**Wicked Bad** R.G. Alexander

It's a bumpy ride to dirtily ever after . . .

*Wicked , Book 2*

Harrison Jennera Abbot was born with a silver broomstick in her hand. Heiress to a Magian dynasty. Good witch extraordinaire. She's sick of it. She longs to be human, normal like her friend Callie. Or, uh, as normal as Callie ever gets.

She thought running away would be an adventure, but three months playing human has given her a new point of view. Just as she's ready to return home, though, the real adventure begins. In short order, she's attacked, saved, kidnapped . . . and seduced.

Jacob and Ric are convinced that Harrison is the destined third of their triad-if they can convince her they won't use her as a sexual chew toy, or a social stepping stone. Before they can make her beg for the match, though, she needs to know the truth about who tried to kill her. And why her brother keeps sending her cryptic psychic messages.

Hard as it might be on their Magian male pride, they might have to let her go . . . trusting that in the end, she'll choose them.

Warning: Contains an accidental orgasm, crimes of passion, sentient ropes, and powerful witches being magically delicious. Oh, and a charmed shower that only lives to please you.

## Joyfully Reviewed says

Harrison Abbot is known as the Abbot Princess to the magical world. It is expected that once she finds the two men that will make up her triad she will be the most powerful witch. Only Harrison is not eager to find her men, but fate has other plans for her. She stumbles on two virile men in flagrante delicto and she just can't look away. There is only one conclusion: she's found her men. She, of course, takes appropriate action by running as far and as fast as she can into the human world.

Jacob and Ric are longtime lovers. They are supposed to be looking for the infamous Abbot Princess but she is the last thing they want—until they lay eyes on her that is. Their Princess is on the run hiding from their destiny but they will find her and show her all the wicked pleasures she desires.

Magic has no bounds in this wickedly erotic romance. Wicked Bad is blistering hot and quite funny to boot. Harrison comes off a bit selfish in the beginning but her time in the human world quickly shows her how great her life is. Her resistance of Jacob and Ric is futile but entertaining. There is a shower scene that is very imaginative. Wicked Bad is a delicious romp!

## Josephine (biblioseph) says

So, there's this beautiful rich witch whose doesn't get along well with her peers and has been so far unable to join a triad, because no one likes her:

She sneaks out of the 'match em up ball' and stumbles on some manly love happening in the stairwell.

So, they simultaneously fall in love with each other as they hate each other vehemently.

Whereupon there's awkward family drama and hate:

And we are left really, really confused.

### **I.Am.Reader says**

Short read but it packs a lot of HEAT! (yes, shouty capitals) lol!

---

### **Melissa Schroeder says**

Loved it! I wish there had been some of the guys' POV, but it was so well written and hot.

---

### **Amber says**

All I'm gonna say is could someone please tell me where I can get a shower like that. Great story I wish it was longer!

---

### **Lainey says**

3.5 stars

OK I was actually surprised that i enjoyed this little ditty. I absolutely loved the main character. She was feisty, misunderstood and fought to claim her own future.

This story really needed to be a full length novel. The relationship that Harrison(female) had with Ric and Jacob was not fully formed. I really enjoyed reading about her denial of their triad and was looking forward to the seduction and falling in love portion of the story. But really...there was none.

I actually really disliked the two men at the beginning of the story. I felt indignant on behalf of Harrison and wholeheartedly agreed and supported her decision to run away from them. I mean who would want to be mated to two people who clearly made snap judgments about their third without even meeting her first? Not cool, boys.

But again, because the story was so short and she pretty much fell in love with them during an altercation with Jacob's family after they KIDNAP her, I was never truly released from my dislike of the men. The dialogue and scenes between the three had SO much potential and really should be expanded upon.

I enjoyed it, but the romance suffered from its lack of length.

**Calien Laure says****Good follow up book**

Little bit of mystery, tied back to the first book but you don't have to have read it first. Shorter background in that it seemed to head straight for sex, so sex with story rather than story with sex.

---

**~Mel :)~ says**

WOW! Loved it! Both books One and two finished in one day. Granted they aren't very long. But they are SO SEXY!

---

**Jessie Potts says**

Hot, and different then the first, this was a m/m/f and at first I was super ticked the guys kidnapped Harrison, but was pleased when she didn't fully succumb. Turn about and all that.

---

**MT931 says**

This book is so much better then the first one. I'm beginning to like this series.

---

**Exina says**

*They were her Triune. Shit.*

I liked it much more than the first book of the series.

**Harrison's** character is nicely portrayed: her kindness, her weariness from family pressure and the expectations of the magical community, her fears and insecurities in her magic, and her strength to stand up for herself.

**Jacob and Ric** already function as a duet before they met Harrison. They strongly disagree with Jacob's mother's ambitious plan, namely to bond with that "snooty fucking royal bitch", Harrison. Lots of prejudices from Jacob and Ric towards Harrison, and vice versa.

*She had no desire to be at Triune. No desire to become a trophy wife to two Magian peacocks.  
Two men who loved each other, and wanted no part of her but her name and her magic.*

As in *Wicked Sexy*, I enjoyed the **magic** in this story too. It is really exceptional: wide variation of innate magical abilities, learned spells, and charmed objects such as dresses, or jewelry, a self-cleaning room, enchanted makeup, and a shower massage that gets a new meaning with personalized pampering avatars formed of steam and water.

But – maybe because of the shortness of the story – **the romance** is not developed. I felt it forced by lust again, similarly to book one, *Wicked Sexy*. Jacob's family mystery was also very short cut.

The **erotica** is really delicious, and in this regard *Wicked Bad* is pretty impressive.

*Harrison was in shock. No wonder. No wonder true triad matches spoke with such reverence about their joinings. She hadn't even truly consummated hers and already she knew she was forever altered.  
Changed.  
It was terrifying.*

### **Charlie says**

This series grabs you from the get go, each one is a quick read but its just because you can't put them down.

---

### **Elizabeth Cintron says**

#### **Wicked bad**

I enjoyed the story but it left me wanting for more. Definitely will read the next installment in this series.

---

### **L.M. says**

Truly enjoyed this second installment to the series! A great read with so much going on, each chapter taking you beyond. Triads with magic, creates sparks. It brings the third story into light. Can't wait to read the next book.
