clan) rally around her and engulf her in their fold.

I just have to mention that there is a love scene that takes place in the rain that will have you panting and wishing this sexy sheriff belonged to you!!!!

Looking forward to Colt & Melanie's book Rising Assets released later this month. Hopefully there will be a 4th book featuring Dawn & Hawk? Keeping my fingers crossed Rebecca Zanetti!!!!

### **Annie (Under the Covers Book Blog) says**

Juliet Montgomery has escaped to a small Montana town near the Kooskia reserve in hopes of getting away from her family. Her brother dabbles in some bad things and she wants nothing to do with it. However, those ties still hold her back when she gets involved with the hotter than hell sheriff, Quinn Lodge.

Quinn turned out to be quite the surprise. After reading AGAINST THE WALL, the first book of the series, I desperately wanted to read the rest of the sibling's stories but I had no idea that Quinn would turn out to be so dominant. He likes control in the bedroom and that definitely spiced things up a bit. Their first sexual escapade actually involves the breaking of a coffee table so I'm sure you can catch my drift on how sexy this book turned out to be. Simply put, Quinn Lodge is a dream!

Since this book is on the shorter side of things, I flew through it so quickly. However, I do feel as if everything moved at a very fast pace. I wished it was longer so that the author could really take her time with the romance in the beginning. It felt a little bit rushed because a solid foundation to their relationship had to be established early on for the suspense aspect of the story to work well. I felt that it did work out on its own, but having more page time add would have made it that much stronger.

That being said, things wrapped up pretty quickly in the end. Again, I would have liked to see that Quinn and Juliet's relationship was on steady ground before it ended too quickly.

If you've read the previous book in the series, then you know there is an emphasis on family. I LOVE THIS! The tight-knit group and all the banter between them propels this book from good to great. I am very much looking forward to reading all about the characters. Hopefully Hawk will have a book as well.

All in all, though a bit quick in some places, I loved this book. Zanetti's writing is engaging and fun and paired with a hero who has a dominant streak and you've got a winner!

## **Carol says**

WOW! Not often does the second book match the intenseness of the fist from a series, but UNDER THE COVER surpassed it. Whatever it was that didn't quite clicked with me while reading AGAINST The WALL, book 2 of the Maverick Montana Novels, has it. I'm not sure if its Quinn cocky arrogance which Rebecca writes so well or the tuff defiance that Juliet has to withstand him, but I totally absorbed this book!

Their chemistry sizzled off the page and their bantering had me laughing out loud.

His eyes drop to an amused challenging expression. He held out both hands, palms up. "Tell you what, darling. These hands won't touch you until you ask nicely. Very nicely."

"That'll never happen." she snapped.

His left eyebrow rose. "I wondered if that red hair came with a temper." Interest darken his eyes to midnight. "So much passion locked up in such a classy package. I thought so." He leaned into her space. "Be careful, or I'll make you beg."

She almost doubled over from the spike of desire that shot through her abdomen. "Back off, Sheriff!"

And that there is her biggest problem. Quinn is the sheriff. An law enforcement officer and with her past, she doesn't want to end up in incarcerated. So she hides behind a high brow, high society proper hoping it will quench her desire and have him look the other way but he's on to her game:

His upper lip quirked. "I have a confession Juliet. When you try to blow me off with that high society tone, all I want is to turn you over my knee and spank you to orgasm."

And he would do it too. I have no doubt and I just had to laugh. I could see him perfectly. Standing in that parking lot with his hands on the roof of the car. Her with a look of shock and wonder as she realize that he would do that very thing.

Those Lodge. Men. Mamma Loni did good. They take no shit yet they're always fair and nothing comes before the ones they love. I can't wait for book 3.

---

## **Kara says**

Overall a good book.

Some lines cheesy. Some lines sexy.

I like the characters & setting.

---

## **J C says**

This is the 2nd book in the Maverick Montana series by Rebecca Zanetti. First off... If you haven't read book one, stop! Go, read book one! Then come back and read book two tomorrow.... I say tomorrow because once you start book one you won't put it down until you've finished it and unlike me, you can just buy book two

instead of having to endure the wait for it to be released! That being said, it's not often a 2nd book in a series can live up to my expectations, but Ms Zanetti pulled it off with ease! The first book, Against the Wall came out several months ago and was a great book as well, and has character interaction that leads up to this installment. You also get to re-visit with characters from book one, as well as with the characters that will hopefully be the main characters in book three (Hawk, please!)

The characters in Under the Covers, sheriff Quinn and his lady love Juliet are a couple of very strong characters. Quinn is the stubborn sheriff that basically defines the phrase "sex on a stick" in my mind! Quinn is a former military man (cowboy, military sheriff? Yeah, what dreams are made of!), which i can personally relate to, being married to a Marine myself. He is strong, and fierce and has an amazing sense of figuring people out. He definitely has his work cut out for himself figuring out the strong willed and defiant Juliet,

Rebecca Zanetti writes books that make you feel like you are right there in the story as it is unfolding. Under the Covers is filled with lots of heat, that is well written and from the very beginning. There is plenty of humor, which makes me love the book even more. The story takes place in beautiful Montana and is described in such a way that it makes you want to pack your bags and head off to find your own Montana Cowboy. A lodge cowboy preferably! The character interaction between all the members of the Lodge/Freeze family have me anxiously awaiting book three in this series.... And we can't forget the best friend of the Family, Hawk! That is one character that i cannot wait to read more about!

---

### **Kari says**

This is the second book in the Maverick Montana series. I enjoyed it more than the first one in the series, *Against the Wall*. The hero was less dominant/possessive, and the heroine was stronger and had a more interesting background story.

Quinn is the town's sheriff and he's a strong, sexy cowboy. Juliet moved to Montana to escape a shady past and is conflicted about lying to Quinn. We meet both of these characters in the first book, and it was great to get their story and catch glimpses of Jake and Sophie from book one. I found this story to be less steamy than the first, the characters were fleshed out better and there was a lot of action and mystery involving Juliet's past. Low angst and entertaining, I will probably follow the rest of the series.

---

### **Dawn ♥ romance says**

This story had an exciting ending but frequently I had to force myself to continue reading. The heroine ruminated about her secret for more than half the book. The hero was all about sex. I lost interest and thereafter not much seemed believable. I prefer this authors paranormal books. Sheriff Quinn was attracted to art dealer Juliet and she is getting ready to leave town.

---

## **Sarah says**

Juliet is keeping secrets, she is running from her past and from her family but she doesn't want anyone to know why. She has tried to make a new life for herself and fulfil her dream of opening an art gallery but her money is about to run out and she has a feeling her past is about to catch up with her so she knows that she'll have to move on soon. She's determined to make a success of her gallery first though and at the same time help her friend Sophie hold her first public showing of her work. Local sheriff Quinn has had his eye on Juliet for months, he knows she is hiding something and is determined to get to the bottom of it but most of all he is keen to act on the chemistry that has been building between them. Juliet knows she is leaving soon so spending a little time with Quinn before she goes can't be dangerous can it? Well, not unless he steals her heart anyway.

I really enjoyed the first book in this series so I couldn't wait to get my hands on **Under the Covers** and get to know Quinn better. I loved Jake and I wasn't sure if **Rebecca Zanetti** could top him but she proved me wrong and Quinn is now my favourite Lodge brother! Everything I loved about Jake was taken to the next level in Quinn, he was even more dominant and loved to take control, especially in the bedroom (or on a table, or against the car, or . . . well you get the picture!). Quinn is the kind of guy who puts everyone else before himself, he looks out for the entire town and always has time to help someone in need even if it is with something that isn't officially part of his job description. He is also a hero who is suffering with PTSD from his time in the Special Forces, something that causes him to suffer horrific nightmares and makes him worry that he could end up hurting Juliet by accident.

Juliet is a really sweet woman but she is obviously keeping a major secret. It takes some time before this secret is revealed to the reader and even longer before Quinn discovers the truth. I did want her to open up to Quinn a little earlier than she did but considering that she hadn't known him for long I could understand why she was scared to let him in. They have fantastic chemistry together, the kind that makes them want to rip each others clothes off so they can get down and dirty immediately no matter what their location is, so expect super hot sex and plenty of it. I would have liked a little more time spent developing their emotional connection and getting to know each other but they were so hot together it didn't really matter too much.

One of the things I love about this series is the side characters, along with Quinn's entire extended family (who I love and can't wait to see more of!) you have a lot of colourful side characters in the town who add an extra layer to the story. I loved the way the whole town rallied to push Quinn and Juliet together, so many people could see they were perfect for each other and wanted them to be happy. It was great to catch up with Jake and Sophie, five year old Leila remains a star of the story and we also get to spend more time with the other Lodge siblings Colton and Dawn along with family friend Hawk. I have a feeling that Colton's book will be next and while I'm definitely looking forward to his story I'm desperate to get to Hawk's book - I'm pretty sure he will end up being my favourite hero of the series. He's quite a mystery at the moment but there is definitely something appealing about him and I can see why Dawn is so obsessed. While you don't have to read this series in order because each book is about a different couple I would suggest picking up **Against the Wall** first because there is so much character development across the two books. Both stories are excellent, sexy romances and ones that I'm sure I'll read again at some point in the future so I can happily recommend them. **Rebecca Zanetti** has joined my list of must read authors and I can't wait for the rest of this series to release.
